* Your approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

A Year-end Checklist Anyone Can Use

Checklists at home or at work can be very handy. We think you'll like the one below because it outlines some steps you can take now to help you stay on track with your financial goals.

Consider taking the following steps before the end of the year to better prepare yourself for 2011:

- Contribute to your IRA at Edward Jones for 2010 now and sign up for automatic monthly contributions for 2011.(1)
- Consult a tax professional and consider selling investments before 2011 to offset capital gains/losses.(2)
- Explore increasing contributions to your employer-sponsored retirement plan.
- Consolidate your various retirement accounts to Edward Jones for one easy-to-manage account that's in sync with your goals.
- Contribute to a 529 college savings plan for a loved one before the end of the year (\$13,000 annual gifting limit per recipient).
- Consider the opportunity to convert to a Roth IRA before the end of the year.
- Review your insurance coverage to ensure you have the right amount and type for your situation.
- Work with your financial advisor and tax and legal professionals to consider ways to help reduce estate taxes, which are scheduled to return to a \$1 million exemption amount and a top rate of 55% in 2011.(2)

As you review your information, also consider discussing the beneficiary designations on your retirement and qualified plan accounts. Ensuring your beneficiary information is complete and accurate will help ensure your assets are distributed based on your wishes and estate plan.

Call your financial advisor today to schedule time to discuss how the items on this checklist could be helpful for you and your financial goals.

1 Systematic investing does not guarantee a profit or protect against loss.

2 Edward Jones does not provide tax or legal advice. Consult a qualified tax or legal professional about your situation.

Estimated Yield

The Estimated Yield (EY) in the preceding sections(s) compares the anticipated earnings on your investments in the coming year to the current price of the investments. It is based on past interest and dividend payments made by the securities held in your account. Changes in the price of a security over time or in the amount of the investment held in your account will cause the EY to vary. The EY is only an estimate and cannot be guaranteed by Edward Jones or the issuers of the securities. Your actual yield may be higher or lower than the estimated amounts. Estimates for any securities that have a return of principal or capital gain may be overstated. Income cannot be estimated for any securities that do not have an annual payment amount or frequency available at this time.

Demystifying the Deficit

Many Americans believe the long-term outlook for our federal budget deficit and our national debt is disturbing. We agree this is a big challenge for our country, but there is still time to address it. Our bottom line is this: Don't abandon your investment strategy over concerns about the deficit. Instead, take steps to manage the risks in your portfolio as the deficit debate drags on. For more information about steps you can take, see www.edwardjones.com/deficitmessage, and contact your financial advisor for a review of your situation.

Health Care Reform and Taxes on Your Investments

To help pay for the newly passed health care reform, Congress has proposed a 3.8% Medicare tax on investment income for upper-bracket taxpayers. Effective in 2013, the new tax would apply to interest, dividends, capital gains, rents and royalties. It is in addition to a 0.9% increase in the Medicare payroll tax for upper-income workers. It's estimated that the new investment income tax would affect some 4 million couples and 1 million individual filers in the following ways:*

Taxable bonds — For these investors, income from taxable bonds would be less attractive because it would be taxed at ordinary income rates. For example, if the top income tax rate returns to 39.6% — as President Obama has proposed — investors in the top bracket would pay a total of 43.4% on bond interest, including the proposed 3.8% investment tax.

These investors are likely to favor tax-free municipal bonds and, where possible, Roth IRAs. Experts say municipal bond income appears not to be subject to the tax. Assets held in Roth IRAs have the opportunity to grow tax free, and payouts are tax-free as well, provided certain requirements are met.

Capital gains and dividends — Taxes on capital gains and dividends would also rise significantly with the new investment tax, but from a lower base. Currently, the top rate is 15% on such income, but the Obama administration has proposed raising this rate to 20%. If the new investment levy is enacted, the top rate would rise to nearly 24%.

During the early 1980s, the top capital gains tax rate was 20%. From 1987 through 1997, it was either 28% or 29%. It dropped to 21% the following year, and beginning in 2004, it fell as low as 15%, where it is now.

Income levels — The new investment income tax would affect couples filing jointly with more than \$250,000 of adjusted gross income (AGI) and single filers with more than \$200,000 AGI. It would apply only to income above those thresholds. For example, if a couple earned \$200,000 in wages and \$100,000 in capital gains, \$50,000 would be subject to the new tax.

Because the tax on investment income wouldn't take effect for three years, there's still the possibility for more changes before implementation. For specific questions on how these proposed taxes may affect your portfolio, please talk with your financial advisor or qualified tax professional.

The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. Build an all-weather fixed income portfolio.

With today's low short-term interest rates, many people bought only long-term bonds, which offer higher rates. But if interest rates rise, investors with too many long-term bonds won't be able to take advantage of the higher rates, and the market value of their current bonds will decline. While we can't predict interest rate changes, we do recommend bond laddering: buying a mix of short-, intermediate and long-term bonds, which can provide advantages in all interest-rate environments. Contact your financial advisor for details.

Edward Jones Receives Two Honors

We at Edward Jones are pleased to have received two recent honors, and we wanted to share them with our clients.

First, the Edward Jones client statement ranked No. 2 in the 12th annual "Trends and Best Practices in Investor Communications" report by the Dalbar research agency. The report evaluates how well the statements of 17 leading investment firms meet investors' needs. With an overall score of 87.58 compared with the industry average of 74.41, Edward Jones' statements earned the top designation of "Excellent." This is the firm's sixth consecutive year of placing in the survey's top five.

This ranking is a valuable honor for us, because we devote a great deal of effort toward keeping our clients informed about their investments in a way that is clear and easy to understand. We are delighted with this recognition and are committed to continually seeking the best ways to provide understandable and useful statements.

Second, Edward Jones ranked No. 2 on FORTUNE magazine's "100 Best Companies to Work For" list for 2010. This is our second consecutive No. 2 ranking and our 11th appearance on the annual list. We also ranked No. 1 for large companies. We find this ranking especially gratifying because it is based on surveys of our own associates.

We are honored by these recognitions but view them as side benefits of the work we do to achieve our highest honor: a satisfied client. Thank you for your continued confidence in Edward Jones.

Don't Predict – Prepare

What's next for the economy and financial markets? Rather than trying to predict the future, we believe one of the best ways to survive a crisis is to have a well-thought-out strategy and stick to it. It's also important to have realistic expectations, because market corrections are unpredictable and can happen at any time. For more advice on developing your personal financial strategy, visit www.edwardjones.com and look for the latest "Edward Jones Perspective" video.

Know what to expect next tax season.

January may seem far off, but with some IRS changes on the horizon, it's not too early to be prepared. The IRS changed its deadline for mailing Consolidated 1099 Tax Statements from Jan. 31 to Feb. 15. While we will work to issue 1099s as early as possible, we expect the issuers of some investments to provide final tax data to us later than they have in the past. This means you may not receive your 1099 until February.

The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

When Recessions End

In December 2008, experts determined that a U.S. recession had begun a year earlier. Determining the official end of the recession will probably take just as long. We often say recessions begin and end without warning — but just because we can't predict the recession's end doesn't mean we can't prepare for it.

What if you could predict the beginning or end of a recession and invest accordingly? Let's say you have great luck, and you invested \$10,000 on the exact last day of the last 11 U.S. recessions. A year later your investment would have been worth \$11,662 on average. After five years it would have grown to an average of \$16,852, and after 10 years, \$37,912.*

Compare that to someone who invested \$10,000 on the exact first day of the last 11 recessions. After one year, the investment would have been worth \$10,877 on average. After five years it would have grown to an average of \$14,081, and after 10 years, \$37,791* — just \$121 less than if he or she would have had perfect timing.

Obviously, trying to time the market is not the answer. A better strategy is to view the current economic slowdown as an opportunity. Recessions may have the potential to benefit long-term investors because they can provide an opportunity to add quality investments to their portfolios, if appropriate, when stock prices are down.

Review your strategy with your financial advisor now to see what, if any, changes you may need to make to your portfolio, and you may be better positioned to participate in a recovery regardless of when the recession officially ends.

*10 years later excludes the last recession (2001) because data was not available. Source: Edward Jones. Data source: Ned Davis Research. Recession dates source: National Bureau of Economic Research, 1945 to present. Dates for 11 recessions since 1945 not known until after the fact. Hypothetical \$10,000 investment includes reinvested dividends using average total returns since 1945. The S&P 500 is an unmanaged index and cannot be invested into directly. Taxes and commissions not included and would have a negative impact on investment results. Past performance is not an indication of future results.

Let freedom ring.

The Tax Foundation defines Tax Freedom Day as the day on which the average taxpayer has earned enough to pay his or her taxes for the current year, and this year it occurred on April 13. Contact your financial advisor to discuss investment strategies that might help you celebrate your Tax Freedom Day earlier. (Edward Jones does not provide tax advice. Get back on track: Develop your financial recovery plan.

Today's market and economic environment may be one of the most challenging you will ever face. However, you can take control of your financial situation, and the sooner you act, the better. Talk with your financial advisor about the following steps you can take to help your financial future stay on track.

Assess your current situation and goals.

Gather all of your financial paperwork related to your savings, investments, spending, insurance, will and trusts. It's important to have a complete understanding of what you've saved and what you owe before you make any financial decisions.

Review whether changes in the market or your life have changed your financial goals. Also review your comfort level with risk. Before the market declined, people may have thought they were more comfortable with risk than they actually were. It's important to evaluate your risk tolerance and make sure your investments align with it.

Determine if you're still on track.

After reviewing your current situation, goals and risk tolerance, your financial advisor can help evaluate whether you're still in a position to reach those goals within your desired time frame. This may include reviewing your savings and spending, how you own your investments, your portfolio objective, the number of stocks you own, your fixed-income portfolio, your tax situation,* your life insurance and your estate.

Make necessary changes.

After you evaluate your financial goals and investment strategy, you should be in a position to make decisions. For example, you may decide to rebalance your portfolio, increase savings or reduce discretionary spending.

Take action today.

If you decide to make changes, commit to following through. With market values down and the potential to recognize capital losses, now may be the best opportunity in years to improve the quality and diversification of your portfolio. Your financial advisor can help you determine a course of action to help you get back on track. Call or visit today.

*Consult a tax professional before making a tax-based investment decision.

Review. Renew. Retire.

With the market fluctuations that we've been through over the past year, it's understandable that you may be hesitant or even anxious about your retirement strategy. It may be tempting to put too much money in short-term investments, such as CDs, or wait until the market seems more predictable. But this could make it more difficult to meet your retirement goals.

Fortunately, many opportunities are available to help renew your retirement savings efforts and stay focused on achieving your goals. Your Edward Jones financial advisor can help you get started by reviewing your current retirement strategy along with the following opportunities:

- Opening or fully contributing to a traditional or Roth IRA by April 15 to help maximize retirement savings and tax advantages
- Consolidating retirement accounts to get a clearer picture of your progress
- Converting all or part of a tax-deferred IRA to a Roth IRA, enabling you to receive tax-free income* in retirement

Could any of these strategies be appropriate for you? Visit www.edwardjones.com/renew for more details, and call your financial advisor to schedule a personal review of your situation.

*Earnings distributions from a Roth IRA may be subject to taxes and a 10% penalty if the account is less than five years old and the owner is under age 59-1/2. Edward Jones does not provide tax advice. You should consult with a tax specialist regarding your situation.

A change in IRA regulations could be beneficial for you.

Unlike a traditional IRA, a Roth IRA offers the potential for tax-free income in retirement. Currently, individuals within certain income limits can convert traditional IRA assets to Roth IRAs, and beginning in 2010, the income limit will be eliminated. Could a Roth IRA conversion be appropriate for you? Now is the time to schedule an appointment with your financial advisor to help answer that question. (Edward Jones does not provide tax advice. You should consult with a tax specialist regarding your situation.)

Understanding the Role of Risk in Investing

While few people enjoy taking risks, it's a normal part of investing. In fact, some risk is beneficial and can serve a valuable purpose. If investors didn't accept some risk, they wouldn't have the potential to earn higher returns. However, it's important to ensure you're not taking on unnecessary risk. The goal is to balance your tolerance for risk with the amount of risk necessary to achieve your long-term goals.

What is risk?

At its most basic level, risk refers to uncertainty. In investing, most people associate risk with volatility (an investment's potential for price fluctuation). Generally, the higher the potential for gain, the higher the potential for loss as well. In addition to volatility, other types of investment risk include interest rate risk, credit risk, economic risk and currency risk.

However, the biggest risk you may face could be not reaching your financial goals. Not taking any risk — for example, by keeping your entire portfolio in cash — may avoid volatility, but it also won't help provide growth potential or inflation protection. Developing a strategy to help achieve your goals requires determining what level of risk is appropriate.

Determining an appropriate risk level covers three main areas:

- Risk tolerance — Your willingness or comfort level with risk.
- Risk capacity — Your ability to absorb potential losses. This depends on such factors as the amount of time you have to achieve your goals, your income needs and your discretionary income.
- Required risk — The level of risk necessary to achieve your investment goals. The higher the return needed to reach your goals, the higher the level of risk that is required.

Emotions also come into play. Typically, what prevents many investors from reaching their goals is not market volatility, but the investors' reaction to volatility. Understanding your comfort level can help make you a better investor and perhaps avoid some of the pitfalls.

Your financial advisor can help you build a portfolio that balances your risk tolerance and capacity with your investment goals and the risk necessary to achieve them. If you haven't reviewed these factors lately, call or visit your financial advisor for a personal review of your situation.

Do you have CDs or bonds coming due?

If you have investments maturing, now may be a good time to review your portfolio's diversification. * While short-term investments offering current income are a valuable part of an investment strategy, having too much in them exposes you to the risk that you may not reach your financial goals. Before reinvesting proceeds from maturing investments, be sure to review your overall situation with your financial advisor. *Diversification does not guarantee a profit or prevent a loss.

_____ and am repositioning (estimate) \$ _____ into Edward Jones Advisory Solutions or the Managed Account Program at Edward Jones. I bought the original investment(s) from _____ on or around _____ (date/range).

I am entering the Advisory Solutions/Managed Account Program to (list reason):

Taxes: I am aware there may be significant tax issues to consider when liquidating/selling investments, especially low cost basis investments. We recommend discussing tax issues with your CPA/tax advisor before selling low cost basis investments.

Commissions/Fees: I am aware that I paid a commission when I bought the original investment(s) and that I am paying ongoing fees for participating in the Advisory Solutions/Managed Account Program going forward.

Deferred Sales Charge Investments: If an investment being liquidated is subject to a surrender charge, I acknowledge that I am aware this deferred sales charge would be reduced to zero had I waited the specified number of years as my advisor has discussed with me.

Past Results: I understand that past results do not guarantee future results. There is no guarantee that the Advisory Solutions/Managed Account Program will achieve better performance than my old investment(s), though it may have performed better in the past.

I was provided the above form by Edward Jones or its financial advisor and have entered the information added to the form or confirmed the information is accurate and complete to the best of my understanding. This form is an accurate statement of my reinvestment.

SURRENDER OF SAFE DEPOSIT BOX

DATE

I certify that all property placed in the above numbered safe deposit box covered by this contract has been lawfully withdrawn therefrom; all liability of said Bank therefor is released and discharged, contract is terminated, and this box is relinquished.

LESSEE _____

CONTRACT FOR
LEASE OF SAFE DEPOSIT BOX TO INDIVIDUAL CO-LESSEES OF BANK OF AMERICA TEXAS CORPORATION, PARTNERSHIP OR UNINCORPORATED ASSOCIATION

In consideration of the rental as provided for herein, the Lessee or Lessees named on the reverse side of this card (each a "Lessee") have this date leased from Bank of America Texas, N.A. (the "Bank") the numbered safe deposit box ("Box") indicated on the reverse of this card for a period of one year, subject to the following terms and conditions.

(1) The relationship of the Bank and Lessee shall be that of landlord and tenant, and the rights and liabilities of the parties set forth herein shall be governed accordingly. Lessee shall be deemed in law for all purposes to be in possession of the Box and the contents thereof during the existence of this lease. In the event the Box is rented jointly by or for two or more persons, if it is distinctly understood and agreed that the term Lessee, as used herein, shall mean each of said persons separately, and except as otherwise provided by the terms hereof, each such person shall be treated as Lessee to the same extent as though each alone had been named as Lessee. Each such Lessee shall have equal access rights to the Box (only two keys per box - 3 or more lessees). The Bank shall have no responsibility for any items removed from a jointly leased Box by any Lessee, regardless of who owns such items, or for any damage to any Lessee's property occurring as a result of access to the Box by another Lessee.

The Bank shall have no duty to determine whether any Lessee has died. The surviving co-Lessee shall immediately notify the Bank if any co-Lessee dies. In the absence of such notice, each time the Box is opened by a co-Lessee, such co-Lessee warrants and represents to the Bank that the other co-Lessees are alive. The death of one co-Lessee or a dispute or disagreement between co-Lessees shall not terminate the Bank's authority to allow one co-Lessee to withdraw the contents of the Box unilaterally, provided that in such event the Bank may at its option, but shall not be obligated, to require that the contents of the Box be released jointly to the heirs or personal representatives of the deceased co-Lessee and the surviving Lessees in the case of a death or jointly to the co-Lessees in the case of a dispute or disagreement. The Bank shall not be obligated to require such joint release, nor shall the Bank be liable for failure to require same.

(2) Access to the Box by Lessee shall only be allowed when the vaults of the Bank are open. The Bank shall fix the hours of opening and closing the vaults. Vaults of the Bank may be wholly closed on Saturday, Sunday, on any national, state or city holiday, and on any other day when, on account of floods, unusual crowds, emergency, or for any other reason, the Bank shall deem such closing prudent and proper. Further, the Bank shall not be liable for any delay caused by failure of vault doors or locks to operate. No person other than Lessee, a duly authorized deputy, or persons authorized under Texas law, including but not limited to Sections 36B, 36C, 36D and 36E of the Texas Probate Code, or by legal process against Lessee shall have access to the Box or its contents.

(3) Lessee hereby acknowledges receipt of two (2) keys to the Box. Lessee may not duplicate the keys. The Bank shall retain no keys and may at all times remain ignorant of its contents. Subject to the terms hereof, the Box is considered rented until both keys thereto are returned to the Bank. Attention by Lessee to such keys beyond the annual expiration date will be considered as renewal of this lease of the Box for another year. The cost of replacing the key and/or lock on the box shall be paid by the Lessee upon such replacement. The Bank reserves the right to require Lessee to give the Bank written notice of intent to surrender the Box.

(4) Annual rental on the Box shall be at a rate set by the Bank from time to time, but a change in such rate shall be effective only for subsequent annual renewals which begin at least thirty (30) days after notice of such change in rates has been mailed to Lessee.

(5) All rentals are payable annually in advance. In the event the Lessee shall not pay such annual rental promptly when due at expiration date, the Lessee will remain a tenant at sufferance and Lessee shall not be permitted access to the Box. If the Box rental is delinquent for six (6) months the Bank after at least sixty (60) days' notice by certified return receipt mail addressed to Lessee at his address shown on the books of the Bank may, if delinquent rent is not paid within the time specified in said notice, open the Box in the presence of a notary public and two (2) employees at least one of which is an officer or manager of the Bank. The Bank will inventory the contents of the Box in detail pursuant to State Treasury Reporting Instructions and place the contents of the Box in a sealed envelope or container bearing the name of the Lessee. The Bank shall then hold the contents of the Box subject to a lien for its rental, the cost of opening the Box and the damages in connection therewith. If such rental and cost and damages are not paid within two (2) years from the date of opening the Box, the Bank may sell any part or all of the contents at public auction in like manner and upon like notice as is prescribed for the sale of real property under deed of trust pursuant to Section 51.002 of the Texas Property Code. Any unauctioned contents of the Box and for any excess proceeds from such sale shall be remitted to the state treasury pursuant to Chapters 72 through 75 of the Texas Property Code. The Bank reserves the right to cancel any lease after ten (10) days' notice by mail to the address of the Lessee as reflected by the Bank records and return any unearned rental for the unexpired term of the lease. If the Box is presumed inactive in accordance with the provisions of the Chapter 73 of the Texas Property Code, the contents of the Box shall be delivered to the State Treasurer in accordance with the earliest provisions set forth in Chapter 74 of the Texas Property Code.

(6) The Box shall not be used for deposit of any, any intoxicating liquors, narcotics, illegal substance, firearms, property of an explosive or destructive nature or any perishable or offensive materials.

(7) Contents of the Box must not be examined in public areas, but in rooms or booths provided by the Bank for that purpose. Lessee must remove and replace the Box. Should an employee of the Bank handle the Box as an accommodation to the Lessee, the Bank assumes no liability whatsoever for such action.

(8) Lessee may appoint a deputy who, in Lessee's stead, shall have full right of access to the Box and its contents. In the case of co-Lessees all Lessees must join the appointment of a deputy. No more than one deputy may be appointed at one time. The authority of a deputy may be revoked at any time by Lessee, or in the case of co-Lessees, by one of them. An appointment of a deputy or the revocation of a deputy's authority must be made to the Bank only on a form provided by the Bank for such purpose and must meet any other reasonable conditions required by the Bank. The Bank shall not be required to accept an appointment or revocation of a deputy unless such requirements are met. The appointment of a deputy shall terminate upon the Bank's receipt of notice of the death of a co-Lessee.

(9) If by any act, writ, decree or process against any person having access to the Box, the Bank is forbidden to allow the Box to be opened by such person, the Bank may close the Box to all persons until such act, writ, decree or process be annulled. Should the Bank be served with any writ, decree, or process which requires the Bank to allow persons other than Lessee or his duly authorized deputy access to the Box, the Bank shall incur no liability therefor and shall not be required to notify Lessee or any person of such access. Such legal process shall include, but not be limited to, garnishment, attachment, execution, search warrants, and Internal Revenue Service inquiries, levies or warrants. The Bank need not inquire into the validity or sufficiency of such process and shall have no duty to notify Lessee of the service of any such process. Lessee shall jointly and severally in the case of co-Lessees indemnify the Bank for any liability the Bank incurs to any party in connection with its response to any such process and shall reimburse the Bank for expenses and damages (including attorneys fees) arising from the forced entry into the Box pursuant to such legal process. If there are co-Lessees and service of process is made on only one Lessee, the Bank may grant access as required by the process regardless of the fact that property of the other Lessee is in the Box.

(10) In the event of the death of any Lessee or duly authorized deputy, each surviving Lessee or duly authorized deputy shall immediately notify the Bank. Subject to the provisions of Section 1 hereof, such surviving co-Lessee shall continue to have access to the Box in accordance with the laws of the city and county, the State of Texas, and the United States. Any duly authorized deputy must be reappointed by all remaining Lessees.

(11) This contract is not assignable or transferable and any attempted assignment or transfer shall immediately terminate this contract.

(12) Neither the Bank nor any officer or employee of the Bank in his private or official capacity shall be authorized to act as deputy or agent for Lessee or as co-Lessee in any manner in connection with the Box.

