To Whom It May Concern:

Thank you for contacting our office. You have reached the Crime Victim Assistance Division (CVAD) of the Iowa Attorney General's Office. The mission of CVAD and its Board is to advocate for the rights and the needs of crime victims and ensure that all crime victim survivors will be treated with respect and dignity. CVAD provides services and assistance to victims of violent crimes, and we administer programs that directly benefit victims of crime, including those that assist victims with the financial burden resulting from injuries of crime, that assist local crime victim service programs, and that assist the criminal justice system in holding offenders responsible for the effects of their crimes.

CVAD staff are not attorney's and cannot provide legal advice. If you have safety concerns or questions regarding the status of an investigation, I would encourage and recommend you reach out to your local law enforcement to address those matters with them. You may also want to follow up with your local County Attorney regarding questions you may have about charges/filings or general case concerns for a criminal case. If you have questions regarding other legal matters, it is the recommendation you consult with a private Attorney regarding those legal matters.

The requirements to file for Crime Victim Compensation are as follows:

1. Resident of Iowa at the time of the Crime and/or
2. Crime occurred in Iowa

Subject: Ongoing Interstate Criminal Conduct affecting interstate and foreign commerce

Misapplication of fiduciary property held in trust for elder and disabled beneficiaries that includes securities as well as farm land in Sioux County.

I have a unanimous opinion from the 5th Circuit Court of Appeals and a preliminary injunction commanding affirmative action that has been ignored.

A group of attorneys in Harris County Texas have been engaged in sham litigation in Harris County Probate Court where there is no probate pending, nothing for tort claims to be filed ancillary to and a statutory court that refuses to dismiss for want of jurisdiction. The judgments and orders of that court are void ab initio for want of jurisdiction and can be challenged either directly or collaterally any time a right is claimed under them. I have no reason to think I can find legitimate judicial relief in Harris County due to the political environment, even though I have registered the injunction as a foreign judgment. I have attached 2 word docs with hyperlinks to the exhibits.

Those are hosted on a win11 desktop using IIS and although I do not have an SSL certificate I can assure the files are clean. I can put them all on a usb disk and mail them but I think reading the documents and assuming the claims are true without examining the exhibits will demonstrate that I am witness to a color of law criminal enterprise affecting interstate and foreign commerce.

I have attached the unanimous opinion, Defendants false affidavit, victim affidavits and the preliminary injunction.

There is also a successor beneficiary designation naming CENTRAL COLLEGE OF IOWA as a successor beneficiary and if Defendants argument that suing the trustee to compel specific performance triggers forfeiture (with corruption of blood), can be held valid in a court of competent jurisdiction, the successor in interest would be CENTRAL COLLEGE OF IOWA. This would mean the IOWA Attorney General is a real party in interest.

We have wiretap recording, forgery, conversion, misapplication of fiduciary, elder abuse, ADA violations and more and its all in the record.... The more you look the worse it gets. This has to be the worst/best documented case of racketeering anyone has ever seen!

Candace Curtis Attorney in Houston is Candace Schwager, an honest attorney and a true champion for justice! I am not an attorney but I wrote all of my domestic partners briefs except for one that was written by Candice Schwager.