(13) The Bank reserves the right to make such other rules and conditions or change to provisions as herein stated as may from time to time be necessary for safety, care or preservation of good order, by mailing a copy of such rules, conditions or changes to the Lessee showing the effective date of such change. Should any state or federal statute or regulations be adopted or amended which directly affect the terms of this Lease, this contract shall be deemed to have been modified to conform to such statute or regulations.

THE BANK SHALL HAVE NO CONTROL OR POSSESSION OF THE BOX OR ITS CONTENTS AND SHALL BE LIABLE ONLY FOR ITS FAILURE TO EXERCISE ORDINARY DILIGENCE IN PREVENTING THE OPENING OF THE BOX BY AN UNAUTHORIZED PERSON. IF THE BANK SHOULD FAIL TO EXERCISE SUCH DILIGENCE AND SUCH FAILURE IS THE PROXIMATE CAUSE OF LOSS OF CONTENTS, THE BANK'S MONETARY LIABILITY SHALL NOT EXCEED \$1,000.00. IF LESSEE DESIRES INSURANCE AGAINST LOSS IN ANY GREATER AMOUNT, A SEPARATE CONTRACT OF INSURANCE MUST BE NEGOTIATED. THE OPENING OF THE BOX BY ANY UNAUTHORIZED PERSONS SHALL NOT BE INFERRED SOLELY FROM THE LOSS OF OR DAMAGE TO ANY OF ITS CONTENTS.

If the last day of September or March falls on a Saturday or Sunday, payments will be accepted on the first day of the following month without interest. Delinquent taxes accrue 1.5% per month interest, rounded to the nearest whole dollar, with a \$1.00 minimum per parcel. Overpayments of \$5.00 or less will not be refunded. You will not receive a receipt unless you provide a stamped, self-addressed envelope. Your check is your receipt.
2. **CHECK YOUR STATEMENTS:** Failure to receive a tax statement will not relieve the taxpayer of interest accruing if taxes are not paid before the interest date. Be sure to pay taxes on all your property. The treasurer is not responsible for any taxes missed or omitted. Overpayments may not be refunded depending on your county treasurer's refund policy. Contact the treasurer's office to determine the refund policy.
3. **TAX SALES:** All delinquent taxes are published within three weeks of the Tax Sale, which is usually held on the 3rd Monday in June. Costs are added to your tax bill on May 1, per Iowa Code Chapter 446. Any unpaid tax is subject to Tax Sale. The interest rate until redemption will be 2% per month, rounded to the nearest dollar. After sale for taxes, if property is not redeemed within the time frame provided in Chapter 447, the right to redeem expires, and a deed may be issued.
4. **ELDERLY OR DISABLED CREDITS:** There is a program to provide help with your taxes, within certain low-income guidelines. (Currently, if below \$20,427.00.) CONTACT THE TREASURER for claim forms and details. For this program, Social Security and Medicare must be included as income.
5. **PARTIAL PAYMENTS:** The County Treasurer MAY accept partial payments. Contact the Treasurer for more information, and authorization to make a partial payment. Partial Payments are NOT allowed on Special Assessments, Drainage, or Tax Sale Redemptions.
6. **RETURNED CHECKS:** If your check is returned to the treasurer, your receipt shall be void. YOU WILL BE CHARGED A FEE. If your Check is returned after the tax deadlines, INTEREST WILL ALSO BE CHARGED.
7. **HOMESTEAD, MILITARY, and FAMILY FARM CREDITS:** These credits must be applied for at the COUNTY ASSESSOR'S office. Please contact the Assessor for information.
8. **WHERE DO YOUR TAXES GO?** The county treasurer collects taxes on behalf of all tax authorities and distributes the amounts accordingly. The distribution of your tax dollars is itemized on the front of this statement for your information. You may protest your VALUATION which is set by the ASSESSOR.
9. **CHANGE OF ADDRESS:** PLEASE make sure you notify us when you move, so that we may send notices to the correct address.

OUR TWOFOLD GAIN

PREACHED AT: Funeral service for Mr. Elmer H. Brunsting
DATE: April 3, 2009, Memorial Oaks Funeral Home, Houston
SCRIPTURE: Psalm 23, Philippians 1:21-27

THESIS: The Apostle Paul, viewing death with great ambivalence, saw the gain of both life AND death.

PURPOSE: To encourage congregation through faith to do the same at this hour of Elmer's death.

My name is Bob Johnson and for the past 16 years, I've had the honor of being one of Nelva's and Elmer's pastors at Chapelwood United Methodist Church where they are members. On behalf of Nelva, Candy, Carole, Carl, Amy, and Anita, ^{and children} I thank all of you for coming today to honor Elmer and to support them in their time of loss. Although it is death that brings us together today, the real purpose in our coming is to celebrate life - specifically, the life of Dr. Elmer H. Brunsting.

Though we come together in grief today, acknowledging our human loss, there is something else here as well. It is real. Can you sense it? It is the comforting presence of God. The Apostle Paul, author of the passage I read a moment ago, was SO certain of that presence, that he was able to write some amazing words.

Writing from a prison cell, awaiting an unknown future that included the very real possibility of his death, Paul expressed words consistent with how a person of faith faces death. "For me to live is Christ," Paul wrote, "to die is gain." (repeat) What enables a person to face death honestly and without fear as Paul did, and as Elmer did? Want to know my theory? *It is the Christian's twofold view of gain.* People with faith in Christ know they cannot lose. There is gain in living... and there is gain in dying. Either way, people of faith know, they win.

First there is the gain in living. Elmer knew this kind of gain, the joy of living life to the fullest. Elmer got to experience life for 87 full years. And if there is anything that can be truly said of Elmer today, it is that he was a real character, one none of us can ever forget.

Elmer was born in rural Hull, Iowa on September 9, 1921, the only child of Luke and Gertie Brunsting. Growing up in the Dutch Reformed tradition, he had a rather strict upbringing. Nelva grew up in a nearby town and they attended rival high schools. But life would soon bring them together. After high school, Elmer enrolled in Central College in Pella, Iowa. When he was

a senior, one late summer day, he was traveling back to school on the train. Also on the train was a cute incoming freshman named Nelva Rensink. She noticed the handsome young senior, but during that entire train ride, Elmer ignored her. Or at least he pretended to. It wasn't too long after that fateful ride that he called upon her with an invitation to go out together. They did – and by Thanksgiving she was wearing his ring!

After graduation from Central College in January 1944, with majors in chemistry and mathematics, Elmer joined the U.S. Navy. During the latter days of World War II, he served in the Pacific as a deck officer for 2 1/2 years and was discharged as a Lieutenant Junior Grade. He came home in May of 1946 and wasted no time. On May 24 of that year, he and Nelva were married. Back in May of 2006, my wife Susan and I had the privilege of joining Nelva and Elmer in a celebration of their 60th wedding anniversary. In May of this year, they would have been married 63 years.

Elmer always valued education. Later in his children, and in himself. So he enrolled in graduate school in Ames, Iowa, graduating in 1950 with a doctorate in chemical engineering. Chemical engineering was one thing Elmer

and I had in common. I have a bachelor's degree in Chem E. We both belonged to the American Institute of Chemical Engineers. Elmer also was a member of the American Chemical Society, he was a licensed engineer in Texas and Iowa, and a long time member of Toastmasters.

Elmer first applied his chem e knowledge by joining Vulcan Copper and Supply in Cincinnati, Ohio. It was there that Candy joined the soon to be growing Brunsting family. Then they moved to Niagara Falls, where Elmer worked for Olin Matheson. That job was a highly secretive government job, and to this day, Nelva has no idea what he worked on.

But Elmer didn't much take to the cold climate of the northeast. He and Nelva wanted to get closer to home, so he took a job with John Deere at a new fertilizer plant in Pryor, Oklahoma. Those were the best years of their lives, according to Nelva. It was there that Carole, Carl, Amy, and last but not least, Anita joined the family. After 11 years, the plant was closed, and the Brunstings moved to Kansas City where Elmer went to work for the chemical division of Gulf Oil. After 18 months there, they came to Houston. That was in 1967 and they have been here ever since.

Not long after moving to Houston, Nelva and Elmer joined Chapelwood United Methodist Church. Long known for its quality youth program, they joined for the kids' sake. But it wasn't long before Elmer – and later Nelva – found their way into our Chancel Choir. To this day, I can still picture Elmer sitting on the back row, his full head of white hair, singing away during the morning anthem. In a few moments, we're going to get to have a wonderful treat. We're going to hear Elmer himself singing "Amazing Grace," one of his favorite, if not his very favorite, Christian hymn. Our Chancel Choir traveled to Europe a few years ago, and while there, Elmer was coaxed into singing this piece – which was recorded – and we get to enjoy it today.

After his retirement, Elmer didn't sit around and collect dust. He and Nelva enjoyed traveling all over the world, especially back to The Netherlands, where they visited family.

We could go on and on describing Elmer's accomplishments and the way he lived life. He was a jack of all trades, a man who could fix anything. Elmer was honest as the day is long. And you never had to wonder what he was thinking, because he told you. Straight up. Elmer was a family man. And

while not one to whom outward affection came easily – Nelva told me he didn't learn to hug until he moved to Texas – Elmer was a man to whom his children – and later his 7 grandchildren – meant all the world. He was a man who prided himself on caring for his family.

Yes, Elmer Brunsting knew the gain in living.

~~But I said earlier that there were two kinds of gain for the Christian.~~ The greatest gain this side of eternity belongs to the one who has discovered life's greatest lesson - the love of God. Elmer knew this love. He even passed on his love of God by reading the Bible at supper every night with his family when his children were young. He was a man of God, a Christian.

After Elmer's retirement, besides traveling the world with Nelva, he also went to work in his church. I first met Elmer when I was given charge of our local mission work where he was a volunteer. I soon learned that despite his gruff exterior, underneath, Elmer Brunsting was a man with a tender servant's heart.

He served as a volunteer with Memorial Area Ministries, or MAM as we call it. He worked many hours in the resale department and he oversaw the remodeling of a new building for MAM. He volunteered in the AARP Income Tax Assistance Program. He volunteered as a scientist in the AMOCO grade school science program. And in the fall of 1995, Elmer was instrumental in initiating the Habitat for Humanities ministry at Chapelwood. We have since built many houses with Habitat. But Elmer was a key leader in building our very first one.

Nelva and Elmer were long-time, active members of the Wedding Band Sunday School class – some of whose members are here today. I already mentioned his love for singing in the Chancel Choir. If you were lucky, and you came into Elmer's house at just the right time, you could even catch him singing "Leaning, leaning..." while in the shower!

Yes, Elmer Brunsting, along with the Apostle Paul, knew the two-sided gain of living the Christian life of faith. The truth we need to remember today is this: once this gain is found, there is nothing that can take it away. Nothing. Not age. Not disease. Not a broken hip, not even dementia could rob Elmer

of life.

If life offered nothing other than the opportunity to live in this life with Christ, Elmer Brunsting's life would be worthwhile. He knew not only the experience of living life to the fullest, but he also knew the greatest gain of life, knowing and sharing the Savior's love.

But there is another gain that faith offers to Elmer, and to us. There is even gain in death. Here we must admit that our limited human understanding fails us. It is difficult to see death as any kind of gain. It seems like only an end. We saw age and infirmity slowly pry Elmer from our grasp. Yet he *has* gained through death. What gain?

A short time ago, we read the 23rd Psalm. The Psalmist writes:

"The Lord is my shepherd. I shall not want. HE maketh me to lie down in green pastures. HE leadeth me beside still waters. HE restoreth my soul. HE guideth me in paths of righteousness for his name's sake. Yea, though I walk through the Valley of the Shadow of Death, I will fear no evil, for THOU art with me. THY rod and THY staff they comfort me..."

The Psalmist discovered something crucial during his walk through that

dark Valley. The pronouns used to refer to God start off as third person, distant, impersonal. *HE* maketh me lie down..., *HE* leadeth me... These are the words of one who believes in God, but has not experienced Him personally. But after a person of faith enters the Valley of the Shadow of Death one's sense of the presence of God deepens. The psalmist's impersonal "HE's" become first person, very personal "*THOU*." *THOU* art with me. *YOUR* rod and *YOUR* staff comfort me.

I believe Elmer discovered this same insight as he prepared to enter the Valley of the Shadow of Death last Wednesday. Nelva, you, your family and friends, walked with him as far into that Valley as you could. But you could only go so far at this time. Elmer reached a point where you had to let go. He had to go the rest of the way without you. But though he went without you, like the psalmist, he discovered that he did not go alone.

Elmer believed that the greatest gain in life or death is the discovery that we are not alone; that God is with us, that His rod and His staff comfort us; that God is very personal, very real, very present. Paul had said, "For me to live is Christ, to die is gain. Either way, I win." Elmer has now experienced that

truth firsthand.

Elmer has now passed through the Valley of the Shadow into the Valley of Eternal Light. We who are left behind, await our own passage. In the meantime, let us be wise enough to make gain of both sides of that valley, as Elmer did. Let us live in love toward one another. And let us live in faith that the gain here, however great it may be, will be as nothing to the gain in death. The gain here is but for a little while. Elmer's gain is eternal. Praise God. Amen.

Save Your Skin from the Sun

One of the best ways to take care of your skin is to protect it from the sun. Intense ultraviolet rays from the sun damage skin causing wrinkles, liver spots, rough skin and serious illness like skin cancer. To protect yourself, avoid the sun between 10 a.m. and 4 p.m., wear protective clothing like long-sleeved shirts and always use sunscreen. Talk to your doctor for more information.

Tracking Your Deductibles and Maximums

Your Deductibles as of 05/25/10 for Plan Year 01/01/10 - 12/31/10

Deductibles

Annual	Applied		Remaining
NELVA	\$300.00	\$126.58	\$173.42

Deductible: The deductible is the fixed dollar amount that you pay each year toward eligible health care services before your plan benefits are payable. Once the deductible has been met, the co-payment and/or coinsurance period of your plan may begin. Your plan will then pay a certain percentage of your eligible health care services and you will pay a smaller percentage until the out-of-pocket maximum has been met.

Your Out of Pocket Maximums as of 05/25/10 for Plan Year 01/01/10 - 12/31/10

Out-of-Pocket

Annual	Applied		Remaining
NELVA	\$1,500.00	\$0.00 NONE USED	\$1,500.00

Out-of-Pocket Maximum: The out-of-pocket maximum is the dollar amount you pay before your plan benefit starts paying at 100% for eligible health care services.

Reduce the Risk of Dementia with Food

Polyunsaturated fats found in foods like walnuts, salmon and safflower oil are not only good for your heart, but also for your brain. A new study from the Karolinska Institutet in Stockholm, Sweden suggests moderate intake of these fats around age 45 decreases the risk of Alzheimer's Disease around age 65. Dietary fats can have benefits, but be sure to use them only in moderate amounts. Too much of any kind of fat will have adverse effects.

Pick Up Your Pace!

Walking 10,000 steps a day is a good exercise goal, but if your goal is aerobic fitness, you'll need to pick up the pace. A study at the University of Alberta, Edmonton found people on traditional fitness plans who exercised 30 minutes a day, 3 times a week worked at a more intense pace. This increased their peak oxygen intake and lowered their systolic blood pressure by 10 percent compared to just 4 percent for those on the 10,000 step program.

Be a Cry Baby

Ten million Americans suffer from dry eyes caused by low quality or quantity of tears. Tears have three layers, one of which is made up of fats to keep them from evaporating. Doctors at Schepens Eye Research Institute found eating omega-3 rich fish like salmon boosts the fatty fluid layer of tears, relieving your dry eyes. Have a fish dish for dinner or try a fish oil supplement for relief in as little as three weeks. To learn more, call the number on your ID card.

IMPORTANT INFORMATION

You Should Know About Your Medicare Part B Benefits

For more information about services covered by Medicare, please see your Medicare Handbook.

MEDICARE PART B MEDICAL INSURANCE:

Medicare Part B helps pay for doctors' services, diagnostic tests, ambulance services, durable medical equipment and other health care services. **Medicare Part A Hospital Insurance** helps pay for inpatient hospital care, inpatient care in a skilled nursing facility following a hospital stay, home health care and hospice care. You will be sent a separate notice if you received Part A services or any outpatient facility services.

MEDICARE ASSIGNMENT: Medicare Part B claims may be **assigned or unassigned**. Providers who **accept assignment** agree to accept the Medicare approved amount as total payment for covered services. Medicare pays its share of the approved amount directly to the provider. You may be billed for unmet portions of the annual deductible and the coinsurance. You may contact us at the telephone number in the Customer Service Information box on the front of this notice for a list of **participating providers** who always accept assignment. You may save money by choosing a participating provider.

Doctors who submit **unassigned** claims have not agreed to accept Medicare's approved amount as payment in full. Generally, Medicare pays you 80 percent of the approved amount after subtracting any part of the annual deductible you have not met. A doctor who does not accept assignment may charge you up to 115 percent of the Medicare approved amount. This is known as the **Limiting Charge**. Some states have additional payment limits. The **NOTES** section on the front of this notice will tell you if a doctor has exceeded the **Limiting Charge** and the correct amount to pay your doctor under the law.

YOUR RESPONSIBILITY: The amount in the **You May Be Billed** column is your share of cost for the services shown on this notice. You are responsible for:

- **annual deductible:** taken from the first Medicare Part B approved charges each calendar year,
- **coinsurance:** 20 percent of the Medicare approved amount after the deductible has been met for the year,
- the amount billed, up to the **limiting charge**, for unassigned claims and
- charges for services/supplies that are **not covered** by Medicare. You may not have to pay for certain denied services. If so, a **NOTE** on the front will tell you.

If you have supplemental insurance, it may help you pay these amounts. If you use this notice to claim supplemental

benefits from another insurance company, make a copy for your records.

WHEN OTHER INSURANCE PAYS FIRST: All

Medicare payments are made on the condition that you will pay Medicare back if benefits could be paid by insurance that is primary to Medicare. Types of insurance that should pay before Medicare include employer group health plans, no-fault insurance, automobile medical insurance, liability insurance and workers compensation. Notify us right away if you have filed or could file a claim with insurance that is primary to Medicare.

YOUR RIGHT TO APPEAL: If you disagree with what Medicare approved for these services, you may appeal the decision. You must file your appeal within **120 days of the date you receive this notice**. Unless you show us otherwise, we assume you received this notice five days after the date of this notice. Follow the appeal instructions on the front of the last page of the notice. If you want **help with your appeal**, a friend or someone else can help you. Also, groups, such as legal aid services, may provide free assistance. To contact us for the names and telephone numbers of groups in your area, please see our Customer Service Information box on the front of this notice.

HELP STOP MEDICARE FRAUD: Fraud is a false representation by a person or business to get Medicare payments. Some examples of fraud include:

- offers of goods or money in exchange for your Medicare Number,
- telephone or door to door offers of free medical services or items and
- claims for Medicare services or items you did not receive.

If you think a person or business is involved in fraud, you should call Medicare at the Customer Service telephone number on the front of this notice.

INSURANCE COUNSELING AND ASSISTANCE:

Insurance Counseling and Assistance programs are located in every State. These programs have volunteer counselors who can give you free assistance with Medicare questions, including enrollment, entitlement, Medigap and premium issues. If you would like to know how to get in touch with your local Insurance Counseling and Assistance Program Counselor, please call us at the number shown in the Customer Service Information box on the front of this notice.

Deductible Information:

You have met the Part B deductible for 2009.

General Information:

You have the right to request an itemized statement which details each Medicare item or service which you have received from your physician, hospital, or any other health supplier or health professional. Please contact them directly, in writing, if you would like an itemized statement.

ALERT: Coverage by Medicare is limited to \$1,810 in 2008 and \$1,840 in 2009 for outpatient physical therapy and speech-language pathology combined. Occupational therapy services have the same limits. Medicare pays up to 80 percent of the limits after the deductible has been met. Exceptions to these limits apply to therapy billed by hospital outpatient departments and may also apply to medically necessary services.

Want to see your latest claims? Visit MyMedicare.gov on the web any time, day, or night, and get the most out of your Medicare. Your personalized Medicare information is waiting for you online.

If you aren't due a payment check from Medicare, your Medicare Summary Notices (MSN) will now be mailed to you on a quarterly basis. You will no longer get a monthly statement in the mail for these types of MSNs. You will now get a statement every 90 days summarizing all of your Medicare claims. Your provider may send you a bill that you may need to pay before you get your MSN. When you get your MSN, look to see if you paid more than the MSN says is due. If you paid more, call your provider about a refund. If you have any questions about the bill from your provider, you should call your provider.

Planning to retire? Does your current insurance pay before Medicare pays? Call Medicare within the 6 months before you retire to update your records. Make sure your health care bills get paid correctly.

H1N1 Flu

Protect your family from the seasonal and H1N1 flu. According to the CDC, the 2009 H1N1 flu poses a greater risk of complications in pregnant women or individuals with chronic conditions such as asthma, diabetes and heart disease. If you fall into one of these priority groups, ask your nurse or doctor about the appropriateness of getting the H1N1 vaccine in addition to the seasonal flu shot. These are two separate vaccines. For the latest guidance on H1N1 visit www.cdc.gov/h1n1flu.

Once the deductible has been met, the co-payment and/or coinsurance period of your plan may begin. Stop The Flu Before It Stops You!

The flu is a serious illness. Each year more than 200,000 people are hospitalized from flu complications. Even more suffer from symptoms such as high fever, headache, and extreme tiredness. Getting the flu is likely to be a major disruption in your home and work life. The single best way to protect against the flu is to get vaccinated each year. Call your doctor today to schedule an appointment for your flu shot, and stop the flu before it stops you!

Now Is the Time to Prevent Diabetes

A recent study on diabetes prevention showed that people with pre-diabetes can prevent the development of Type 2 Diabetes by making changes in their diet and increasing their physical activity. Just 30 minutes a day of moderate activity, coupled with a 5 to 10 percent reduction in body weight resulted in a 58 percent reduction in diabetes. For more information on how to manage diabetes, talk to your doctor or call the number on the back of your ID card.

Enrollment Agreement

By enrolling in Chevron's benefit plans, you acknowledge and agree that:

- The elections you make under the terms and conditions of the plan(s) will be effective January 1, 2011. If you do not make an election, you will be deemed to have made the "default" election as shown in the "If You Don't Make Changes" section of the worksheet.
- You authorize the elections you make (whether by actual enrollment or by "default") under the terms and conditions of the plan(s). **Employee:** You agree to all deductions from your pay required to maintain these benefit elections. Your medical, dental, vision and Voluntary Group Accident Insurance Plan deductions will be made on a before-tax basis, unless you have elected to participate on an after-tax basis; however, contributions for a domestic partner's coverage will be made on an after-tax basis (unless otherwise eligible to elect contributions on a before-tax basis). Deductions for medical, dental and vision plans must be made on either a before-tax or after-tax basis. **Retiree:** You authorize Chevron to make deductions from your monthly pension check or bill you to maintain these benefit elections. You understand that if you fail to remit the required contributions in advance of the first day of the month, your coverage, if eligible, under the medical, dental or retiree-paid life insurance plans may be terminated. **COBRA:** You agree to be billed monthly.
- You authorize anyone providing services to you or your dependents to release to the health plan(s) any information or medical records relating to the services obtained. The health plan(s) may use or disclose this information for treatment, payment and health care operations and as otherwise permitted in accordance with applicable federal and state laws. For example, the health plan(s) may disclose this information to other organizations or persons for the purpose of coordination of benefits.
- Your children are under age 26 and your natural, legally adopted child, foster child or stepchild or the natural or legally adopted child, foster child or stepchild of your domestic partner. Your other dependents are not married, are financially dependent on you for a minimum of 50% of their financial support, a member of your household, and you act as a guardian for them.
- Enrollment in certain plans may constitute an agreement to have any dispute decided by binding arbitration and waiver of any right to a jury or court trial. The enrollment information or group agreement, available from the health plan, describes whether and how this agreement applies to your plan.
- **Employee:** During the year, you can change your elections in the following plans only if you have a qualifying life event as described under the plan documents and under the Internal Revenue Code: medical plan, dental plan, vision plan, Health Care Spending Account, Dependent Day Care Spending Account and Voluntary Group Accident Insurance Plan. For the Voluntary Group Accident Insurance Plan, this restriction does not apply if you are contributing on an after-tax basis. **Retiree:** Generally, you can change your medical plan and dental plan elections only when you have a qualifying life event as described under the plan documents. **COBRA:** Generally, you can change your medical plan, dental plan or Mental Health and Substance Abuse Plan elections only when you have a qualifying life event as described under the plan documents.
- If you make false representations about your participation in the health care plans, the plan has the right to terminate coverage permanently for you and all of your eligible dependents. Also, the plan may seek financial damages caused by the misrepresentations and may pursue legal action against you. False representation includes, but is not limited to, adding a dependent who is ineligible (for instance, adding a child who doesn't meet the plan qualifications of an eligible dependent).
- You must notify the HR Service Center should your dependent's status change during the year. If your dependents do not meet the Internal Revenue Code section 152 definition of a Qualifying Child or a Qualifying Relative, you must notify the HR Service Center. Contributions for such dependents' coverage will be changed to an after-tax basis. In addition, any employer contributions for such dependents' coverage will be considered imputed income to you. (Be sure to provide names of dependents to the HR Service Center).

2011 BENEFIT SUMMARY

Chevron Senior Care Plan — 502

- ❶ The Chevron plan does not pay for any services until the \$2,500 per person annual deductible/out-of-pocket maximum is reached. However, for certain types of expenses, you don't have to reach the out-of-pocket maximum before the plan pays benefits. For example, the plan (together with any Medicare payments) pays 80 percent of your Medicare Part A deductible, as well as 80 percent of covered charges for certain private-duty nursing and skilled nursing facility care expenses. Once you reach the \$2,500 out-of-pocket maximum, the plan pays 100 percent of covered expenses up to any specific benefit limits.

Dentists and specialists in the network have agreed to accept United Concordia's discounted fees, as the full payment for covered services after you pay any applicable coinsurance.

Whenever the amount of a proposed treatment is more than \$300 you are encouraged to request that your provider submit a predetermination to UCCI.

If there are any discrepancies between the information above and the SPD and plan documents, the SPD and plan documents prevail. You can access the SPD via the internet at hr2.Chevron.com.

Note:

¹ In-network dentists accept United Concordia's discounted fees for covered services as full payment after you pay any applicable coinsurance. You will not be liable for any difference between these discounted fees and the dentist's usual fees for covered services.

² When your deductible is paid, the out-of-network dentists will typically bill you for any difference between their full fee and United Concordia's allowance. You are responsible for paying the difference.

³ The Annual Maximums are combined: any network benefits used count toward the annual maximum for out-of-network benefits; any out-of-network benefits used count toward the annual maximum for network benefits. Additionally, the network and out-of-network amounts paid towards the Orthodontic Lifetime Maximum, and separately the TMJ Lifetime Maximums, are combined to count toward the respective Lifetime Maximums.

Your cost for services

Each time you need dental care, you may use a network or out-of-network dentist. However, when you use a network dentist, your out-of-pocket costs are generally lower than when you access out-of-network services. If you decide to use an out-of-network dentist, you may have to submit your own claim forms and you will have to pay the difference between the dentist's usual fees and United Concordia's allowable allowance. This will be in addition to any required annual deductible and the coinsurance percentage.

Need more details now?

Call United Concordia toll-free at 1-877-424-3876 if you have questions about the Chevron Dental Plan, to check if your current dentist is a member of the network or to find a network dentist. Specially trained representatives are available from 5 a.m. to 5 p.m., Pacific time, Monday through Friday. You can also visit United Concordia's web site at www.ucci.com on the Internet.

Plan highlights

Concordia Plus is a dental health maintenance organization (HMO) administered by United Concordia (UCCI). The Concordia Plus network is made up of primary dentists and specialists who coordinate all of your dental care. Concordia Plus generally covers the same types of services as the Chevron Dental Plan, which is also administered by UCCI. There are no deductibles or annual maximums in the Concordia Plus plan, and you are required to use a network provider for services.

When you enroll in this plan, you and your dependents must designate a participating dentist in the Concordia Plus network. If you don't designate a participating dentist, the plan will select one for you. If your dentist leaves the Concordia Plus network during the year, you must select another network dentist in your service area (generally the area within 30 miles of your home). Before you join this plan, you need to determine how far you are willing to travel to any of the participating dentists in your area.

Please note that it is your responsibility to check with United Concordia to determine whether the dentist you have selected is a network provider with this plan. If you enroll and use a dentist outside of the network, there is no coverage and you pay the full cost for services.

Enclosed is your 2011 open enrollment worksheet. Please take a few moments to review your plan options and premium billing information. You'll also find instructions on how to enroll in the coverage option you choose.

Important Premium Billing Information

Chevron's grace period for payment of health and welfare coverage premiums is 30 calendar days. Your payment due date is the first day of each month. Please note if your payment is not received within the grace period, your coverage will be terminated. For example, your January 2011 premium payment is due January 1, 2011, and must be received by January 31, 2011, or your coverage will be terminated retroactively to December 31, 2010. To help avoid the possibility of a late payment, we recommend setting up a direct debit of your premiums from a U.S. savings or checking account. You can sign up for direct debit by clicking on the *Coverage Payment* button in the **Health and Welfare** section of the Benefits Connection Web site at www.benefitsweb.com/chevron.html. Or, you may contact the HR Service Center to request a *Direct Debit Authorization Form*.

Please note that there will be no reinstatement of coverage if you miss a payment or make a late payment. If you are a **retiree**, you are eligible to re-enroll at the next open enrollment for coverage in the following year. If you are a **survivor**, you are not eligible to re-enroll once coverage is terminated.

Important Medicare Part D Information

- **If you are Medicare-eligible, you will need to decide whether it is appropriate for you to enroll in a separate non-Chevron Medicare prescription drug plan.** All of the plans Chevron offers will continue to include prescription drug coverage. Medicare does not allow you to be enrolled in more than one Medicare prescription drug plan. You cannot be enrolled in any other non-Chevron medical plan that offers Medicare prescription drug coverage (even if you choose an option that doesn't include drug coverage).
 - If you wish to continue prescription drug coverage through your Chevron retiree medical plan in 2011, you should not enroll in a separate Medicare prescription drug plan or any other plan that includes prescription drug coverage.
 - If you do enroll in a separate non-Chevron sponsored Medicare prescription drug plan or any other health plan with Medicare prescription drug coverage, your Chevron medical and prescription drug coverage will be terminated.

Important Open Enrollment Information: Next Steps

Open enrollment is Monday, October 18 through Friday, October 29, 2010. Here's what you need to do next:

- **Carefully review your enclosed 2011 open enrollment worksheet to:**
 - Make sure your health plan is still available. Some HMOs are changing their service areas. If you're no longer eligible for your plan because of a service area change and you don't enroll and make an election, *you'll automatically be covered in the medical plan shown in the If You Don't Make Changes section of the worksheet.* You won't be able to make a change until the next open enrollment period.
 - Review your 2011 health care options and your cost for coverage.

TO WHOM IT MAY CONCERN:

In case of our demise these are the arrangements you need to make. First notify Bob Johnson at Chapelwood. We want him to do the funeral. We have prepaid arrangement at Memorial Oaks Cemetery but they will probably have further expenses you will need to pay. Depends on what you want. The caskets are already paid for. Folder on table. Short obit in paper. (It's expensive). Dad has already written his out, I think. Just say I as born near Sheldon, Iowa, Oct. 8, 1926. We met while attending Central College, Pella, Iowa. Elmer attended Iowa State in Ames after serving in the Navy for 2 years. While there he received a doctorate degree in Chemical Engineering. He went to work for Vulcan Copper and Supply in Cincinnati, Ohio, next Olin-Mathison in Niagara Falls, NY., next John Deere Fertilizer in Pryor O.K. where they lived 11 years. They have . 5 children—namely, and 7 grandchildren, namely—. That's about it. Take Candy's flying expenses out of our bank account and any extra expenses tht are needed. I believe Carl has authority to do that. Check book in folder. I want everyone to wear their Sunday best at the funeral. No t-shirts or jeans!!!! Contact Al Vasek's office for distribution of inheritance. Oh yes, let the cousins in Iowa and the Brunsting girls (Bette, Joyce, Lucille and Evelyn) know. I think if you just call Evelyn she can tell the rest. Also let Mrs. Barry Reynolds in Lubbock know. Her address is in the brown book as are all the rest. I'm taking it to Iowa but hopefully you can retrieve it. Cousins in Iowa are Mrs. Norman Vander Lee, Rock Rapids, Berdella Heemstra, Granville, Ray Diekevers, Hospers, Henry Rensink, Hospers, and Nelson Neiuwenhuis, Pioneer Home, Orange City, Iowa. And Leroy Ridders, Hull. And Rick Ridders, Sioux Center, and ~~Rich Beyer, Hull, (the farm)~~. That's about it, I think. Mother

is also a lawyer. They're both honest.*

Nelva Erleen Brunsting died Friday, November 11, 2011 at the age of 85. Nelva was born on a farm near Sheldon, Iowa on October 8, 1926 to Sylvester and Harriet (Koolbeck) Rensink. The purpose of this Statement is to explain in detail: the types of personal information we collect, how that information is used, our practices in sharing this information both within and outside the Corporate Family, and your rights under our Privacy program. Additionally, instructions are provided to inform Guardian if you do not want us to disclose your personal information to non-affiliates, other than those disclosures permitted by law (“opt out procedures”).

Guardian has entered into an agreement with the United American Insurance Company (“United”) to assist in the administration of the FSLIC and SALIC insurance policies. GUARDIAN CORPORATE PRIVACY STATEMENT¹

The Guardian Corporate Family² ("Guardian") culture is based on an unwavering belief in integrity and fair dealing. We take pride in treating our customers and each other with dignity and respect. Protecting our customers' personal information is very important to us. We want you to know how we collect, use, safeguard and permit access to your customer personal information.

If you own more than one product, you may receive multiple copies of this statement. If you decide to opt out, you need only respond once.

Customer Personal Information We Collect

Information we collect will be different for each of the products or services we provide to you. There are four types of customer personal information we collect:

- Information we get from you on applications or other forms, such as your name, address, date of birth, phone number, and e-mail address;
- Information such as your policy coverage, premiums, payment history, investment transfers and account balances that we get about your transactions with us, our affiliates (*i.e.*, companies related to us by common ownership or control) and non-affiliates;
- Credit related information such as your creditworthiness and credit history that we get about you from credit reporting agencies and other companies we work with, and from companies who give us marketing information;
- Information from online forms that you fill out on Guardian Corporate Family Web sites³ and from online information collecting devices.

How We Use Your Customer Information

Guardian asks for only the customer personal information necessary to deliver superior products and services to you. This information is used to provide you with the product or service you have applied for, to offer you additional products and services, to evaluate and pay claims for benefits, and to assist in managing your accounts.

Our Information Sharing Practices

This is how we may disclose the four types of customer information:

Within the Guardian Corporate Family

- We may share information about you with our affiliates in order to process your application or claim, administer your account, provide you with a service you ask for, or to administer our business.
- We may share your information with our affiliates to give you information about other products and services that may be of interest to you, under joint agreement with one or more financial institutions where applicable. To do this, we develop marketing programs for ourselves and our affiliates based on information you give to us in your application, from other forms, and in surveys.
- We may use that information along with non-credit information from outside sources, to develop marketing programs. The products and service offers are developed under strict conditions designed to safeguard the privacy of your information.
- We may also share your credit information with our affiliates about our transactions and experiences with you (such as your account balance and payment history). You may tell us not to share other credit information such as credit history, information shown on consumer credit reports, and income and asset information with our affiliates except as permitted by law. To find out how to do this, please read the "Opt Out" section at the end of this statement.

■ We may also share your information with your agent, broker or representative. If your agent, broker or representative is a Guardian agent, broker or representative, he or she is bound by agency contract and our rules to abide by the Guardian corporate privacy policy. Your agent, broker or representative may use your information to service your existing policy, account or contract; provide a service requested by you or to offer you additional products and services.

Outside the Guardian Corporate Family

■ We may share information about you with non-affiliates (companies or persons that are not related to us by common ownership or control) in order to process your application or claim, administer your account, provide you with a service you ask for, or to administer our business. We require these non-affiliates to keep your information confidential.

■ We may also share customer information with non-affiliates such as broker-dealers, fiduciary service providers, and non-financial service companies to send you information about other products and services that you may want to buy, under joint agreement between Guardian and one or more financial institutions where applicable. We try to offer this information only to customers who may benefit from them. To do this, we develop marketing programs for ourselves and our affiliates based on information you provide in your application, on other forms, and in surveys. We may give customer information to other financial companies with which we have joint marketing agreements. We may also use that information, along with non-credit information from external sources, to develop marketing programs. The programs that bring you product and service offers are carefully designed to safeguard the privacy of your information. We require these non-affiliates to keep your information confidential. Please see the "Opt Out" section on how to be excluded from certain types of non-affiliate disclosures.

■ We may also share your information if the law permits or requires us to do so. (e.g. government agencies, self-regulatory agencies, or in response to a subpoena).

Health⁴ Information Confidentiality

■ If the product you apply for requires that we get health information about you, we ask you to complete a separate authorization as part of the application process. We will not disclose your health information to anyone without your authorization unless the law permits or requires us to do so.

■ Our contractual relationships with health care providers, as well as state and federal laws require the providers to keep your information confidential.

■ Guardian (including its affiliates and authorized agents), participating health care providers and payers (including self-funded employers) require access to group plan members'

medical information for a number of necessary reasons. These reasons include underwriting, claims payment, fraud prevention, case management programs, delivery of care, quality assessment, utilization review, complying with state and federal requirements, data collection and reporting, accreditation, and statistical research. The authorization you sign, and federal and state laws, permit these disclosures.

Former Customers

If you decide to end your relationship with a member of the Guardian Corporate Family or if your account or policy becomes inactive for some other reason, we will continue to treat and safeguard your information as described in this statement.

Confidentiality and Security

Guardian uses strict standards of security and confidentiality to protect customer personal information that we have about you. No. This notice describes the practices that are permitted by law. Guardian's privacy protection standards and practices are more restrictive than what the law permits.

The Seller is not required to refund any money, or apply any money to another contract or funeral, if the Contract is decreased.

- ◆ **If this Contract provides a funeral for someone other than You** and the Contract Beneficiary did not leave written directions that meet legal requirements, then the Responsible Person may change the funeral goods and services selected at the time of the funeral service. Changes could include the method of final disposition stated in this Contract. (For example, the Responsible Person could exchange a ground burial service and substitute a cremation service.) The Responsible Person can also change other contract selections. (For example, the Responsible Person can change your casket choice.)
- ◆ **If this Contract provides for YOUR OWN funeral**, then You are the only person who can change the method of final disposition that You have chosen, such as by ground burial or by cremation service. However, the Responsible Person can change other Contract selections unless you sign below. (For example, the Responsible Person can change your casket choice.)

Relating to contracts not paid in full: If You do not fully pay for this Contract, then the final funeral arrangements could be significantly different from the funeral that You have planned under this Contract. However, laws relating to the final disposition of the body of the Contract Beneficiary still remain in effect.

If the selections You made are important to You, You should discuss the funeral goods and services selected with your family and tell them what is important to You. If You wish to prevent changes to this Contract. You must sign the space below:

This Contract is for my funeral service and, if paid in full at the time of my death, the funeral goods and services selected may not be changed after my death. SIGN HERE IF THIS IS YOUR CHOICE. _____

If the Contract Beneficiary dies and You have NOT paid this Contract in full, then the Seller and the Provider are not required to deliver the funeral goods and services selected; unless,

- (1) You have complied with your obligations by making all required payments under this Contract; and,
- (2) You pay any remaining balance due on this Contract before the funeral service, or, the Provider agrees in writing to another payment arrangement.

If the Seller is unable to honor the Contract terms, the Seller is required to refund all money paid and the net income earned. If the Seller is unable to provide the refund, You may make a claim to the Prepaid Funeral Contract Guaranty Fund.

If the Provider is unable to honor the Contract terms; then,

- (1) You and the Seller may agree to use a different Provider; or,
- (2) You can cancel this Contract and receive a refund of all money paid and the net income earned on it.

5. Payment Terms

Promise to Pay. In return for the goods and services to be delivered at the time of the Contract Beneficiary's death, You promise to pay the Principal, plus Finance Charge, to Seller. All periodic payments must be in the form of cash, check, direct account debit, or money order. You understand that the Seller may transfer this Contract as permitted by law. The person who takes this Contract by transfer and who is entitled to receive payments under this Contract is the "Holder."

Finance Charge. The Finance Charge will be charged on unpaid amounts of the Principal until the full amount of the Principal has been paid. You will pay the Finance Charge at the annual percentage rate shown above.

If a law that applies to this Contract and sets maximum charges for retail installment sales financings is finally interpreted so that the Finance Charge or other charges collected or to be collected in connection with this Contract exceed permitted limits, then: (a) any such Contract charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected which exceeded permitted limits will be refunded to You. The Seller or Holder may make this refund by reducing the Principal You owe under this Contract or by making a direct payment to You. If a refund reduces Principal, the reduction will be treated as a partial Prepayment.

Payments. You will pay the Principal and Finance Charge by making a payment every month. You will make these payments every month until You have paid all of the Principal and Finance Charge that You may owe under this Contract. Each monthly payment You make will first be applied to the Finance Charge accrued as of its scheduled due date and then to Principal. You will make your payments at the Seller's place of business or as otherwise directed by Seller.

Right to Prepay. You may make payments of Principal at any time before they are due. A payment of Principal only is a "Prepayment." When You make a Prepayment, You must tell the Seller or Holder in writing that You are doing so. You may not designate a payment as a Prepayment if You have not made all the monthly payments then due. You may make a full Prepayment or partial Prepayments without paying a Prepayment charge. The Seller or Holder will use any Prepayments to reduce the amount of Principal that You owe under this Contract. However, the Seller or Holder may apply a Prepayment to any accrued and unpaid Finance Charge before applying it to reduce the Principal amount of the Contract. If You make a partial Prepayment, there will be no changes in the due date or in the amount of your monthly payment unless the Seller or Holder agrees in writing to those changes. **In the event of the death of the Contract Beneficiary and payment in full of the amounts due hereunder within 120 days of the date of this Contract, You will be entitled of a full rebate of all Finance Charges previously paid.**

Waiver. Seller or Holder may delay enforcement of any of its rights under this Contract without waiving any of its rights thereunder.

ADDITIONAL TERMS AND CONDITIONS

7. Upon default of any amounts due Seller from Purchaser for a period of 30 days or longer, or upon default or failure by the Purchaser to comply with the provisions hereunder or upon receipt of Purchaser's written request to cancel this Agreement, or in the event of a proceeding in receivership or insolvency instituted by or against Purchaser, Seller shall have the right to cancel all or any part of this Agreement, as related to any unused Interment Rights, and to retain all monies paid as liquidated damages, not as a penalty. No refunds will be made of any monies paid on this Agreement by Purchaser to Seller. However, upon cancellation, at Seller's discretion, Seller may cause a Certificate of Interment Rights to be issued for Interment Rights of the Seller's selection, provided the Purchaser's Net Equity (total amount paid less earned Finance Charge) is equal to or greater than the selling price of said Interment Rights.
8. In the event of the death of either Purchaser or Co-Purchaser prior to payment in full, all payments made by Purchaser shall be applied to the Interment Right being used in the following order: First, to the Finance Charge, if any; next, to the Interment Right; then to the Endowment Care Fund; and finally, to Merchandise and Services. If no death occurs prior to payment in full, all payments made by Purchaser shall be applied in the same order as stated above. All prepayments will be applied to the next installment then due.
9. The parties agree that it is impractical and extremely difficult to fix the actual damages, if any, which may result from the breach or cancellation of this Agreement by Purchaser. If this Agreement is cancelled and Seller retains the amount of liquidated damages as Seller's exclusive remedy against Purchaser, all rights, title and interests of Purchaser under or by virtue of this Agreement shall terminate.
10. If the liquidated damages provision herein is held to be unenforceable, then Purchaser agrees to pay all reasonable costs of collection to the extent permitted by law, including court costs, disbursements, and other lawful charges incurred in the collection of Purchaser's indebtedness; provided, however, that each party shall pay its own attorneys' fees incurred in connection with any collection effort or any other dispute of any nature relating to this Agreement and the transaction contemplated hereby. Purchaser waives presentment, demand, notice and protest. It is further agreed that the waiver by the Seller of any breach of any of the covenants contained herein shall not be construed as a waiver of the covenant itself or any subsequent breach thereof.
11. Purchaser's rights under this Agreement may not be assigned without the written consent of the Seller. This Agreement shall be binding on the heirs, executors, administrators, successors and assigns of the Purchaser. Purchaser further agrees that Seller may assign its rights under this Agreement and that this Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Seller.
12. Upon payment in full of the Total Sale Price to Seller or Seller's assignee, Seller will convey to Purchaser all rights, title or interests in the within-described Interment Rights and will deliver, upon Purchaser's request, the within-described Merchandise. It is agreed that this right is purchased for personal or family interment purposes only and not for speculation, and neither Seller, its agents nor salespersons, in any way represent or guarantee a resale thereof.
13. This Agreement will be of no force or effect until countersigned by a duly authorized representative of Seller. The counselor named herein is a duly authorized agent of Seller, and is directly affiliated with Seller. Seller is responsible and liable for the veracity, reliability, and competency of such counselor. Seller is the only person or entity authorized to provide the Merchandise and/or Services sold hereunder.
14. In the event this Agreement includes Interment Rights in a section of a preconstructed mausoleum or belowground crypts, Seller agrees to complete construction of such section within five years after the date of the first sale of Interment Rights therein. If construction is not completed within five years of the date of such first sale, all monies paid by the Purchaser hereunder for such Interment Rights shall be refunded upon Purchaser's request; provided, however, that if failure to complete such construction within said five-year period is the result of any strike, lockout, invasion, insurrection, riot, war, order of any civil or military authority or of any court, or any other unforeseen contingency beyond the control of Seller, then the aforementioned five-year period shall be extended by the duration of the event causing such delay (unless such extension would violate applicable law).
15. Should the need for interment occur before final payment of the Total Sale Price set forth herein, the Purchaser shall have the right to inter the deceased in the interment space selected, provided the proportionate part of said Total Sale Price applicable to the Interment Right, Merchandise or Service to be used shall have first been paid.
16. In the event the need for interment occurs prior to the development or completion of the interment property described herein, Seller may, with the consent of Purchaser, and at no increase in price, permanently transfer Purchaser's Interment Rights to other reasonably comparable developed interment property, or temporarily transfer Purchaser's rights to other reasonably comparable interment property until such time that construction is completed. It is further agreed that Seller retains the right and authority of interment and disinterment and there shall be no additional charge to the Purchaser for this service. The need for interment means that a death has occurred in the family after the date of purchase of pre-developed cemetery property.
17. It is impractical and extremely difficult to fix the actual damage, if any, which may proximately result from a breach of this Agreement by Seller or any error or mistake in connection with the Interment Rights provided hereunder, or any other breach of the Agreement and in the event of a resulting loss, Seller's liability hereunder shall be limited to amounts theretofore paid to Seller by Purchaser plus a maximum of One Hundred Dollars (\$100.00) as liquidated damages, not as a penalty, and this liability shall be exclusive.
18. This cemetery is operated as an Endowment Care cemetery, which means that an Endowment Care fund for its maintenance has been established in conformity with the laws of the State of Texas. Endowment Care means to maintain, repair, and care for the cemetery.
19. ENDOWMENT CARE FUND (hereinafter referred to as "Care and Maintenance Trust Fund"). Seller hereby binds itself to maintain the interment spaces or other interment facilities described herein, and to deposit from payments received hereunder the amounts required by law to a Care and Maintenance Trust Fund created for the continual maintenance of all developed cemetery property without further assessment to Purchaser. Such deposit to the Care and Maintenance Trust Fund shall be in trust with an established State or National bank or savings and loan association licensed in this State as Trustee and in accordance with the applicable law governing such Care and Maintenance Trust Fund. The net income from the Care and Maintenance Trust Fund shall be used solely for the continuing care and maintenance of the developed cemetery and to pay such costs as may be reasonably necessary for the administration of the Care and Maintenance Trust Fund.
20. Purchaser may be subject to income tax on income earned on any funds required to be trusted relating to Merchandise and/or Services purchased hereunder.
21. Notices to the Purchaser shall be sufficient if mailed to the Purchaser's last known address.

ARBITRATION: ANY CONTROVERSY OR CLAIM ARISING BETWEEN THE PARTIES SHALL BE SUBMITTED TO AND SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE APPLICABLE RULES OF THE AMERICAN ARBITRATION ASSOCIATION. JUDGMENT UPON THE AWARD ENTERED BY THE ARBITRATOR MAY BE ENTERED IN ANY COURT OF COMPETENT JURISDICTION. THE ARBITRATOR SHALL BE SELECTED BY MUTUAL AGREEMENT OF THE PARTIES OR BY A COURT OF COMPETENT JURISDICTION IN THE CITY OR COUNTY IN WHICH SELLER IS LOCATED UPON THE APPLICATION OF ONE OR BOTH PARTIES.

DISCLAIMER OF SELLER'S WARRANTIES: THE ONLY WARRANTY ON ANY GOODS SOLD IN CONNECTION WITH THIS AGREEMENT IS THE EXPRESS WRITTEN WARRANTY, IF ANY, GRANTED BY THE MANUFACTURER. SELLER MAKES NO WARRANTY, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, WITH RESPECT TO THE GOODS SO DESCRIBED. WITH RESPECT TO MAUSOLEUM CRYPTS, LAWN CRYPTS, OR NICHES SOLD HEREUNDER, THE ONLY WARRANTIES RELATING TO SUCH ITEMS SHALL BE THOSE IMPLIED WARRANTIES PROVIDED BY LAW AND SELLER MAKES NO EXPRESS WARRANTIES WITH RESPECT TO SAID ITEMS.

ENTIRE AGREEMENT: THIS AGREEMENT CONTAINS ALL TERMS WHICH HAVE BEEN AGREED UPON BY THE PURCHASER AND THE SELLER RELATING TO THE GOODS AND SERVICES LISTED ON THE OTHER SIDE. THIS CONTRACT REPLACES ALL OTHER DISCUSSIONS AND AGREEMENTS, WHETHER ORAL OR WRITTEN, RELATING TO THOSE GOODS AND SERVICES. NO SUBSEQUENT DISCUSSION OR AGREEMENT CAN CHANGE THE TERMS OF THIS CONTRACT UNLESS IT IS WRITTEN AND IS SIGNED BY BOTH THE PURCHASER AND THE SELLER (OR THE SELLER'S ASSIGNEE).

NOTICE: ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES WHICH THE DEBTOR COULD ASSERT AGAINST THE SELLER OF GOODS OR SERVICES OBTAINED PURSUANT HERETO OR WITH THE PROCEEDS HEREOF. RECOVERY HEREUNDER BY THE DEBTOR SHALL NOT EXCEED AMOUNTS PAID BY THE DEBTOR HEREUNDER.

CONTRACT OWNERSHIP

OWNER

The Owner is named in the application, unless changed. The Owner has all rights in this Contract while the Annuitant is living. These rights, including the right to assign any interest under this Contract, can be exercised without the consent of any Beneficiary.

CHANGE OF OWNER

Ownership may be changed by the Owner while the Annuitant is alive by sending the

Company a written request. The Company has the right to make the change on the Contract. The change will take effect the date the request is received and the change is recorded on the Contract. The change will not affect any action taken by the Company before the request is received and the change is recorded on the Contract. A change of ownership will not change the Beneficiary.

DEATH BENEFIT

The Company will pay a death benefit to the Beneficiary on receipt of proof that the Annuitant died while this Contract was in force and before the Maturity Date. If this Contract is not in force under a Nonforfeiture Option, the death benefit will be the greater of:

- a. the sum of the annuity premiums paid; or

The death benefit for this Contract while it is in force under a Nonforfeiture Option is described in the Guaranteed Values Provisions. BENEFICIARY

BENEFICIARY DESIGNATION

The Beneficiary or Beneficiaries are named in the application, unless changed. One or more Beneficiaries and their shares in any death benefit payable can be designated. Beneficiaries may be classified as first, second and so on. The designated shares of any death benefit payable will be paid to any first Beneficiaries surviving the Annuitant. If no first Beneficiary survives the Annuitant, payment will be made to any surviving second Beneficiaries, and so on. Surviving Beneficiaries in the same classification will share equally in the death benefit payable unless otherwise designated.

CHANGE OF BENEFICIARY

The Owner can change any Beneficiary designation while the Annuitant is alive by sending the Company a written request. The

Company has the right to make the change on the Contract. The change will take effect the date the request is received and the change is recorded on the Contract. The change will not affect any action taken by the Company before the request is received and the change is recorded on the Contract.

If the Owner was the Annuitant, the right to these proceeds will pass to the Annuitant's estate. If any Beneficiary dies at the same time as the Annuitant, the death benefit payable will be paid as though that Beneficiary died before the Annuitant.

PREMIUMS

PAYMENT OF PREMIUMS

A receipt signed by the President, a Vice President, Secretary or Assistant Secretary and countersigned by the agent, if any, will be given upon request. The first premium is due on the Contract Date. All other premiums are payable on or before their due dates. A due date will be the first day of each payment period. Such period may be 1, 3, 6 or 12 months, starting on the same day of the month as the Contract Date. The period may be changed by paying the correct premium for the new interval. Without the consent of the Company, no premium payment shall be less than \$10.00.

GRACE PERIOD

Except for the first premium, 31 days are allowed after each due date for the payment of a premium. During this time, the Contract will continue in force.

NONPAYMENT OF PREMIUMS

If a premium is not paid by the end of the grace period, this Contract will end and have no value, except as otherwise provided in the Guaranteed Values provision.

REINSTATEMENT

If the Contract lapsed due to nonpayment of premium and has not been surrendered for cash, the Owner may apply for reinstatement within 1 year after lapse. All unpaid premiums must be paid with compound interest from their due dates at the rate of 4% a year. Reinstatement will take effect on approval of the Company.

GUARANTEED VALUES PROVISIONS

CASH VALUE

If all premiums have been paid when due, these Cash Values will be as shown in the table on page 3. The values are as of the end of the contract years shown. These values will be adjusted for any premium paid beyond the end of a contract year.

If any amount of premium is due and not paid, the Cash Value 60 days after the due date is the same as on such due date.

CASH SURRENDER VALUE

The Owner may surrender this Contract at any time, before the first Monthly Income payment has been made, at the Home Office of the Company. The Cash Surrender Value will be paid to the Owner in one sum. The Cash Surrender Value of this Contract is the Cash Value.

The Company may defer payment of the Cash Surrender Value up to 6 months except to pay premiums on Contracts with this Company.

NONFORFEITURE OPTIONS

Within 60 days after the due date of any unpaid premium, the Owner may, by written request, elect any one of the Nonforfeiture Options available, as described below. If no such election is made, the Paid-up Annuity Option will be automatic.

OPTION 1. CASH SURRENDER

The Contract may be surrendered for its Cash Surrender Value.

OPTION 2. PAID-UP ANNUITY

This Contract may be continued from the due date of the unpaid premium as a Paid-Up Annuity for a reduced Monthly Income. The Amount of the reduced Monthly Income will be equal to what the Cash Surrender Value on the Maturity Date will provide. The Cash Surrender Value on the Maturity Date will equal the Cash Surrender Value on the due date of the unpaid premium, accumulated at an annual interest rate of 4% to the Maturity Date. The Owner may surrender the Paid-Up Annuity at any time before the first Monthly Income payment has been made. If the Annuitant dies while this Contract is in force as a Paid-Up Annuity, the death benefit will be equal to the Cash Surrender Value.

GUARANTEED VALUES PROVISIONS (cont'd)

MATURITY VALUE

The Maturity Value is the Cash Surrender Value on the Maturity Date.

CHANGE OF MATURITY DATE

The Owner may change the Maturity Date to a date prior to but not later than the 95th birthday by sending a written notice to the Company. The new Maturity Date may not be earlier than the end of the premium payment period.

MONTHLY INCOME

The amount of Monthly Life Income will be determined by applying the Maturity Value to the column titled "10 Year Certain and Life" in the Table of Monthly Income payments. The Annuitant may elect an alternate Monthly Income Option as described below. The election must be made in writing to the Company before the Maturity Date.

OPTION A - Monthly Life Income payments of the amount shown in the table for Option A.

The first Monthly Life Income payment will be made on the Maturity Date. Further Monthly Life Income payments will be made on the same day of each month thereafter during the lifetime of the Annuitant.

OPTION B - Monthly Income payments over a Fixed Period of from One to Thirty Years.

The first Monthly Income payment will be made on the Maturity Date. Further Monthly Income payments will be made on the same day of each month thereafter during the period elected. The amount of such Monthly Income payments for each \$1,000 of Maturity Value will be determined from the table for Option B.

Dear Memorial Oaks Family,

The Pre-Planning you have already completed is a thoughtful sign of the care and concern you have for your loved ones. This is also the best possible way to assure your family and friends that your final arrangements are what you wanted.

Most Funeral Plans that have been selected over time, even in those instances where the purchaser selected "Everything", have certain items that will be noted as "not included". In the past, the inclusion of such items as the "opening and closing" charges have been restricted by law, while others such as the outer burial vault simply were not included in the pre-need sales. These items can prove to be a considerable additional cost on a service that you may believe includes everything.

Memorial Oaks now has a program to complete your protection and lock in prices at today's cost, (like you did when you purchased your cemetery property) on the items that were not previously available for pre-need purchase. This will give everyone concerned, the ultimate peace of mind to know you have total protection.

Please allow me to give you a call so that we may go over your records to verify that all of your pre-needs are completed. We are concerned that many families do not have all the information that is needed at the time of a death. I would like you to receive your Personal Planning Guide, a booklet that allows you to record estate planning, banking, vital statistics and other important information for your personal use, which is available at no cost.

I look forward to meeting with you.

Sincerely yours,

Helen Saracoglu

Contract No. RB0657716

PREARRANGED FUNERAL CONTRACT (TX-REV. 9/93)

THIS CONTRACT is made and entered into by and between SCI Funeral Services of Texas, Inc. (Texas), d/b/a Memorial Guardian Plan, with its principal place of business at 2909 North Buckner, Dallas, Texas (hereinafter referred to as "MGP"), and the Applicant named in the Application for a Prearranged Funeral Contract (hereinafter referred to as "Purchaser") which is attached hereto and made a part hereof for all purposes.

WITNESSETH:

WHEREAS, Purchaser is desirous of arranging, prior to death, for funeral services after death, for the person named as the Insured/Annuitant in the attached Application for a Prearranged Funeral Contract (hereinafter referred to as the "Application"); and

WHEREAS, MGP is in the business of selling prepaid funeral merchandise and services in accordance with the provisions of Vernon's Ann. Civ. St. Art. 548b, as amended (the "Act").

NOW, THEREFORE, MGP and Purchaser agree as follows:

1. Subject to any price increase authorized under Paragraph 4 below and the payment of any additional amount due under the provisions of Paragraph 7 on the reverse side of this Contract, Purchaser agrees to purchase, at the current retail price indicated in the Application, services and merchandise which conform to the general description or are of equal quality to the services and merchandise listed in said Application, and MGP agrees to cause to be furnished the described funeral merchandise and services, or their equivalent in quality, at an undetermined future date dependent on the death of the Insured/Annuitant for the lesser of (1) the death benefit payable pursuant to the life insurance policy or paid-up annuity contract (sometimes hereinafter referred to as the "Insurance Policy") at the time of the Insured/Annuitant's death that the Purchaser is hereby assigning to MGP to fund this Contract; or (2) the Designated Funeral Home's then current retail price for such funeral merchandise and services or their equivalent in quality.
2. Purchaser has designated his or her preference as to mortuary or funeral home in the Application. Such mortuary or funeral home shall herein be referred to as the "Designated Funeral Home."
3. The items of funeral service and merchandise enumerated in the Application are hereinafter collectively called the "Funeral Services." This Contract covers only the Funeral Services enumerated in the Application and additional charges will be made by the Designated Funeral Home for any additional requested items.
4. PURCHASER AGREES TO PAY MGP FOR THE FUNERAL SERVICES IN THE MANNER SET FORTH IN THE APPLICATION. ALL PAYMENTS SHALL BE USED EXCLUSIVELY FOR THE PURPOSE OF PAYMENT OF PREMIUMS ON THE INSURANCE POLICY AS SET FORTH IN PARAGRAPH 3 ON THE REVERSE SIDE OF THIS CONTRACT. IT IS FURTHER UNDERSTOOD, ACKNOWLEDGED AND AGREED BY THE PARTIES HERETO THAT THE CURRENT RETAIL PRICE FOR THE FUNERAL SERVICES, AS SET FORTH IN THE APPLICATION, IS SUBJECT TO CHANGE FROM TIME-TO-TIME BY THE DESIGNATED FUNERAL HOME. THE PARTIES AGREE, HOWEVER, THAT ANY SUCH INCREASE IN PRICE WILL NOT EXCEED: (A) (For Contracts funded by Limited Death Benefit Life Insurance Policies) AFTER THE FIRST TWO (2) YEARS OF THE POLICY, THE SUM INSURED UNDER THE INSURANCE POLICY AT THE TIME OF DEATH OF THE INSURED, (B) (For Contracts funded by Whole Life Insurance Policies) THE SUM INSURED UNDER THE INSURANCE POLICY AT THE TIME OF DEATH OF THE INSURED AND (C) (For Contracts funded by Annuity Contracts) THE DEATH BENEFIT PAYABLE UNDER THE PAID-UP ANNUITY (THIS PROVISION DOES NOT APPLY TO ANY REDUCED PAID-UP ANNUITY) AND IN THE EVENT SUCH SUM INSURED OR DEATH BENEFIT AS DESCRIBED ABOVE EXCEEDS THE DESIGNATED FUNERAL HOME'S RETAIL PRICE FOR THE FUNERAL SERVICES AT TIME OF PERFORMANCE, ANY SUCH EXCESS SUM SHALL BE PROMPTLY REFUNDED TO THE PURCHASER OR HIS/HER DULY AUTHORIZED REPRESENTATIVE.
5. After the death of the Insured/Annuitant, Purchaser is designated as the person with whom MGP may consult upon any questions arising at the funeral of said Insured/Annuitant. Where the Purchaser is the Insured/Annuitant hereunder, the Personal Consultant named in the Application is hereby designated by Purchaser as the person with whom MGP may consult upon any questions arising at the funeral of the Purchaser. In all matters pertaining to the funeral of the Insured/Annuitant hereunder, MGP reserves the right to consult those individuals having the legal right to control the disposition of a deceased's remains as set forth in Section 711.002 of the Texas Health and Safety Code, as amended.
6. Unless the Purchaser has elected to make this Contract irrevocable by initialing the applicable box on the Application, said Purchaser has the right to cancel this Contract at any time prior to maturity in accordance with the provisions of the Act. (See Paragraph 8 on the reverse side of this Contract regarding the exercise of this right.)
7. THIS CONTRACT SHALL BE FUNDED WITH A POLICY OF LIFE INSURANCE OR AN ANNUITY CONTRACT, A COPY OF WHICH SHALL BE FURNISHED TO PURCHASER. UNDER THE ACT, NO PARTIAL CANCELLATIONS OR WITHDRAWALS ARE PERMITTED; THEREFORE YOU, THE PURCHASER, MAY NOT TAKE A LOAN AGAINST THE POLICY OR ANNUITY WHILE THIS CONTRACT IS BEING FUNDED BY SUCH POLICY OR ANNUITY.

IN WITNESS WHEREOF, the parties have executed this Contract and accompanying Application (the signatures of the Contract Purchaser, Designated Funeral Home and MGP are contained in the Application and Contract, respectively), which documents constitute the entire agreement among the parties thereto, on this the 7TH day of JULY, 19 94.

GENERAL COVENANTS (TX-REV. 9/93)

1. It is fully understood by both MGP and the Purchaser that if the Insured/Annuitant leaves the area where he or she was living at the time this Contract was executed, Purchaser should contact MGP concerning the designation of an alternative funeral home. Any such change in Designated Funeral Home shall be filed in writing with MGP by Purchaser and shall contain the newly designated funeral home's agreement to perform the Funeral Services in accordance with the terms of the Application and this Contract. It is further agreed that until such time as MGP receives a new designation in writing, duly executed by Purchaser and the alternative funeral home, the selection originally set forth in the Application shall remain in full force and effect.
2. Purchaser, as used herein, shall mean the party who executes the Application attached to this Contract and his (or her) heirs, executor, administrator or legal representative.
3. MGP guarantees that the Funeral Services designated in the Application shall be paid for by MGP out of a fund to be created by the Insurance Policy as provided by Section 1a of the Act. MGP agrees that all amounts paid by the Purchaser under this Contract shall, within thirty (30) days after collection or receipt by MGP, be used for the purpose of payment of premiums on the Insurance Policy. MGP will furnish Purchaser a copy of said Insurance Policy. In return for MGP's promise to provide the Funeral Services, Purchaser hereby assigns to MGP the sum insured or death benefit payable under the Insurance Policy at the time of death of the Insured/Annuitant.
4. Upon the death of the Insured/Annuitant, MGP, after furnishing the Funeral Services and presentation to the insurance company of proper affidavits signed and sworn to by an officer or designated agent of MGP on forms prescribed by the Department of Banking, together with a certified copy of the death certificate, may withdraw and retain the benefits payable under the Insurance Policy. The date of death of the Insured/Annuitant shall be the maturity date of this Contract.
5. MGP covenants and agrees that it will perform in the future, as herein agreed, except that if the Designated Funeral Home should be prevented from delivering the merchandise or rendering the Funeral Services for the funeral of the Insured/Annuitant by events outside of its control, such as labor disputes, Acts of God, government enactment or regulation, war, epidemic or disaster, then the proceeds of the Insurance Policy shall be paid to the Purchaser, or to his or her Estate, if the Purchaser is the Insured/Annuitant hereunder and the parties hereto shall be released from all further liabilities hereunder.
- 6a. In the event Purchaser should be in default for more than thirty-one (31) days in any of the payments provided for herein, and this Contract is funded by a life insurance policy, MGP, at its option, shall be relieved of the obligation to deliver the Funeral Services and Purchaser shall be entitled to elect by written request received by MGP not later than 60 days after the due date of any payment in default and prior to the death of the Insured, any one of the following Nonforfeiture Benefits as set forth in the Insurance Policy: (a) MGP will apply all accrued cash value available from the insurance policy to the purchase of a reduced paid-up life insurance policy on the life of the Insured, with the Purchaser's estate being named as beneficiary of such policy; (b) the insurance policy may be surrendered for its cash value as provided in Paragraph 8 below; or (c) the insurance policy will be continued as extended term insurance subject to the conditions set forth in the policy. If, on the expiration of the 31 day grace period for payment of any amount in default, such payment has not been paid and no Nonforfeiture Option has been elected, MGP will, subject to the Purchaser's right to elect another option within 60 days after the due date of such past-due payment, automatically continue the insurance policy under the reduced paid-up life insurance option set forth in (a) above.
- 6b. In the event Purchaser should be in default for more than thirty-one (31) days in any of the payments provided for herein and this Contract is funded by an annuity contract, MGP, at its option, shall be relieved of the obligation to deliver the Funeral Services and shall return to Purchaser, upon written request of said Purchaser, all accrued cash value available from said annuity contract.
- 6c. Upon any such termination, the parties hereto shall be released from all further liabilities hereunder.
- 7a. IN THE EVENT THE INSURED SHOULD DIE DURING THE FIRST TWO (2) YEARS OF A LIMITED DEATH BENEFIT POLICY, THE DIFFERENCE BETWEEN THE TOTAL CURRENT RETAIL PRICE SET FORTH IN THE ATTACHED APPLICATION AND THE DEATH BENEFIT PAYABLE UNDER SAID POLICY AT THE TIME OF THE INSURED'S DEATH SHALL BECOME IMMEDIATELY DUE AND PAYABLE TO MGP. IF THE REMAINING BALANCE IS NOT PAID UPON DEMAND THEREFOR, MGP MAY, AT ITS OPTION, TERMINATE THIS CONTRACT AND RETURN TO PURCHASER, OR HIS/HER ESTATE, ALL ACCRUED CASH VALUE AVAILABLE FROM SAID POLICY. UPON SUCH TERMINATION, ALL PARTIES HERETO SHALL BE RELEASED FROM ALL LIABILITIES AND OBLIGATIONS HEREUNDER.
- 7b. IN THE EVENT THE ANNUITANT SHOULD DIE BEFORE ALL PREMIUMS ARE PAID AS PROVIDED IN AN ANNUITY CONTRACT, THE DIFFERENCE BETWEEN THE TOTAL CURRENT RETAIL PRICE SET FORTH IN THE ATTACHED APPLICATION AND THE DEATH BENEFIT PAYABLE UNDER THE ANNUITY CONTRACT ON THE DATE OF THE ANNUITANT'S DEATH, SHALL BECOME IMMEDIATELY DUE AND PAYABLE TO MGP. IF THE REMAINING BALANCE IS NOT PAID UPON DEMAND THEREFOR, MGP MAY, AT ITS OPTION, TERMINATE THIS CONTRACT AND RETURN TO PURCHASER, OR HIS/HER ESTATE, THE GREATER OF THE DEATH BENEFIT PAYABLE UNDER THE ANNUITY CONTRACT ON THE DATE OF THE ANNUITANT'S DEATH OR ALL ACCRUED CASH VALUE AVAILABLE FROM THE ANNUITY CONTRACT. UPON SUCH TERMINATION, ALL PARTIES HERETO SHALL BE RELEASED FROM ALL LIABILITIES AND OBLIGATIONS HEREUNDER.
8. In the event Purchaser should desire to cancel this Contract prior to maturity, such cancellation may be accomplished by the Purchaser giving at least fifteen (15) days prior notice in writing to MGP, and thereafter such Purchaser may: (a) withdraw all accrued cash value available from the Insurance Policy if this Contract is cancelled during its first year when payments required hereunder are current, or (b) cause MGP to relinquish all interest in said Insurance Policy and to assign all of its rights thereunder to Purchaser or to such other party as Purchaser shall designate. Upon cancellation of this Contract prior to maturity, and in accordance with the provisions hereof, the parties hereto shall be released from all further liabilities hereunder.
9. All notices, requests, demands and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given when received, either by personal delivery, or by mail, first class, postage prepaid, at the addresses stated in the Application. Any party to this Contract shall give written notice to each of the other parties hereto if any address change occurs.
10. The rights under this Contract are personal to the Purchaser and Insured/Annuitant and said Contract cannot be assigned or transferred without the prior written consent of MGP. In the event Purchaser shall predecease the Insured/Annuitant hereunder, all rights under this Contract shall inure to the benefit of said Insured/Annuitant upon fulfillment of the terms and conditions set forth herein.
11. This Contract, and the Application therefor (a copy of which is attached hereto and made a part hereof for all purposes), constitute the entire agreement among the parties hereto and cannot be modified except by written supplement thereto signed by all of said parties.
12. The Application for a Prearranged Funeral Contract must be signed first by the Purchaser and then returned to MGP's business office in the State of Texas, where the offer of said Purchaser to enter into this Contract shall either be accepted or rejected by MGP. Acceptance of the offer shall be accomplished by the signing of this Contract by an authorized officer of MGP at its business office in the State of Texas, which the parties hereto agree shall be the time and place of contracting. If the offer is accepted, a copy of this Contract signed by MGP will be forwarded to the Purchaser by U.S. Mail from a point within the State of Texas, with the postage prepaid and the U.S. Postal Service acting as agent for the Purchaser in delivering such copy. If the offer of the Purchaser is rejected, the unaccepted Application, along with any downpayment, shall be returned to said Purchaser. This Contract shall be binding upon the successors, assigns, beneficiaries, heirs, and legal representatives of all the parties hereto.

The Texas Banking Department regulates the sale of prearranged funeral contracts. The form of this Contract has been approved by the Department - Permit No. 939.

IMPORTANT INFORMATION ABOUT COVERAGE UNDER THE TEXAS LIFE, ACCIDENT, HEALTH AND HOSPITAL SERVICE INSURANCE GUARANTY ASSOCIATION

Texas law establishes a system, administered by the Texas Life, Accident, Health and Hospital Service Insurance Guaranty Association (the "Association"), to protect policyholders if their life or health insurance company fails to or cannot meet its contractual obligations. Only the policyholders of insurance companies which are members of the Association are eligible for this protection. However, even if a company is a member of the Association, protection is limited and policyholders must meet certain guidelines to qualify. (The law is found in the Texas Insurance Code, Article 21.28-D.)

BECAUSE OF STATUTORY LIMITATIONS ON POLICYHOLDER PROTECTION, IT IS POSSIBLE THAT THE ASSOCIATION MAY NOT COVER YOUR POLICY OR MAY NOT COVER YOUR POLICY IN FULL.

ELIGIBILITY FOR PROTECTION BY THE ASSOCIATION

When an insurance company which is a member of the Association is designated as impaired by the Texas Commissioner of Insurance, the Association provides coverage to policyholders who are:

* residents of Texas at the time that their insurance company is impaired

* residents of other states, ONLY if the following conditions are met:

- 1) The policyholder has a policy with a company based in Texas;
- 2) The company has never held a license in the policyholder's state of residence;
- 3) The policyholder's state of residence has a similar guaranty association; and
- 4) The policyholder is not eligible for coverage by the guaranty association of the policyholder's state of residence.

LIMITS OF PROTECTION BY THE ASSOCIATION

Accident, Accident and Health, or Health Insurance:

* up to a total of \$200,000 for one or more policies for each individual covered.

Life Insurance:

* net cash surrender value up to a total of \$100,000 under one or more policies on any one life; or

* death benefits up to a total of \$300,000 under one or more policies on any one life.

Individual Annuities:

* net cash surrender amount up to a total of \$100,000 under one or more policies owned by one contractholder.

Group Annuities:

* net cash surrender amount up to \$100,000 in allocated benefits under one or more policies owned by one contractholder; or

* net cash surrender amount up to \$5,000,000 in unallocated benefits under one contractholder regardless of the number of contracts.

THE INSURANCE COMPANY AND ITS AGENTS ARE PROHIBITED BY LAW FROM USING THE EXISTENCE OF THE ASSOCIATION FOR THE PURPOSE OF SALES, SOLICITATION, OR INDUCEMENT TO PURCHASE ANY FORM OF INSURANCE.

When you are selecting an insurance company, you should not rely on coverage by the Association.

GENERAL PROVISIONS

THE CONTRACT

This Contract and the attached copy of the application constitute the entire Contract. All statements made in the application will be representations and not warranties. Only statements in the application will be used to contest the Contract or to deny a claim. This Contract is issued in consideration of the application and payment of the first premium.

THE NET PREMIUM IS EQUAL TO 90% OF THE ANNUITY ANNUAL PREMIUM. THE CASH VALUE IS EQUAL TO THE NET PREMIUM ACCUMULATED AT 4% COMPOUNDED ANNUALLY.

CONTRACT OWNERSHIP

OWNER

The Owner is named in the application, unless changed. The Owner has all rights in this Contract while the Annuitant is living. These rights, including the right to assign any interest under this Contract, can be exercised without the consent of any Beneficiary.

CHANGE OF OWNER

Ownership may be changed by the Owner while the Annuitant is alive by sending the

Company a written request. The Company has the right to make the change on the Contract. The change will take effect the date the request is received and the change is recorded on the Contract. The change will not affect any action taken by the Company before the request is received and the change is recorded on the Contract. A change of ownership will not change the Beneficiary.

DEATH BENEFIT

The Company will pay a death benefit to the Beneficiary on receipt of proof that the Annuitant died while this Contract was in force and before the Maturity Date. If this Contract is not in force under a Nonforfeiture Option, the death benefit will be the greater of:

- a. the sum of the annuity premiums paid; or
- b. the Cash Value of this Contract.

The death benefit for this Contract while it is in force under a Nonforfeiture Option is described in the Guaranteed Values Provisions. Any death benefit after the Maturity Date depends on the Monthly Income Option selected. At such time as this Contract becomes a claim by death of the Annuitant, settlement will be made within two months after receipt by the Company of due proof of death.

BENEFICIARY

BENEFICIARY DESIGNATION

The Beneficiary or Beneficiaries are named in the application, unless changed. One or more Beneficiaries and their shares in any death benefit payable can be designated. Beneficiaries may be classified as first, second and so on. The designated shares of any death benefit payable will be paid to any first Beneficiaries surviving the Annuitant. If no first Beneficiary survives the Annuitant, payment will be made to any surviving second Beneficiaries, and so on. Surviving Beneficiaries in the same classification will share equally in the death benefit payable unless otherwise designated.

CHANGE OF BENEFICIARY

The Owner can change any Beneficiary designation while the Annuitant is alive by sending the Company a written request. The

Company has the right to make the change on the Contract. The change will take effect the date the request is received and the change is recorded on the Contract. The change will not affect any action taken by the Company before the request is received and the change is recorded on the Contract.

DEATH OF BENEFICIARY

If no Beneficiary for a designated share of any death benefit payable survives the Annuitant, the right to these proceeds will pass to the Owner. If the Owner was the Annuitant, the right to these proceeds will pass to the Annuitant's estate. If any Beneficiary dies at the same time as the Annuitant, the death benefit payable will be paid as though that Beneficiary died before the Annuitant.

PREMIUMS

PAYMENT OF PREMIUMS

Premiums are payable at the Home Office of the Company, or to an agent designated by the Company. Each premium is payable on or before its due date. A receipt signed by the President, a Vice President, Secretary or Assistant Secretary and countersigned by the agent, if any, will be given upon request. The first premium is due on the Contract Date. All other premiums are payable on or before their due dates. A due date will be the first day of each payment period. Such period may be 1, 3, 6 or 12 months, starting on the same day of the month as the Contract Date. The period may be changed by paying the correct premium for the new interval. Without the consent of the Company, no premium payment shall be less than \$10.00.

GRACE PERIOD

Except for the first premium, 31 days are allowed after each due date for the payment of a premium. During this time, the Contract will continue in force.

NONPAYMENT OF PREMIUMS

If a premium is not paid by the end of the grace period, this Contract will end and have no value, except as otherwise provided in the Guaranteed Values provision.

REINSTATEMENT

If the Contract lapsed due to nonpayment of premium and has not been surrendered for cash, the Owner may apply for reinstatement within 1 year after lapse. All unpaid premiums must be paid with compound interest from their due dates at the rate of 4% a year. Reinstatement will take effect on approval of the Company.

GUARANTEED VALUES PROVISIONS

CASH VALUE

If all premiums have been paid when due, these Cash Values will be as shown in the table on page 3. The values are as of the end of the contract years shown. These values will be adjusted for any premium paid beyond the end of a contract year.

If any amount of premium is due and not paid, the Cash Value of the 60 days after the due date is the same as on such due date.

CASH SURRENDER VALUE

The Owner may surrender this Contract at any time, before the first Monthly Income payment has been made, at the Home Office of the Company. The Cash Surrender Value will be paid to the Owner in one sum. The Cash Surrender Value of this Contract is the Cash Value.

The Company may defer payment of the Cash Surrender Value up to 6 months except to pay premiums on Contracts with this Company.

NONFORFEITURE OPTIONS

Within 60 days after the due date of any unpaid premium, the Owner may, by written request, elect any one of the Nonforfeiture Options available, as described below. If no such election is made, the Paid-up Annuity Option will be automatic.

OPTION 1. CASH SURRENDER

The Contract may be surrendered for its Cash Surrender Value.

OPTION 2. PAID-UP ANNUITY

This Contract may be continued from the due date of the unpaid premium as a Paid-Up Annuity for a reduced Monthly Income. The Amount of the reduced Monthly Income will be equal to what the Cash Surrender Value on the Maturity Date will provide. The Cash Surrender Value on the Maturity Date will equal the Cash Surrender Value on the due date of the unpaid premium, accumulated at an annual interest rate of 4% to the Maturity Date. The Owner may surrender the Paid-Up Annuity at any time before the first Monthly Income payment has been made. If the Annuitant dies while this Contract is in force as a Paid-Up Annuity, the death benefit will be equal to the Cash Surrender Value.

GUARANTEED VALUES PROVISIONS (cont'd)

MATURITY VALUE

The Maturity Value is the Cash Surrender Value on the Maturity Date.

CHANGE OF MATURITY DATE

The Owner may change the Maturity Date to a date prior to but not later than the 95th birthday by sending a written notice to the Company. The new Maturity Date may not be earlier than the end of the premium payment period.

MONTHLY INCOME

The amount of Monthly Life Income will be determined by applying the Maturity Value to the column titled "10 Year Certain and Life" in the Table of Monthly Income payments. The Annuitant may elect an alternate Monthly Income Option as described below. The election must be made in writing to the Company before the Maturity Date.

OPTION A - Monthly Life Income payments of the amount shown in the table for Option A.

The first Monthly Life Income payment will be made on the Maturity Date. Further Monthly Life Income payments will be made on the same day of each month thereafter during the lifetime of the Annuitant.

OPTION B - Monthly Income payments over a Fixed Period of from One to Thirty Years.

The first Monthly Income payment will be made on the Maturity Date. Further Monthly Income payments will be made on the same day of each month thereafter during the period elected. The amount of such Monthly Income payments for each \$1,000 of Maturity Value will be determined from the table for Option B.

NOW, THEREFORE, MGP and Purchaser agree as follows:

1. Subject to any price increase authorized under Paragraph 4 below and the payment of any additional amount due under the provisions of Paragraph 7 on the reverse side of this Contract, Purchaser agrees to purchase, at the current retail price indicated in the Application, services and merchandise which conform to the general description or are of equal quality to the services and merchandise listed in said Application, and MGP agrees to cause to be furnished the described funeral merchandise and services, or their equivalent in quality, at an undetermined future date dependent on the death of the Insured/Annuitant for the lesser of (1) the death benefit payable pursuant to the life insurance policy or paid-up annuity contract (sometimes hereinafter referred to as the "Insurance Policy") at the time of the Insured/Annuitant's death that the Purchaser is hereby assigning to MGP to fund this Contract; or (2) the Designated Funeral Home's then current retail price for such funeral merchandise and services or their equivalent in quality.
2. Purchaser has designated his or her preference as to mortuary or funeral home in the Application. Such mortuary or funeral home shall herein be referred to as the "Designated Funeral Home."
3. The items of funeral service and merchandise enumerated in the Application are hereinafter collectively called the "Funeral Services." This Contract covers only the Funeral Services enumerated in the Application and additional charges will be made by the Designated Funeral Home for any additional requested items.
4. PURCHASER AGREES TO PAY MGP FOR THE FUNERAL SERVICES IN THE MANNER SET FORTH IN THE APPLICATION. ALL PAYMENTS SHALL BE USED EXCLUSIVELY FOR THE PURPOSE OF PAYMENT OF PREMIUMS ON THE INSURANCE POLICY AS SET FORTH IN PARAGRAPH 3 ON THE REVERSE SIDE OF THIS CONTRACT. IT IS FURTHER UNDERSTOOD, ACKNOWLEDGED AND AGREED BY THE PARTIES HERETO THAT THE CURRENT RETAIL PRICE FOR THE FUNERAL SERVICES, AS SET FORTH IN THE APPLICATION, IS SUBJECT TO CHANGE FROM TIME-TO-TIME BY THE DESIGNATED FUNERAL HOME. THE PARTIES AGREE, HOWEVER, THAT ANY SUCH INCREASE IN PRICE WILL NOT EXCEED: (A) (For Contracts funded by Limited Death Benefit Life Insurance Policies) AFTER THE FIRST TWO (2) YEARS OF THE POLICY, THE SUM INSURED UNDER THE INSURANCE POLICY AT THE TIME OF DEATH OF THE INSURED, (B) (For Contracts funded by Whole Life Insurance Policies) THE SUM INSURED UNDER THE INSURANCE POLICY AT THE TIME OF DEATH OF THE INSURED AND (C) (For Contracts funded by Annuity Contracts) THE DEATH BENEFIT PAYABLE UNDER THE PAID-UP ANNUITY (THIS PROVISION DOES NOT APPLY TO ANY REDUCED PAID-UP ANNUITY) AND IN THE EVENT SUCH SUM INSURED OR DEATH BENEFIT AS DESCRIBED ABOVE EXCEEDS THE DESIGNATED FUNERAL HOME'S RETAIL PRICE FOR THE FUNERAL SERVICES AT TIME OF PERFORMANCE, ANY SUCH EXCESS SUM SHALL BE PROMPTLY REFUNDED TO THE PURCHASER OR HIS/HER DULY AUTHORIZED REPRESENTATIVE.
5. After the death of the Insured/Annuitant, Purchaser is designated as the person with whom MGP may consult upon any questions arising at the funeral of said Insured/Annuitant. Where the Purchaser is the Insured/Annuitant hereunder, the Personal Consultant named in the Application is hereby designated by Purchaser as the person with whom MGP may consult upon any questions arising at the funeral of the Purchaser. In all matters pertaining to the funeral of the Insured/Annuitant hereunder, MGP reserves the right to consult those individuals having the legal right to control the disposition of a deceased's remains as set forth in Section 711.002 of the Texas Health and Safety Code, as amended.
6. Unless the Purchaser has elected to make this Contract irrevocable by initialing the applicable box on the Application, said Purchaser has the right to cancel this Contract at any time prior to maturity in accordance with the provisions of the Act. (See Paragraph 8 on the reverse side of this Contract regarding the exercise of this right.)
7. THIS CONTRACT SHALL BE FUNDED WITH A POLICY OF LIFE INSURANCE OR AN ANNUITY CONTRACT, A COPY OF WHICH SHALL BE FURNISHED TO PURCHASER. UNDER THE ACT, NO PARTIAL CANCELLATIONS OR WITHDRAWALS ARE PERMITTED; THEREFORE YOU, THE PURCHASER, MAY NOT TAKE A LOAN AGAINST THE POLICY OR ANNUITY WHILE THIS CONTRACT IS BEING FUNDED BY SUCH POLICY OR ANNUITY.

IN WITNESS WHEREOF, the parties have executed this Contract and accompanying Application (the signatures of the Contract Purchaser, Designated Funeral Home and MGP are contained in the Application and Contract, respectively), which documents constitute the entire agreement among the parties thereto, on this the 7TH day of JULY, 19 94.

GENERAL COVENANTS (TX-REV. 9/93)

1. It is fully understood by both MGP and the Purchaser that if the Insured/Annuitant leaves the area where he or she was living at the time this Contract was executed, Purchaser should contact MGP concerning the designation of an alternative funeral home. Any such change in Designated Funeral Home shall be filed in writing with MGP by Purchaser and shall contain the newly designated funeral home's agreement to perform the Funeral Services in accordance with the terms of the Application and this Contract. It is further agreed that until such time as MGP receives a new designation in writing, duly executed by Purchaser and the alternative funeral home, the selection originally set forth in the Application shall remain in full force and effect.

2. Purchaser, as used herein, shall mean the party who executes the Application attached to this Contract and his (or her) heirs, executor, administrator or legal representative.

3. MGP guarantees that the Funeral Services designated in the Application shall be paid for by MGP out of a fund to be created by the Insurance Policy as provided by Section 1a of the Act. MGP agrees that all amounts paid by the Purchaser under this Contract shall, within thirty (30) days after collection or receipt by MGP, be used for the purpose of payment of premiums on the Insurance Policy. MGP will furnish Purchaser a copy of said Insurance Policy. In return for MGP's promise to provide the Funeral Services, Purchaser hereby assigns to MGP the sum insured or death benefit payable under the Insurance Policy at the time of death of the Insured/Annuitant.

4. Upon the death of the Insured/Annuitant, MGP, after furnishing the Funeral Services and presentation to the insurance company of proper affidavits signed and sworn to by an officer or designated agent of MGP on forms prescribed by the Department of Banking, together with a certified copy of the death certificate, may withdraw and retain the benefits payable under the Insurance Policy. The date of death of the Insured/Annuitant shall be the maturity date of this Contract.

5. MGP covenants and agrees that it will perform in the future, as herein agreed, except that if the Designated Funeral Home should be prevented from delivering the merchandise or rendering the Funeral Services for the funeral of the Insured/Annuitant by events outside of its control, such as labor disputes, Acts of God, government enactment or regulation, war, epidemic or disaster, then the proceeds of the Insurance Policy shall be paid to the Purchaser, or to his or her Estate, if the Purchaser is the Insured/Annuitant hereunder and the parties hereto shall be released from all further liabilities hereunder.

6a. In the event Purchaser should be in default for more than thirty-one (31) days in any of the payments provided for herein, and this Contract is funded by a life insurance policy, MGP, at its option, shall be relieved of the obligation to deliver the Funeral Services and Purchaser shall be entitled to elect by written request received by MGP not later than 60 days after the due date of any payment in default and prior to the death of the Insured, any one of the following Nonforfeiture Benefits as set forth in the Insurance Policy: (a) MGP will apply all accrued cash value available from the insurance policy to the purchase of a reduced paid-up life insurance policy on the life of the Insured, with the Purchaser's estate being named as beneficiary of such policy; (b) the insurance policy may be surrendered for its cash value as provided in Paragraph 8 below; or (c) the insurance policy will be continued as extended term insurance subject to the conditions set forth in the policy. If, on the expiration of the 31 day grace period for payment of any amount in default, such payment has not been paid and no Nonforfeiture Option has been elected, MGP will, subject to the Purchaser's right to elect another option within 60 days after the due date of such past-due payment, automatically continue the insurance policy under the reduced paid-up life insurance option set forth in (a) above.

6b. In the event Purchaser should be in default for more than thirty-one (31) days in any of the payments provided for herein and this Contract is funded by an annuity contract, MGP, at its option, shall be relieved of the obligation to deliver the Funeral Services and shall return to Purchaser, upon written request of said Purchaser, all accrued cash value available from said annuity contract.

6c. Upon any such termination, the parties hereto shall be released from all further liabilities hereunder.

7a. **IN THE EVENT THE INSURED SHOULD DIE DURING THE FIRST TWO (2) YEARS OF A LIMITED DEATH BENEFIT POLICY, THE DIFFERENCE BETWEEN THE TOTAL CURRENT RETAIL PRICE SET FORTH IN THE ATTACHED APPLICATION AND THE DEATH BENEFIT PAYABLE UNDER SAID POLICY AT THE TIME OF THE INSURED'S DEATH SHALL BECOME IMMEDIATELY DUE AND PAYABLE TO MGP. IF THE REMAINING BALANCE IS NOT PAID UPON DEMAND THEREFOR, MGP MAY, AT ITS OPTION, TERMINATE THIS CONTRACT AND RETURN TO PURCHASER, OR HIS/HER ESTATE, ALL ACCRUED CASH VALUE AVAILABLE FROM SAID POLICY. UPON SUCH TERMINATION, ALL PARTIES HERETO SHALL BE RELEASED FROM ALL LIABILITIES AND OBLIGATIONS HEREUNDER.**

7b. **IN THE EVENT THE ANNUITANT SHOULD DIE BEFORE ALL PREMIUMS ARE PAID AS PROVIDED IN AN ANNUITY CONTRACT, THE DIFFERENCE BETWEEN THE TOTAL CURRENT RETAIL PRICE SET FORTH IN THE ATTACHED APPLICATION AND THE DEATH BENEFIT PAYABLE UNDER THE ANNUITY CONTRACT ON THE DATE OF THE ANNUITANT'S DEATH, SHALL BECOME IMMEDIATELY DUE AND PAYABLE TO MGP. IF THE REMAINING BALANCE IS NOT PAID UPON DEMAND THEREFOR, MGP MAY, AT ITS OPTION, TERMINATE THIS CONTRACT AND RETURN TO PURCHASER, OR HIS/HER ESTATE, THE GREATER OF THE DEATH BENEFIT PAYABLE UNDER THE ANNUITY CONTRACT ON THE DATE OF THE ANNUITANT'S DEATH OR ALL ACCRUED CASH VALUE AVAILABLE FROM THE ANNUITY CONTRACT. UPON SUCH TERMINATION, ALL PARTIES HERETO SHALL BE RELEASED FROM ALL LIABILITIES AND OBLIGATIONS HEREUNDER.**

8. In the event Purchaser should desire to cancel this Contract prior to maturity, such cancellation may be accomplished by the Purchaser giving at least fifteen (15) days prior notice in writing to MGP, and thereafter such Purchaser may: (a) withdraw all accrued cash value available from the Insurance Policy if this Contract is cancelled during its first year when payments required hereunder are current, or (b) cause MGP to relinquish all interest in said Insurance Policy and to assign all of its rights thereunder to Purchaser or to such other party as Purchaser shall designate. Upon cancellation of this Contract prior to maturity, and in accordance with the provisions hereof, the parties hereto shall be released from all further liabilities hereunder.

9. All notices, requests, demands and other communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given when received, either by personal delivery, or by mail, first class, postage prepaid, at the addresses stated in the Application. Any party to this Contract shall give written notice to each of the other parties hereto if any address change occurs.

10. The rights under this Contract are personal to the Purchaser and Insured/Annuitant and said Contract cannot be assigned or transferred without the prior written consent of MGP. In the event Purchaser shall predecease the Insured/Annuitant hereunder, all rights under this Contract shall inure to the benefit of said Insured/Annuitant upon fulfillment of the terms and conditions set forth herein.

11. This Contract, and the Application therefor (a copy of which is attached hereto and made a part hereof for all purposes), constitute the entire agreement among the parties hereto and cannot be modified except by written supplement thereto signed by all of said parties.

12. The Application for a Prearranged Funeral Contract must be signed first by the Purchaser and then returned to MGP's business office in the State of Texas, where the offer of said Purchaser to enter into this Contract shall either be accepted or rejected by MGP. Acceptance of the offer shall be accomplished by the signing of this Contract by an authorized officer of MGP at its business office in the State of Texas, which the parties hereto agree shall be the time and place of contracting. If the offer is accepted, a copy of this Contract signed by MGP will be forwarded to the Purchaser by U.S. Mail from a point within the State of Texas, with the postage prepaid and the U.S. Postal Service acting as agent for the Purchaser in delivering such copy. If the offer of the Purchaser is rejected, the unaccepted Application, along with any downpayment, shall be returned to said Purchaser. This Contract shall be binding upon the successors, assigns, beneficiaries, heirs, and legal representatives of all the parties hereto.

ADDITIONAL TERMS AND CONDITIONS

7. Upon default of any amounts due Seller from Purchaser for a period of 30 days or longer, or upon default or failure by the Purchaser to comply with the provisions hereunder or upon receipt of Purchaser's written request to cancel this Agreement, or in the event of a proceeding in receivership or insolvency instituted by or against Purchaser, Seller shall have the right to cancel all or any part of this Agreement, as related to any unused Interment Rights, and to retain all monies paid as liquidated damages, not as a penalty. No refunds will be made of any monies paid on this Agreement by Purchaser to Seller. However, upon cancellation, at Seller's discretion, Seller may cause a Certificate of Interment Rights to be issued for Interment Rights of the Seller's selection, provided the Purchaser's Net Equity (total amount paid less earned Finance Charge) is equal to or greater than the selling price of said Interment Rights.
8. In the event of the death of either Purchaser or Co-Purchaser prior to payment in full, all payments made by Purchaser shall be applied to the Interment Right being used in the following order: First, to the Finance Charge, if any; next, to the Interment Right; then to the Endowment Care Fund; and finally, to Merchandise and Services. If no death occurs prior to payment in full, all payments made by Purchaser shall be applied in the same order as stated above. All prepayments will be applied to the next installment then due.
9. The parties agree that it is impractical and extremely difficult to fix the actual damages, if any, which may result from the breach or cancellation of this Agreement by Purchaser. If this Agreement is cancelled and Seller retains the amount of liquidated damages as Seller's exclusive remedy against Purchaser, all rights, title and interests of Purchaser under or by virtue of this Agreement shall terminate.
10. If the liquidated damages provision herein is held to be unenforceable, then Purchaser agrees to pay all reasonable costs of collection to the extent permitted by law, including court costs, disbursements, and other lawful charges incurred in the collection of Purchaser's indebtedness; provided, however, that each party shall pay its own attorneys' fees incurred in connection with any collection effort or any other dispute of any nature relating to this Agreement and the transaction contemplated hereby. Purchaser waives presentment, demand, notice and protest. It is further agreed that the waiver by the Seller of any breach of any of the covenants contained herein shall not be construed as a waiver of the covenant itself or any subsequent breach thereof.
11. Purchaser's rights under this Agreement may not be assigned without the written consent of the Seller. This Agreement shall be binding on the heirs, executors, administrators, successors and assigns of the Purchaser. Purchaser further agrees that Seller may assign its rights under this Agreement and that this Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Seller.
12. Upon payment in full of the Total Sale Price to Seller or Seller's assignee, Seller will convey to Purchaser all rights, title or interests in the within-described Interment Rights and will deliver, upon Purchaser's request, the within-described Merchandise. It is agreed that this right is purchased for personal or family interment purposes only and not for speculation, and neither Seller, its agents nor salespersons, in any way represent or guarantee a resale thereof.
13. This Agreement will be of no force or effect until countersigned by a duly authorized representative of Seller. The counselor named herein is a duly authorized agent of Seller, and is directly affiliated with Seller. Seller is responsible and liable for the veracity, reliability, and competency of such counselor. Seller is the only person or entity authorized to provide the Merchandise and/or Services sold hereunder.
14. In the event this Agreement includes Interment Rights in a section of a preconstructed mausoleum or belowground crypts, Seller agrees to complete construction of such section within five years after the date of the first sale of Interment Rights therein. If construction is not completed within five years of the date of such first sale, all monies paid by the Purchaser hereunder for such Interment Rights shall be refunded upon Purchaser's request; provided, however, that if failure to complete such construction within said five-year period is the result of any strike, lockout, invasion, insurrection, riot, war, order of any civil or military authority or of any court, or any other unforeseen contingency beyond the control of Seller, then the aforementioned five-year period shall be extended by the duration of the event causing such delay (unless such extension would violate applicable law).
15. Should the need for interment occur before final payment of the Total Sale Price set forth herein, the Purchaser shall have the right to inter the deceased in the interment space selected, provided the proportionate part of said Total Sale Price applicable to the Interment Right, Merchandise or Service to be used shall have first been paid.
16. In the event the need for interment occurs prior to the development or completion of the interment property described herein, Seller may, with the consent of Purchaser, and at no increase in price, permanently transfer Purchaser's Interment Rights to other reasonably comparable developed interment property, or temporarily transfer Purchaser's rights to other reasonably comparable interment property until such time that construction is completed. It is further agreed that Seller retains the right and authority of interment and disinterment and there shall be no additional charge to the Purchaser for this service. The need for interment means that a death has occurred in the family after the date of purchase of pre-developed cemetery property.
17. It is impractical and extremely difficult to fix the actual damage, if any, which may proximately result from a breach of this Agreement by Seller or any error or mistake in connection with the Interment Rights provided hereunder, or any other breach of the Agreement and in the event of a resulting loss, Seller's liability hereunder shall be limited to amounts theretofore paid to Seller by Purchaser plus a maximum of One Hundred Dollars (\$100.00) as liquidated damages, not as a penalty, and this liability shall be exclusive.
18. This cemetery is operated as an Endowment Care cemetery, which means that an Endowment Care fund for its maintenance has been established in conformity with the laws of the State of Texas. Endowment Care means to maintain, repair, and care for the cemetery.
19. ENDOWMENT CARE FUND (hereinafter referred to as "Care and Maintenance Trust Fund"). Seller hereby binds itself to maintain the interment spaces or other interment facilities described herein, and to deposit from payments received hereunder the amounts required by law to a Care and Maintenance Trust Fund created for the continual maintenance of all developed cemetery property without further assessment to Purchaser. Such deposit to the Care and Maintenance Trust Fund shall be in trust with an established State or National bank or savings and loan association licensed in this State as Trustee and in accordance with the applicable law governing such Care and Maintenance Trust Fund. The net income from the Care and Maintenance Trust Fund shall be used solely for the continuing care and maintenance of the developed cemetery and to pay such costs as may be reasonably necessary for the administration of the Care and Maintenance Trust Fund.
20. Purchaser may be subject to income tax on income earned on any funds required to be trusted relating to Merchandise and/or Services purchased hereunder.
21. Notices to the Purchaser shall be sufficient if mailed to the Purchaser's last known address.

THE ARBITRATOR SHALL BE SELECTED BY MUTUAL AGREEMENT OF THE PARTIES OR BY A COURT OF COMPETENT JURISDICTION IN THE CITY OR COUNTY IN WHICH SELLER IS LOCATED UPON THE APPLICATION OF ONE OR BOTH PARTIES.

IMPORTANT INFORMATION ABOUT COVERAGE UNDER THE TEXAS LIFE, ACCIDENT, HEALTH AND HOSPITAL SERVICE INSURANCE GUARANTY ASSOCIATION

Texas law establishes a system, administered by the Texas Life, Accident, Health and Hospital Service Insurance Guaranty Association (the "Association"), to protect policyholders if their life or health insurance company fails to or cannot meet its contractual obligations. Only the policyholders of insurance companies which are members of the Association are eligible for this protection. However, even if a company is a member of the Association, protection is limited and policyholders must meet certain guidelines to qualify. (The law is found in the Texas Insurance Code, Article 21.28-D.)

BECAUSE OF STATUTORY LIMITATIONS ON POLICYHOLDER PROTECTION, IT IS POSSIBLE THAT THE ASSOCIATION MAY NOT COVER YOUR POLICY OR MAY NOT COVER YOUR POLICY IN FULL.

ELIGIBILITY FOR PROTECTION BY THE ASSOCIATION

When an insurance company which is a member of the Association is designated as impaired by the Texas Commissioner of Insurance, the Association provides coverage to policyholders who are:

- * residents of Texas at the time that their insurance company is impaired
- * residents of other states, ONLY if the following conditions are met:
 - 1) The policyholder has a policy with a company based in Texas;
 - 2) The company has never held a license in the policyholder's state of residence;
 - 3) The policyholder's state of residence has a similar guaranty association; and
 - 4) The policyholder is not eligible for coverage by the guaranty association of the policyholder's state of residence.

LIMITS OF PROTECTION BY THE ASSOCIATION

Accident, Accident and Health, or Health Insurance:

- * up to a total of \$200,000 for one or more policies for each individual covered.

Life Insurance:

- * net cash surrender value up to a total of \$100,000 under one or more policies on any one life; or
- * death benefits up to a total of \$300,000 under one or more policies on any one life.

Individual Annuities:

- * net cash surrender amount up to a total of \$100,000 under one or more policies owned by one contractholder.

Group Annuities:

- * net cash surrender amount up to \$100,000 in allocated benefits under one or more policies owned by one contractholder; or
- * net cash surrender amount up to \$5,000,000 in unallocated benefits under one contractholder regardless of the number of contracts.

THE INSURANCE COMPANY AND ITS AGENTS ARE PROHIBITED BY LAW FROM USING THE EXISTENCE OF THE ASSOCIATION FOR THE PURPOSE OF SALES, SOLICITATION, OR INDUCEMENT TO PURCHASE ANY FORM OF INSURANCE.

When you are selecting an insurance company, you should not rely on coverage by the Association.

GUARDIAN CORPORATE PRIVACY STATEMENT¹

The Guardian Corporate Family² ("Guardian") culture is based on an unwavering belief in integrity and fair dealing. We take pride in treating our customers and each other with dignity and respect. Protecting our customers' personal information is very important to us. We want you to know how we collect, use, safeguard and permit access to your customer personal information.

If you own more than one product, you may receive multiple copies of this statement. If you decide to opt out, you need only respond once.

Customer Personal Information We Collect

Information we collect will be different for each of the products or services we provide to you. There are four types of customer personal information we collect:

- Information we get from you on applications or other forms, such as your name, address, date of birth, phone number, and e-mail address;
- Information such as your policy coverage, premiums, payment history, investment transfers and account balances that we get about your transactions with us, our affiliates (*i.e.*, companies related to us by common ownership or control) and non-affiliates;
- Credit related information such as your creditworthiness and credit history that we get about you from credit reporting agencies and other companies we work with, and from companies who give us marketing information;
- Information from online forms that you fill out on Guardian Corporate Family Web sites³ and from online information collecting devices.

How We Use Your Customer Information

Guardian asks for only the customer personal information necessary to deliver superior products and services to you. This information is used to provide you with the product or service you have applied for, to offer you additional products and services, to evaluate and pay claims for benefits, and to assist in managing your accounts.

Our Information Sharing Practices

This is how we may disclose the four types of customer information:

Within the Guardian Corporate Family

- We may share information about you with our affiliates in order to process your application or claim, administer your account, provide you with a service you ask for, or to administer our business.
- We may share your information with our affiliates to give you information about other products and services that may be of interest to you, under joint agreement with one or more financial institutions where applicable. To do this, we develop marketing programs for ourselves and our affiliates based on information you give to us in your application, from other forms, and in surveys.
- We may use that information along with non-credit information from outside sources, to develop marketing programs. The products and service offers are developed under strict conditions designed to safeguard the privacy of your information.
- We may also share your credit information with our affiliates about our transactions and experiences with you (such as your account balance and payment history). You may tell us not to share other credit information such as credit history, information shown on consumer credit reports, and income and asset information with our affiliates except as permitted by law. To find out how to do this, please read the "Opt Out" section at the end of this statement.

■ We may also share your information with your agent, broker or representative. If your agent, broker or representative is a Guardian agent, broker or representative, he or she is bound by agency contract and our rules to abide by the Guardian corporate privacy policy. Your agent, broker or representative may use your information to service your existing policy, account or contract; provide a service requested by you or to offer you additional products and services.

Outside the Guardian Corporate Family

■ We may share information about you with non-affiliates (companies or persons that are not related to us by common ownership or control) in order to process your application or claim, administer your account, provide you with a service you ask for, or to administer our business. We require these non-affiliates to keep your information confidential.

■ We may also share customer information with non-affiliates such as broker-dealers, fiduciary service providers, and non-financial service companies to send you information about other products and services that you may want to buy, under joint agreement between Guardian and one or more financial institutions where applicable. We try to offer this information only to customers who may benefit from them. To do this, we develop marketing programs for ourselves and our affiliates based on information you provide in your application, on other forms, and in surveys. We may give customer information to other financial companies with which we have joint marketing agreements. We may also use that information, along with non-credit information from external sources, to develop marketing programs. The programs that bring you product and service offers are carefully designed to safeguard the privacy of your information. We require these non-affiliates to keep your information confidential. Please see the "Opt Out" section on how to be excluded from certain types of non-affiliate disclosures.

■ We may also share your information if the law permits or requires us to do so. (e.g. government agencies, self-regulatory agencies, or in response to a subpoena).

Health⁴ Information Confidentiality

■ If the product you apply for requires that we get health information about you, we ask you to complete a separate authorization as part of the application process. We will not disclose your health information to anyone without your authorization unless the law permits or requires us to do so.

■ Our contractual relationships with health care providers, as well as state and federal laws require the providers to keep your information confidential.

■ Guardian (including its affiliates and authorized agents), participating health care providers and payers (including self-funded employers) require access to group plan members'

medical information for a number of necessary reasons. These reasons include underwriting, claims payment, fraud prevention, case management programs, delivery of care, quality assessment, utilization review, complying with state and federal requirements, data collection and reporting, accreditation, and statistical research. The authorization you sign, and federal and state laws, permit these disclosures.

Former Customers

If you decide to end your relationship with a member of the Guardian Corporate Family or if your account or policy becomes inactive for some other reason, we will continue to treat and safeguard your information as described in this statement.

Confidentiality and Security

Guardian uses strict standards of security and confidentiality to protect customer personal information that we have about you. Only employees who are trained in the proper handling of your information and who must have that information to perform their jobs will be allowed to see and use your information. We have physical, electronic, and procedural safeguards that comply with applicable federal and state regulations to keep your personal information safe.

Your Rights

■ Guardian will send you a copy of our privacy statement at least once each year for as long as you are our customer.

■ We will tell you how you may advise us not to send you offers for additional products or services from non-affiliates. Customers can contact Guardian at any time to opt out. Customers may also revoke their opt out at any time.

■ We will work to maintain complete and accurate information about you and your accounts. Should you ever believe that our records contain inaccurate or incomplete information about you, please write to us. You may ask Guardian to update, correct or delete information that you believe is incorrect or incomplete. Guardian will promptly investigate your request and take steps to correct any wrong information.

■ If you would like to continue to receive information regarding additional products and services, no action is necessary at this time.

■ If you do not want us to disclose your personal information to non-affiliates you can tell Guardian not to make those disclosures ("opt out"), other than disclosures permitted by law. If you want information shared between Guardian affiliates to be limited to transaction and experience information and not other credit-related information, you may opt out. RE: Prearrangement for : ELMER H BRUNSTING
Contract Number : RB0657715

Some time ago, you had the foresight to purchase a prearranged funeral contract. By doing so, you have joined millions of individuals who will not only spare their family members of many decisions during a time of stress but will also alleviate possible financial burdens.

We are writing you because it has come to our attention there may be some confusion on possible income tax that may be incurred with your type of prearranged funeral contract. Hopefully, this correspondence will clear up any possible misunderstanding.

Your prearranged funeral contract is funded through an annuity issued by Family Service Life Insurance Company. Over time, the annuity increases in value until the funds are disbursed to the funeral home at the time of death. The increase in value or "growth" creates a taxable event. Tax laws change periodically, and this may, or may not be the case in the future.

It is important to remember that this tax liability does not reduce the value of your funeral prearrangement in any way. The savings you have earned by locking in the funeral price will be much greater than any possible taxes that may be assessed.

We would be happy to answer any questions you may have regarding this matter. Please do not hesitate to call us at 1-281-497-2210.

Sincerely,

MEMORIAL OAKS FUNERAL HOME

Dear Nelda and Children:

The following is the state of our affairs as of today. This is written to assist you in the settling of the estate when I, mother or both of us pass on.

I Burial Instructions. This is the first thing to handle. We have purchased and paid cash for a lot in Memorial Oak (I-10 and Eldridge) and have ~~ready~~ paid (in 79) for two funerals to be held in their facilities. For me I do not want Jim Jackson at my funeral. Kerry Snyers will do. Papers on this are in the safe deposit box #385 in Town & Country Bank of America.

We now have everything that I know of in a revocable Trust. Details are in the Safe Deposit Box and an Estate Planning portfolio in my book case bottom shelf. Cory wills you find have been superseded. The attorney who made the Trust is Albert Vacek. You may see him if you feel he is reasonable and easy to get along with. He is ^{now} at 1151 Katy Freeway, 281-531-5800. In putting this Trust together we made everything assumed by the Elmer H & Nelda E Brunsting family Trust.

Merry Christmas!

Another year is almost history. The older we get, the faster the years seem to pass. We had an active year. In March we, with the Chapel Choir of Chapelwood Methodist, followed some of the footprints of John Wesley. We visited several of Methodisms' historic places such as the family home at Epworth, churches in several cities, and sang in St. Paul's Cathedral and in Westminster Abbey. We were one hundred twenty strong of which seventy three were choristers. It was cold in central England. We had snow. England had "Mad cow disease".

In May we celebrated our Golden Wedding Anniversary with a party for 135. We engaged a Dixieland Band lead by Lyman Demand, a Mechanical Engineer who Elmer worked with in Oklahoma and Houston. He blows a mean woodwind. Daughter Candy and Elmer's Aunt Margaret Ridders flew in from California. Aunt Margaret was maid of honor at our wedding.

In September we were visited by a second cousin, Roelof Hofsteenge and wife Hilli, and a third cousin, Jacob Wiggerink, and wife Gerda from Holland. We hosted them in Houston for three days and then drove them to Iowa to show them where Elmer's grandparents, parents, and uncles and aunts lived and their graves. We all had a dinner with three of the four remaining cousins living in Northwest Iowa. Prior to visiting us these folks had a guided sixteen day tour of the US West. The observation of the USA: America has many faces. We had a delightful time trading family data, pictures, and differences. We were requested to come to Holland again in 1997. Decision? Probably not. On our return we visited Myron, Joyce, and Aunt Jennie Brunsting in Arvada, CO; Corinne and John Peck, Nelva's cousins and Bill and Carolyn Nagle, ex-Houston friends in Ft. Collins, CO; Nelva's Uncle Jim Koolbeck and cousin Linda Rodgers in Sedona, AZ and Barry and Iza Reynolds ex-Oklahomans in Lubbock, TX on the way home.

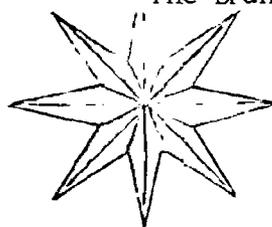

Candy and Owen and sons continue in Concord, CA. Kevan was graduated from high school and now attends a local Community College. Andrew is in 10th grade and follows one of the nets by computer. Carol continues as Manager of Accounts Payable for Compaq Computer. She conceived and is developing a world wide inhouse information system. She again owns two horses. The second is a colt. Carl has made it for the first year of solo architectural practice. Drina is working toward a bachelors degree. Marta is in eighth grade, her last year in Pilgrim Lutheran School. If you have a possible structural problem with your house or business building in SE Texas, Amy may call. She investigates such matters, identifies the cause and recommends a solution. Wayne will receive a B.S. in Civil engineering with as hydraulics emphasis in December. Anita, Vance, Luke, and Katie moved into their new house in January. Anita is totally involved in their Methodist church, choir, piano, and head of the Christian Education Commission. Vance is updating the local fire Dept. and EMTs and arranging for new equipment. Luke has taught himself to read. Katie is a very active two year old. With only a 100 mile separation we manage to see each other frequently.

Both Elmer and Nelva volunteer at Memorial Assistance Ministries, Elmer as Director of Facilities and Nelva a day chairman. Nelva continues as a church Visiting Layman and Elmer as an AARP Tax Aid. Elmer's third angioplasty with "stent" has passed 18 months. He walks two miles every day and tries for no fat food. His PSA is less than 0.1. Elmer completed and issued all four family genealogies and as a result has received additional data for major additions to two of them. Oh well he needs something for 1997. Copies of all are available and affordable. call or mail in orders. He has started on Nelva's families. We have a new Choir Director who is great but expects us to be professional musicians also.

We have had another great year and may yours also have been so.

Happy New year

III Net worth. I have made frequent 2
net worth calculations. These are loose
in the front of the Estate Planning Portfolio.
As of ~~7/1/98~~^{3/3/99} we were worth ~~1,650,000~~^{1,618,800} down
from 1,729,000 on 4/1/98. The test gives
what the assets are. If one of us dies you
kids will get $\$625,000$ tax free for the 5 of you
~~1998~~ but this may be held for mother to live on
1998. This increases in slow steps to
 $\$1,000,000$ in 2007. The balance goes to the
surviving in a revocable trust and for
that matter all or part of the $\$625,000$ can
be held in a separate trust by the surviving
spouse if needed for living. The procedure
for the last to die is like the first except
all goes to the 5 kids.

IV If I go first mother will receive a
pension from Chevron of about $\$750$ per month
She is eligible and must maintain a supplemental
medical policy on Chevron plan which pays
most of what Medicare doesn't and is deducted
from the pension. Also $\$91.78$ per month for life from
Merriam Mutual same as we get now. All
custody of John Deere. Mother will also
get nearly double her present Social Security
of about $\$600$ per month. She is enrolled in Medicare
V Real Estate.

We own our home free and clear. Taxes
currently run about $\$1,000 - 1,200$ per year because
we are both over 65. These are due in December.
Home insurance due Sept 1 is $\$1,700$ for 1998, whoever

Lives with him must own it to get the ⁽³⁾ reduced tax and a tax credit on income tax

The farm is also free and clear. Taxes are about \$2,000/year due, ^{Payable} April 1 and Oct. 1. They are payable to the Sioux County Treasurer in Orange City, Iowa. Rick Beeger rents the farm on a 50/50 share basis. We own 140 acres which is all farmed. He owns 4 acres that are farmed but recently was split the whole 144 acre crop 50/50. We also go 50/50 on purchase of seed, fertilizer and herbicide.

Back to farm

Our expenses about \$7,000 - \$8,000/yr. There are no longer any U.S. Government subsidies to farmers. I have been selling our 1/2 of the crops as they are harvested and invest the money in something that doesn't have a fee or rent. Rick Beeger does all the business end of farming, like buying fertilizer, seed and herbicide. Any application cost is in his account.

On May 11, 1929 the farm will have been owned by my grandfather, Henry Brunsting family for 100 yrs. Henry paid for the 152.57 acres for \$6,500 or \$42.52/acre. My dad bought it from my grandpa for \$27,516⁰⁰ on 180/A on Sept 26, 1924. You may check into getting a Century Farm Certificate.

I presume you will sell the farm, maybe to Carol. A farm management firm in Storm Lake Iowa, sends me their pitch to manage the farm.

Merry Christmas!

Another year is almost history. The older we get the faster the years seem to pass. We had an active year. In March we, with the Chapel Choir of Chapelwood Methodist, followed some of the footprints of John Wesley. We visited several of Methodisms' historic places such as the family home at Epworth, churches in several cities, and sang in St. Paul's Cathedral and in Westminster Abbey. We were one hundred twenty strong of which seventy three were choristers. It was cold in central England. We had snow. England had "Mad cow disease".

In May we celebrated our Golden Wedding Anniversary with a party for 135. We engaged a Dixieland Band lead by Lyman Demand, a Mechanical Engineer who Elmer worked with in Oklahoma and Houston. He blows a mean woodwind. Daughter Candy and Elmer's Aunt Margaret Ridders flew in from California. Aunt Margaret was maid of honor at our wedding.

In September we were visited by a second cousin, Roelof Hofsteenge and wife Hilli, and a third cousin, Jacob Wiggerink, and wife Gerda from Holland. We hosted them in Houston for three days and then drove them to Iowa to show them where Elmer's grandparents, parents, and uncles and aunts lived and their graves. We all had a dinner with three of the four remaining cousins living in Northwest Iowa. Prior to visiting us these folks had a guided sixteen day tour of the US West. The observation of the USA: America has many faces. We had a delightful time trading family data, pictures, and differences. We were requested to come to Holland again in 1997. Decision? Probably not. On our return we visited Myron, Joyce, and Aunt Jennie Brunsting in Arvada, CO; Corinne and John Peck, Nelva's cousins and Bill and Carolyn Nagle, ex-Houston friends in Ft. Collins, CO; Nelva's Uncle Jim Koolbeck and cousin Linda Rodgers in Sedona, AZ and Barry and Iza Reynolds ex-Oklahomans in Lubbock, TX on the way home.

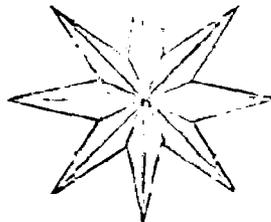

Candy and Owen and sons continue in Concord, CA. Kevan was graduated from high school and now attends a local Community College. Andrew is in 10th grade and follows one of the nets by computer. Carol continues as Manager of Accounts Payable for Compaq Computer. She conceived and is developing a world wide inhouse information system. She again owns two horses. The second is a colt. Carl has made it for the first year of solo architectural practice. Drina is working toward a bachelors degree. Marta is in eighth grade, her last year in Pilgrim Lutheran School. If you have a possible structural problem with your house or business building in SE Texas, Amy may call. She investigates such matters, identifies the cause and recommends a solution. Wayne will receive a B.S. in Civil engineering with as hydraulics emphasis in December. Anita, Vance, Luke, and Katie moved into their new house in January. Anita is totally involved in their Methodist church, choir, piano, and head of the Christian Education Commission. Vance is updating the local fire Dept. and EMTs and arranging for new equipment. Luke has taught himself to read. Katie is a very active two year old. With only a 100 mile separation we manage to see each other frequently.

Both Elmer and Nelva volunteer at Memorial Assistance Ministries, Elmer as Director of Facilities and Nelva a day chairman. Nelva continues as a church Visiting Layman and Elmer as an AARP Tax Aid. Elmer's third angioplasty with "stent" has passed 18 months. He walks two miles every day and tries for no fat food. His PSA is less than 0.1. Elmer completed and issued all four family genealogies and as a result has received additional data for major additions to two of them. Oh well he needs something for 1997. Copies of all are available and affordable. call or mail in orders. He has started on Nelva's families. We have a new Choir Director who is great but expects us to be professional musicians also.

5. PROCESS SAFETY REVIEW & HAZOP PROCEDURE:

The Process Safety Review Procedure and the HAZOP Procedure are presented in Table One.

The HAZOP procedure applies a number of guidewords to applicable process parameters. A definition of guidewords is presented in Table Two.

A Deviation Matrix applies the Guidewords to the Process Parameters in order to identify deviations for consideration when studying a process. An example Deviation Matrix is presented in Table Three.

Table Four is a Guide Diagram and introduces some of the "considerations" associated with "deviations".

The HAZOP examination Record is completed as each item of the Deviation Matrix is reviewed:

- Consequence: the ultimate effect of the deviation on the system if all protection fails.
- Causes: possible failures or errors that will result in this deviation.
- Protection: what installed or procedural safeguards are designed to prevent these causes from resulting in these consequences. The protection may prevent the causes from resulting in the deviation, or it may prevent the deviation from precipitating the identified consequences.
- Recommended Action: the team can enter appropriate action if required and if the required action is obvious. If not, one person is assigned to follow up and develop action and report back to the team. Solutions will be discussed by the team in separate meetings.

An Attendance Register records who was present for which reviews.

Pre-Arranged Funerals P.O. Box 941843
Property & Memorialization Houston, TX 77079

Dear Memorial Oaks Family,

The Pre-Planning you have already completed is a thoughtful sign of the care and concern you have for your loved ones. This is also the best possible way to assure your family and friends that your final arrangements are what you wanted.

Most Funeral Plans that have been selected over time, even in those instances where the purchaser selected "Everything", have certain items that will be noted as "not included". In the past, the inclusion of such items as the "opening and closing" charges have been restricted by law, while others such as the outer burial vault simply were not included in the pre-need sales. These items can prove to be a considerable additional cost on a service that you may believe includes everything.

Memorial Oaks now has a program to complete your protection and lock in prices at today's cost, (like you did when you purchased your cemetery property) on the items that were not previously available for pre-need purchase. This will give everyone concerned, the ultimate peace of mind to know you have total protection.

Please allow me to give you a call so that we may go over your records to verify that all of your pre-needs are completed. We are concerned that many families do not have all the information that is needed at the time of a death. I would like you to receive your Personal Planning Guide, a booklet that allows you to record estate planning, banking, vital statistics and other important information for your personal use, which is available at no cost.

I look forward to meeting with you.

Sincerely yours,

Helen Saracoplu

Dear Memorial Oaks Family,

We have received many request over the years from the families who own Lawn Crypts in sec.214 for a bench. As of May 1,2000. Memorial Oaks Cemetery will allow families to purchase benches for their property. Benches will be placed against the railing and space is limited.

Memorial Oaks would like to give your family the first opportunity. I will be calling you in few days to see if you have any questions and if I could be of any help.

Sincerely,

What Your Survivors Will Need To Know

A Guide for Retirees and Employees

When you die, your family members and other survivors will need information so that they can make wise decisions at a very difficult time. That's why it is important that you take steps before your death to organize your personal and financial records.

WHAT YOU CAN DO

Plan ahead. Talk with your family and the other survivors who may have to handle your affairs. Let them know your wishes, and give them a chance to express their thoughts. ■ Your survivors should know what kind of funeral arrangements you want and whether you wish to donate any of your organs to science. Also, they should know who to advise of your death. Leave them a list of the people, organizations and publications that you would like to have notified. ■ Your family and other survivors may also need to know who to contact for legal and financial advice, particularly for guidance about federal and state estate taxes, income taxes and property ownership. And, they will need information about your personal and financial affairs, such as life insurance policies, stocks and bonds.

THIS BOOKLET CAN HELP

This booklet can help you and your survivors. It includes two *work sheets* to help you organize and record your personal and financial information. It also includes a *checklist* that your survivors can follow after you die and *other resources* that provide information about preparing for death. ■ Please take time to review the booklet and discuss it with your family. Being prepared now may help your survivors avoid anxiety, delays and expenses in the future.

The following work sheets can help you organize your personal and financial information. Use the work sheets in the manner that suits you best. If they do not include all of the information your survivors will need, attach more sheets. It may take you quite a bit of time to complete the work sheets, depending on your personal and financial circumstances.

Prepare a will

The key to good planning is carefully preparing a will. Even for modest estates, the absence of a will may cause your survivors unnecessary delays and expenses. Your survivors should know where you keep the original copy of your will. If it is in a safe deposit box, tell them the location, box number and where you keep the key.

WORK SHEET 1 — PERSONAL INFORMATION

This work sheet includes space for you to write personal information. Use the "Comments" section at the end of the work sheet for information about the location of any documents that your survivors will need. You may also wish to set up files to organize any material that supports the information in this booklet.

WORK SHEET 2 – FINANCIAL INFORMATION

After you die, your survivors may have to manage the household. To do this, they need to know the family's assets and liabilities, sources of income and expenses. The following work sheet should help you record this information. Depending on your personal situation, additional information may be necessary. ■ List current expenses for each category below. Columns have been provided for you to identify "Regular (fixed)" expenses and "Discretionary" expenses. Regular expenses are those that you must pay each month — such as mortgage payments, water and electricity. Discretionary expenses are items such as gifts, entertainment or charities. Providing a good record of current expenses should help your survivors determine how those expenses might change. ■ In the "Comments" section at the end of this work sheet, you may wish to provide more information about expenses. Think about the things you and other family members do and how those tasks would have to be handled. For example, if a surviving spouse must maintain a large yard, a future expense could be a gardening service. Other examples might include a housekeeper, tax preparer, lawyer and carpenter.

SURVIVOR'S CHECKLIST

If you are a survivor, you will have some responsibilities immediately after a death and other responsibilities within a few weeks. This checklist is a guide to help you get started. You may have additional responsibilities, depending on your personal circumstances.

You should immediately:

- Notify relatives and friends. *Balance in cash*
- Make funeral arrangements. Many funeral directors allow you to assign part of your life insurance benefits to them to cover expenses. If assignment is permitted, the funeral director should be able to provide you with the necessary forms. *vs way pay cash after funeral*
- Notify Chevron. See Page 13 for more information.
- Decide where to print obituary notices. Consider local newspapers, hometown newspapers, schools and professional organizations. *ACS & MICHIE*
- Get approximately 10-20 certified copies of the death certificate from the funeral home. (If you have only a few bank and investment accounts, 10 copies may be enough.)
- Open a checking account in your name if you don't have one.

Then, you should:

- Put all joint checking and savings accounts in your name only.
- Set up a separate bank account to handle money from the estate.
- Check the safe deposit box for a will or life insurance policies. Arrange for another safe deposit box for yourself.
- Review any homeowner and vehicle insurance policies.
- Notify life insurance companies.
- Check with former employers (other than Chevron) for any benefits that may be due. *Dear Min. Mutual*
- Select a lawyer to file the will and help in other matters.
- Select an accountant to handle taxes. *Rach Rubens?*
- Select a financial adviser if you don't have one. *why?*
- Transfer the ownership of the deceased's home, other real estate and vehicles. *taken care of in will / Don't change*
- Contact credit card companies for any other insurance that may be payable; this is particularly important if the death was accidental or occurred while traveling.

SURVIVOR'S CHECKLIST

- Cancel all credit cards and have them reissued in your name only; notify other creditors such as banks and credit unions.
- Contact a broker about registering stocks (other than Chevron stock) and other securities.
- Check U.S. Savings Bonds and transfer ownership. *J. Pay memo case*
- Contact the Social Security Administration and apply for survivor benefits. Telephone number of local office _____
- Contact the Veterans Administration if the retiree or employee served in the armed forces.
- File for Workers' Compensation benefits if the employee's death was work-related.
- Change the name on all utility bills.
- Change the telephone listing. For your protection, you may want to use your initials — instead of your first name.
- Revise your will, and consider making your own funeral arrangements. *not necessary*

Notifying Chevron

Survivors should immediately notify Chevron when a retiree or employee dies. Survivors of retirees should call the Retiree Benefits Services Group at 1-800-888-2701. Survivors of employees should call the local Human Resources office:

Name of Human Resources representative _____ Telephone no. _____

Chevron will need the following information:

Retiree/employee name _____

Social Security number *282-32-8905* Date of death _____

Name of surviving spouse or beneficiary _____

Social Security number *481-30-* Telephone no. _____

Address _____

After you notify Chevron, a company representative will contact you as soon as possible. He or she will explain any benefits and help file any required forms. The representative should discuss the following points, if they apply:

- life insurance benefits;

SURVIVOR'S CHECKLIST

- benefits from the Chevron Retirement or Profit Sharing/Savings plans or one of the plans that preceded them, and benefits payable from any other plans. *NONE*
- health care coverage (Survivors may continue coverage if they are members of the *Continued* Chevron Medical Plan, Chevron Medical Choice Plan, Chevron Dental Plan, CIGNA Dental Care or a participating health maintenance organization. Chevron may continue to pay a portion of the cost.);
- transferring the registration of Chevron stock;
- continuing to use the Chevron National Travel Card.

Be cautious

If you are a survivor, you may want to postpone major decisions until you recover from your loss. You should carefully consider actions such as selling property, signing contracts or buying major items. Look at your long-term needs before you make any decisions, and obtain professional advice when you need it.

This booklet summarizes some of the information you should know about preparing for death. Many other resources are available, and you should also use them. Check with your local library, lawyer, accountant or financial adviser. In addition, you may want to contact:

- Chevron's Retiree Benefits Services Group at 1-800-888-2701 — for information about Chevron benefits;
- Chairperson, Benefits Committee, Chevron Retirees Association;
- American Association of Retired Persons (AARP), 1909 K St., N.W., Washington, DC 20049 (for a brochure called "Final Details");
- American Bar Association, 1155 East 60th St., Chicago, IL 60637;
- American Institute of Certified Public Accountants, 1211 Avenue of the Americas, New York City, NY 10036 (professional society of accountants certified by states and territories);
- Institute of Certified Financial Planners, 3443 South Galena, Suite 190, Denver, CO 80231;
- Investors Service Bureau, New York Stock Exchange, 11 Wall St., New York City, NY 10005 (for a brochure called "How to Get Help When You Invest" and an investor's kit).

This booklet is intended as a guide for planning for death. It does not include all of the information that you or your survivors should consider. Additionally, the booklet is designed for a typical person and may not be appropriate for your personal and financial circumstances. You should consult a lawyer, accountant or financial adviser, as appropriate.

What Your Survivors Will Need To Know was prepared by Chevron's Benefits Staff: Susan E. Forrest, Assistant Manager — Welfare Plans. Design and typesetting services were provided by General Services.

Special thanks to Al Aldinger and James Bockman of the Chevron Retirees Association for their research and help in preparing the booklet. Also, special thanks to the publishers of *A Survival Kit for Wives* by Don and Renee Martin, Villard Books, New York, 1986, for checklist ideas and information about other resources.

We are sorry to learn of your recent loss. Please accept our sincere sympathy.

You are entitled to monthly widow's benefits beginning April 2009.

We raised your monthly benefit to \$1,876.90 beginning April 2009 because of the death of another entitled beneficiary.

What We Will Pay And When

- You will receive \$1,780.00 for May 2009 around June 3, 2009.
- After that you will receive \$1,780.00 on or about the third of each month.

Information About Your Payments

You are entitled to a Social Security payment of \$255.00 because of the death of ELMER BRUNSTING.

Overpayment Information

We used \$1,300.00 of your benefits to recover some or all of an overpayment on this record.

We paid \$480.00 more in benefits than we should have. We deposited ELMER BRUNSTING's benefits for April 2009 into a bank account which you also owned. We can't pay benefits for the month of death, April 2009, or later. Because you are a joint owner of the bank account, you are overpaid \$480.00.

We plan to recover this overpayment from the payment you would normally receive about August 3, 2009.

Do You Think We Are Wrong About The Overpayment?

You have certain rights with respect to this overpayment and its recovery.

1. **Right to Appeal:** If you disagree in any way with this overpayment determination, you have the right, within 60 days of the date you receive this notice, to request that the determination be reconsidered. If you request this independent review of the overpayment determination, please submit any additional information you have which pertains to the overpayment.
2. **Right to Request Waiver:** You also have the right to request a determination concerning the need to recover the overpayment. An overpayment must be refunded or withheld from benefits unless both of the following are true:
 - a. The overpayment was not your fault in any way, and
 - b. You could not meet your necessary living expenses if we recovered the overpayment, or recovery would be unfair for some other reason.

If you request waiver, we may need a statement of your assets and monthly income and expenses.

If you request reconsideration and/or waiver within 30 days, the overpayment will not have to be recovered until the case is reviewed. This review is described in more detail on the attached form SSA-3105, Important Information About Your Appeal and Waiver Rights. The people in any Social Security office will be glad to help you complete the forms for requesting reconsideration (SSA-561-U2, Request for Reconsideration) and/or waiver (SSA-632-BK, Overpayment Recovery Questionnaire).

Even if you do not want to request reconsideration or waiver, please call, write or visit any Social Security office if you have questions or need more information. Please take this letter with you if you do visit an office.

Other Social Security Benefits

If you were married more than once, please contact us because you may be able to get a higher benefit on the record of a prior spouse.

Your Responsibilities

Your benefits are based on the information you gave us. If this information changes, it could affect your benefits. For this reason, it is important that you report changes to us right away.

We have enclosed a pamphlet, "When You Get Social Security Retirement Or Survivors Benefits...What You Need to Know". It tells you what must be reported and how to report.

Privacy Act and Paperwork Reduction Act Statements

The Social Security Administration (SSA) has authority to collect the information requested on the PAYMENT STUB under section 204 of the Social Security Act. Giving us this information is voluntary. You do not have to do it. We will need this information only if you choose to make payment by credit card. You do not need to fill out the credit card information if you choose another means of payment (for example, by check or money order).

If you choose the credit card payment option, we will provide the information you give us to the banks handling your credit card account and SSA's account. This will allow you to repay your overpayment with your credit card. We may also provide this information to another person or government agency to comply with federal laws requiring the release of information from our records. You can find these and other routine uses of information provided to SSA listed in the Federal Register. If you want more information about this, you may call or write any Social Security office.

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it.

Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.

This information collection meets the clearance requirements of 44 U.S.C. section 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You are not required to answer these questions unless we display a valid Office of Management Budget control number. We estimate that it will take you about 6 minutes to read the instructions, gather the necessary facts, and answer the questions.

If You Disagree With The Decision

If you disagree with this decision, you have the right to appeal. We will review your case and consider any new facts you have. A person who did not make the first decision will decide your case. We will correct any mistakes. We will review those parts of the decision which you believe are wrong and will look at any new facts you have. We may also review those parts which you believe are correct and may make them unfavorable or less favorable to you.

- You have 60 days to ask for an appeal.
- The 60 days start the day after you get this letter. We assume you got this letter 5 days after the date on it unless you show us that you did not get it within the 5-day period.
- You must have a good reason for waiting more than 60 days to ask for an appeal.
- You have to ask for an appeal in writing. We will ask you to sign a Form SSA-561-U2, called "Request for Reconsideration". Contact one of our offices if you want help.

If You Want Help With Your Appeal

You can have a friend, representative, or someone else help you. There are groups that can help you find a representative or give you free legal services if you qualify. There also are representatives who do not charge unless you win your appeal. Your Social Security office has a list of groups that can help you with your appeal. If you get someone to help you, you should let us know. If you hire someone, we must approve the fee before he or she can collect it.

If You Have Any Questions

We invite you to visit our website at www.socialsecurity.gov on the Internet to find general information about Social Security. If you have any specific questions, you may call us toll-free at 1-800-772-1213, or call your local Social Security office at 1-866-591-7734. We can answer most questions over the phone. THE SECRETARY OF VETERANS AFFAIRS
WASHINGTON

Dear Veteran:

The Department of Veterans Affairs (VA) has recently learned that an employee took home electronic data from the VA, which he was not authorized to do and was in violation of established policies. The employee's home was burglarized and this data was stolen. The data contained identifying information including names, social security numbers, and dates of birth for up to 26.5 million veterans and some spouses, as well as some disability ratings. As a result of this incident, information identifiable with you was potentially exposed to others. It is important to note that the affected data did not include any of VA's electronic health records or any financial information.

Appropriate law enforcement agencies, including the FBI and the VA Inspector General's office, have launched full-scale investigations into this matter. Authorities believe it is unlikely the perpetrators targeted the items because of any knowledge of the data contents.

Out of an abundance of caution, however, VA is taking all possible steps to protect and inform our veterans. While you do not need to take any action unless you are aware of suspicious activity regarding your personal information, there are many steps you may take to protect against possible identity theft and we wanted you to be aware of these. Specific information is included in the enclosed question and answer sheet. For additional information, the VA has teamed up with the Federal Trade Commission and has a Web site (www.firstgov.gov) with information on this matter or you may call 1-800-FED-INFO (1-800-333-4636). The call center will operate from 8 a.m. to 9 p.m. (EDT), Monday-Saturday, as long as it is needed.

Beware of any phone calls, e-mails, and other communications from individuals claiming to be from VA or other official sources, asking for your personal information or verification of it. This is often referred to as information solicitation or "phishing." VA, other government agencies, and other legitimate organizations will not contact you to ask for or to confirm your personal information. If you receive such communications, they should be reported to VA at 1-800-FED-INFO (1-800-333-4636).

We apologize for any inconvenience or concern this situation may cause, but we at VA believe it is important for you to be fully informed of any potential risk resulting from this incident. Again, we want to reassure you we have no evidence that your protected data has been misused. We will keep you apprised of any further developments. The men and women of the VA take our obligation to honor and serve America's veterans very seriously and we are committed to ensuring that this never happens again.

In accordance with current policy, the Internal Revenue Service has agreed to forward this letter because we do not have current addresses for all affected individuals. The IRS has not disclosed your address or any other tax information to us.

Sincerely yours,

A handwritten signature in black ink, appearing to read "R. James Nicholson", written over a horizontal line.

Answers to Frequently Asked Questions

1- I'm a veteran, how can I tell if my information was compromised?

At this point there is no evidence that any missing data has been used illegally. However, the Department of Veterans Affairs is asking all veterans to be extra vigilant and to carefully monitor bank statements, credit card statements and any statements relating to recent financial transactions. If you notice unusual or suspicious activity, you should report it immediately to the financial institution involved and contact the Federal Trade Commission for further guidance.

2- What is the earliest date at which suspicious activity might have occurred due to this data breach?

The information was stolen from an employee of the Department of Veterans Affairs during the month of May, 2006. If the data has been misused or otherwise used to commit fraud or identity theft crimes, it is likely that veterans may notice suspicious activity during the month of May.

3- I haven't noticed any suspicious activity in my financial statements, but what can I do to protect myself and prevent being victimized by credit card fraud or identity theft?

The Department of Veterans Affairs strongly recommends that veterans closely monitor their financial statements and visit the Department of Veterans Affairs special website on this, www.firstgov.gov or call 1-800-FED-INFO (1-800-333-4636).

4- Should I reach out to my financial institutions or will the Department of Veterans Affairs do this for me?

The Department of Veterans Affairs does not believe that it is necessary to contact financial institutions or cancel credit cards and bank accounts, unless you detect suspicious activity.

5- Where should I report suspicious or unusual activity?

The Federal Trade Commission recommends the following four steps if you detect suspicious activity:

Step 1 – Contact the fraud department of *one* of the three major credit bureaus:
Equifax: 1-800-525-6285; www.equifax.com; P.O. Box 740241, Atlanta, GA
30374-0241

(Continued on reverse.)

Experian: 1-888-EXPERIAN (397-3742); www.experian.com; P.O. Box 9532, Allen, Texas 75013

TransUnion: 1-800-680-7289; www.transunion.com; Fraud Victim Assistance Division, P.O. Box 6790, Fullerton, CA 92834-6790

Step 2 – Close any accounts that have been tampered with or opened fraudulently

Step 3 – File a police report with your local police or the police in the community where the identity theft took place.

Step 4 – File a complaint with the Federal Trade Commission by using the FTC's Identity Theft Hotline by telephone: 1-877-438-4338, online at www.consumer.gov/idtheft, or by mail at Identity Theft Clearinghouse, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington DC 20580.

6- I know the Department of Veterans Affairs maintains my health records electronically; was this information also compromised?

No electronic medical records were compromised. The data lost is primarily limited to an individual's name, date of birth, social security number, in some cases their spouse's information, as well as some disability ratings. However, this information could still be of potential use to identity thieves and we recommend that all veterans be extra vigilant in monitoring for signs of potential identity theft or misuse of this information.

7- What is the Department of Veterans Affairs doing to ensure that this does not happen again?

The Department of Veterans Affairs is working with the President's Identity Theft Task Force, the Department of Justice and the Federal Trade Commission to investigate this data breach and to develop safeguards against similar incidents. The Department of Veterans Affairs has directed all VA employees complete the "VA Cyber Security Awareness Training Course" and complete the separate "General Employee Privacy Awareness Course" by June 30, 2006. In addition, the Department of Veterans Affairs will immediately be conducting an inventory and review of all current positions requiring access to sensitive VA data and require all employees requiring access to sensitive VA data to undergo an updated National Agency Check and Inquiries (NACI) and/or a Minimum Background Investigation (MBI) depending on the level of access required by the responsibilities associated with their position. Appropriate law enforcement agencies, including the Federal Bureau of Investigation and the Inspector General of the Department of Veterans Affairs, have launched full-scale investigations into this matter.

8- Where can I get further, up-to-date information?

**IMPORTANT NOTICE TO RECIPIENTS FOR PENSION OR ANNUITY
PAYMENTS ONLY**

If Federal Income Taxes have been withheld from the payments you are receiving and if you do not wish to have taxes withheld, please let us know. However, if you elect not to have withholding apply to your payments, or if you do not have enough Federal Income Tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Withholding is merely a method of paying taxes which you owe and therefore does not change your total liability.

If Federal Income Taxes are not being withheld from your payment because you have elected not to have withholding apply and if you wish to revoke that election and have Federal Income Taxes withheld from your payments, please let us know.

Payments made to United States citizens and delivered to an address outside the United States may be subject to federal withholding tax. The recipient is not allowed to elect out of federal tax withholding. Unless there is an election on file, the standard withholding amount for periodic payments is based on married with three withholding allowances. Generally, payments made to Non-Resident Aliens are subject to a 30% United States federal tax withholding. To the extent that some non-resident aliens are resident in countries that have reduced withholding rates pursuant to tax treaties with the United States, lower withholding rates would be applied. In order to withhold taxes at a lower rate, we must have a valid W8-BEN form on file for the person or entity to which the payment was made. Failure to complete a valid W8-BEN will result in a 30% tax withholding from the payment.

IMPORTANT INFORMATION

What If I Worked In 2010?

If you were “full” retirement age or older (born in 1943 or earlier) throughout the year, you may keep all of your benefits no matter how much you earn. But if you were younger than full retirement age (born in 1944 or later) at any time during the year, there is a limit to how much you can earn before your benefits are reduced.

- **If you were younger than full retirement age all year in 2010**, the earnings limit is as \$14,160. We must deduct \$1 from your benefits for each \$2 you earned over \$14,160.
- **If you reached full retirement age during 2010**, the earnings limit was \$37,680. We must deduct \$1 from your benefits for each \$3 you earned over \$37,680 until the month you turned age 66.

We paid you benefits in 2010 based on the amount of money you estimated you would make. When your employer(s) reports your actual earnings for 2010 to us, we will adjust your benefits if necessary. The earnings your employer reports are the amount that will be on the W-2(s) you will receive. If the earnings on your W-2(s) for 2010 include money you earned in another year, you should contact us before April 15 to let us know.

What If I Work In 2011?

The earnings limit for workers who are younger than “full” retirement age will remain \$14,160. The earnings limit for people turning 66 in 2011 still will be \$37,680. Your benefits will be reduced if you earn more than these limits. If you expect to earn more in 2011, you should tell us right away so we can pay you correctly. This does not mean you must try to limit your earnings. If we withhold some of your benefits because you continue to work, we will pay you a higher monthly benefit amount when you reach your full retirement age. There is no limit on earnings if you are full retirement age or older for the entire year.

What If I Also Get Supplemental Security Income (SSI)?

If you get SSI, you must call **1-800-772-1213** to report all of your earnings.

A Rule About Stepchildren

If a stepchild receives benefits based on your work and you and the stepchild’s parent divorce, you must report the divorce to us. We must stop the stepchild’s benefits the month after the divorce becomes final.

Health Insurance For Children

If you have children or grandchildren younger than age 19 who are not covered by health insurance, the Children’s Health Insurance Program may help. To find out more, visit www.insurekidsnow.gov or call, toll-free, **1-877-KIDS-NOW (1-877-543-7669)**. The number connects you to your State’s program.

Help For Elders

The Eldercare Locator is a free public service of the U.S. Administration on Aging. By calling **1-800-677-1116**, or visiting www.eldercare.gov, you can connect with a specialist in your area who can explain programs that give financial, employment, legal, and caregiving help to seniors.

Help Prevent Identity Theft

Be aware of scams through the mail, Internet, telephone, or in person. You should be careful when someone asks for personal information, including your Social Security number.

Medicare Information

The Centers for Medicare & Medicaid Services recently mailed the *Medicare & You 2011* handbook to all households with Medicare.

If you are a Medicare beneficiary with limited resources and income, you may be able to get extra help paying for your monthly premiums, deductibles, and co-payments under the prescription drug program. If you have not yet completed an *Application for Extra Help* (Form SSA-1020), you can still do so. Even if you already filed and were not eligible, you may want to apply again. Some things no longer count as resources and income. You can apply online at www.socialsecurity.gov/extrahelp or call Social Security at **1-800-772-1213** (TTY **1-800-325-0778**) and apply over the phone.

You may be able to get help from your State with other medical costs through a Medicare Savings Program. Medicare Savings Programs can help people with limited resources and income save more than \$1,100 a year by paying for their Medicare Part B premiums. In some cases, Medicare Savings Programs can help pay Medicare Part A premiums (if any) and may help with Medicare deductibles and co-payments.

You can start your application process for the Medicare Savings Programs by completing an *Application for Extra Help*. Social Security will send information to your State unless you tell us not to on the application. Then your State will contact you to help you apply. You also can contact your State, local Medicaid, or social services office to file for a Medicare Savings Program.

Since 2007, higher-income beneficiaries must pay additional Medicare Part B premiums. Beginning January 1, 2011, higher-income beneficiaries will pay higher Medicare prescription drug plan premiums, as well. This is called the income-related monthly adjustment amount (IRMAA). However, fewer than 5 percent of Medicare beneficiaries will pay a higher premium.

If you are one of these higher-income beneficiaries, the additional amount of your Medicare prescription drug plan premium will be tied to the base beneficiary premium, not your own premium amount. We will deduct the additional amount from your monthly Social Security benefits regardless of how you ordinarily pay your monthly premiums. If the extra amount is more than the amount of your Social Security payment, you will get a separate bill from another Federal agency.

If you have questions about IRMAA, Medicare eligibility, or how to enroll for Medicare, go online to www.socialsecurity.gov or contact Social Security at **1-800-772-1213** (TTY **1-800-325-0778**, if you are deaf or hard of hearing). For all other Medicare information, including coverage and billing, visit www.medicare.gov or call **1-800-MEDICARE (1-800-633-4227)** or TTY **1-877-486-2048**. You also can request information from your State Health Insurance Assistance Program (SHIP). Your local SHIP phone number is in the back of your *Medicare & You 2011* handbook, or you can call **1-800-MEDICARE** for the number.

Your Social Security benefits are protected against inflation. By law, they increase when there is a rise in the cost of living. The government measures changes in the cost of living through the Department of Labor's Consumer Price Index (CPI). The CPI has not risen since the last cost-of-living adjustment was determined in 2008. As a result, your benefits will not increase in 2011.

Please review the other important information in this mailing. You can use this letter when you need proof of your benefit amount to receive food stamps, rent subsidies, energy assistance, bank loans, or for other business.

How Much Will I Get And When?

- Your monthly amount (before deductions) is \$1,876.50
- The amount we deduct for Medicare medical insurance is \$96.50

JOHN DEERE CHEMICAL COMPANY

W. W. YEANDLE
PRESIDENT

EXECUTIVE AND SALES OFFICES
POST OFFICE BOX 1736
TULSA 1, OKLAHOMA

February 11, 1965

TO ALL SALARIED EMPLOYEES OF
JOHN DEERE CHEMICAL COMPANY

The Company wishes to announce several important changes in benefits for salaried employees. The basic changes are outlined in this letter. More detailed information, particularly with regard to pension and insurance benefits, will be forwarded to you as soon as new certificates and booklets are printed.

New Base Salaries

New base salaries will be established by incorporating the present accumulated annual increases, along with 2-1/2% of the present 4% Cost-of-Living Allowance, into the base. The remaining 1-1/2% Cost-of-Living Allowance will be added to the new base and will result in the same gross salary as was in effect on January 31, 1965.

Cost-of-Living Allowance

Any future cost-of-living adjustments will be applied to the new Base Salary in accordance with a revised Cost-of-Living Allowance table, a copy of which is attached.

Salary Increase -- February 1, 1965

Effective February 1, 1965 salaried employees will receive an increase in the amount of 2-1/2% of the new Base Salaries.

Health and Accident Insurance

Effective February 1, 1965, a new benefit covering radiation therapy has been provided for employees and dependents. A \$300 maximum schedule applies to this benefit.

Out-patient diagnostic X-ray and laboratory benefits which apply to employees but not to dependents have been increased from \$25 to \$50, effective February 1, 1965.

The amount of reimbursement for doctors' calls, both office and home, remains unchanged. However, the maximum period for which these benefits are provided has been increased from 26 to 52 weeks per year. This change also becomes effective February 1, 1965.

Effective February 1, 1965, the spouse of a deceased employee or pensioner may continue the health and accident insurance coverage by payment of the full premium group rates. There are certain limitations as to the length of time that this insurance can be continued.

Effective February 1, 1965, the Company will pay the full cost of health and accident insurance for living pensioners and their dependents.

Pension Plan (Subject to approval by the Internal Revenue Service)

Effective January 1, 1965, the minimum pension amount will be increased from \$2.80 to \$4.25 per month for each year of service. This minimum will not be subject to actuarial reduction for individuals taking early retirement at age 62 or later. Any pension amount above the minimum, however, will be subject to actuarial reduction for early retirement at any time prior to age 65.

The formula for computing pensions and the 10-year minimum service requirement remain unchanged.

The 40-year-of-age eligibility requirement for deferred vested pension has been removed. Employees with 10 years or more of service credit at the time of termination will be eligible for a deferred vested pension.

The normal and mandatory retirement age will remain at 65 and 68. The minimum early retirement age will continue to be 60 years except for employees 55 years of age or over whose combined age and service total at least 85.

Disability Pensions

Employees retiring because of total and permanent disability after January 1, 1965, will receive a disability pension of \$4.25 per month per year of service credit. If they are ineligible for Social Security disability benefits, they will receive a special temporary benefit of \$5.20 per month per year of service credit up to 25 years (\$130 maximum) until age 65, election of early retirement, or eligibility for unreduced Social Security benefits, whichever is earliest.

The Supplementary Disability Pension Insurance which became effective for salaried employees on November 1, 1962 will be continued.

Life Insurance - Employees

Effective February 1, 1965, the non-contributory life insurance for employees will be revised as follows:

1. Less than one month of continuous employment -- \$1,000.
2. One month to one year -- \$6,000.
3. One year or more -- one year's earnings with a minimum of \$6,000.
4. At age 65 the life insurance of an employee continuing at work will be subject to a reduction of 2% per month to a minimum varying in accordance with service and earnings, but not less than \$1,500.

Life Insurance - Pensioners -- Effective February 1, 1965

Employees electing early retirement may continue their full amount of life insurance or any part thereof to age 65. The premium for life insurance during this period of continuance is to be paid in full by the pensioner. At age 65 the amount of life insurance continued then reduces at the rate of 2% per month as outlined in Item 4 under "Life Insurance - Employees."

Life insurance for an employee retiring at age 65 will be reduced at the rate of 2% per month as outlined in Item 4 under "Life Insurance - Employees."

Life insurance for employees retiring after age 65 will continue to be reduced at the rate of 2% per month as outlined in Item 4 under "Life Insurance - Employees."

Transition Survivor Income Benefit -- Effective February 1, 1965

The widow or certain specific survivors of a deceased employee are eligible for a benefit of \$100 per month for 24 months. This is in addition to life insurance.

Bridge Survivor Income Benefit -- Effective February 1, 1965

The widow or "dependent widower" of a deceased employee will be eligible to receive a benefit of \$100 per month which may be paid for a maximum of 10 years. This benefit is available only if the beneficiary was over 50 but under 62 years of age on the date of the employee's death. A surviving widow will not be eligible for the Bridge Benefit if she is eligible to receive Mother's Insurance Benefits under the Social Security Act. A dependent widower must have been wholly or partially dependent on the employee during the calendar year preceding the employee's death in order to receive the Bridge Benefit. This Bridge Benefit does not become payable until after 24 months of Transition Benefits have been paid, and will not be payable if the beneficiary remarries.

As indicated in the beginning of this letter, you will receive more detailed information on the Pension and Insurance Plans at a later date. In the meantime, if you have any questions concerning the benefits, please contact your supervisor or the Personnel Department.

We regret it is too late to include the indicated 2-1/2% increase in the mid-month check for February, but this will be picked up on the February 28 paycheck.

Very truly yours,

A handwritten signature in cursive script, appearing to read "W. W. Yeandle". The signature is written in dark ink and is positioned to the right of the typed name "WYeandle:fd".

JOHN DEERE CHEMICAL COMPANY

EXECUTIVE AND SALES OFFICES
POST OFFICE BOX 1736
TULSA 1, OKLAHOMA

June 10, 1965

TO ALL SALARIED EMPLOYEES

The following information concerning pensions and insurance is applicable to all individuals who were employees of the John Deere Chemical Company as of May 31, 1965:

A. PENSIONS

1. Any employee who had completed one year of continuous employment and has one year of service credit prior to June 1, 1965 and whose employment had not been terminated prior to that date shall be entitled to deferred vested pension benefits under the John Deere Death, Disability and Pension Plan in the same manner and amounts to which he would have been entitled had the Plan not required 10 years of service credit. Upon reaching age 65, the employee will be entitled to receive pension benefits determined on the basis of his anniversary years of earnings and service credit prior to June 1, 1965. The employee may elect to have his pension begin early between age 60 and age 65 on an actuarially reduced basis. At the time of application for a pension, the employee may elect a joint and survivor option.
2. The above benefits shall be provided at the option of the Company by continuation of the Trust Fund or, at a time to be determined by the Company, by the purchase of annuities from a life insurance company. If annuities are purchased, the amount of early retirement and joint and survivor benefits will be determined by the actuarial tables in use by the insurance company.
3. The implementation of the terms of Items 1 and 2 above is subject to approval by the Internal Revenue Service.
4. Each eligible employee will be notified when details of the plan have been completed and proper approvals have been received.

B. GROUP LIFE INSURANCE

Group life insurance terminates on July 1, 1965. An employee may make application to the Travelers Insurance Company before that date for conversion of his non-contributory group life insurance and the term portion of his partially contributory insurance, or any part thereof, to one of the forms of insurance issued by the Travelers Insurance Company other than term insurance. An employee will not be required to submit medical evidence of insurability, but the premium will be

that normally charged for the type of policy selected and based on his attained age at the time of purchase.

Application for life insurance conversion can be made to any Travelers Insurance Company representative.

C. HEALTH AND ACCIDENT INSURANCE

Group health and accident insurance is not continued, but an individual policy may be obtained without further evidence of insurability by making application and paying the premium for such individual policy by July 1, 1965. Information as to the coverage available, the premium rates and the application form for such conversion can be obtained from Mr. K. B. Smith, John Deere Chemical Company, P.O. Box 1736, Tulsa, Oklahoma 74101.

Any questions concerning pensions or insurance may be addressed to Mr. K. B. Smith at the Tulsa office up to July 1, 1965; thereafter, they should be referred to the Deere & Company Personnel Department, John Deere Road, Moline, Illinois.

Very truly yours,

TO ALL SALARIED EMPLOYEES PARTICIPATING IN
THE PARTIALLY CONTRIBUTORY LIFE INSURANCE PLAN:

All employees of the Company are provided with a life insurance policy which is fully paid for by the Company. This policy includes an accidental death and dismemberment feature generally known as "double indemnity."

Upon acquiring two years of service, salaried employees are also eligible to participate in an additional life insurance plan known as the "Partially Contributory Plan." This plan, however, has not included a double indemnity feature.

Favorable experience under double indemnity now makes it possible to add this coverage to the Partially Contributory Insurance at a very low cost. This added feature will become effective immediately and the employee's portion of the total cost for the Partially Contributory Insurance coverage, including the added double indemnity provision, will be increased from \$1.30 to \$1.36 per month per \$1,000 of insurance.

No application form is required. The Travelers Insurance Company will issue a separate certificate covering this double indemnity feature.

Yours truly,

W. W. Yeandle

Dear Mr. Brunsting:

Enclosed is your Certificate of Participation under Fund A of the John Deere Pension Trust. The Trustee has purchased a Group Retirement Annuity Contract from The Minnesota Mutual Life Insurance Company. This Contract will provide you with certain benefits at retirement as described in this Certificate.

Minnesota Mutual has no way of knowing where you will be located when the time comes for you to receive these retirement benefits. Therefore, when changing addresses, please notify Minnesota Mutual of your address change by completing the enclosed address change form.

Also, please write directly to Minnesota Mutual (to the attention of the Pension Division) when inquiring about your benefits, and when making application for these benefits. If you should desire specific information regarding the amount of monthly annuity available at early retirement date, at normal retirement date, or at postponed retirement date, on the normal form or under one of the optional forms of payment, you should also write directly to Minnesota Mutual. When so doing, please include the date of birth and name of your spouse so the exact optional amounts can be calculated at that time.

It is suggested that you read the certificate carefully and put it, along with this letter and change of address card, in a safe place for future reference.

Minnesota Mutual should also be notified in the event of the death of the payee shown on the Certificate.

Very sincerely,

Allan Jirele

This Presentation is based on these assumptions below. If any of these assumptions are changed, the amounts could change.

AUTOMATIC RETIREMENT ANNUITY (Figures based on Current Value)

The income a participant receives at retirement must be paid as a Joint and Survivor annuity if the participant is legally married at retirement, **UNLESS HE/SHE CHOOSES AN OPTIONAL RETIREMENT ANNUITY INSTEAD.**

Under a Joint and 100% to survivor annuity, monthly payments are made to both the participant and his/her spouse while they are both living, and after the first death are continued in the same amount to the survivor terminating with the death of the survivor.

The amount you would receive under this option per month is \$ 91.78

If you wish to receive a "Joint and 100% to Survivor Annuity", please sign immediately below.

If you do not wish to receive payments on a "Joint and 100% to Survivor Annuity" option, please review and choose one of the Optional Retirement Annuities listed in the next section.

YOUR PAYMENT HAS BEEN ELECTRONICALLY TRANSMITTED TO YOUR ACCOUNT.

**IMPORTANT NOTICE TO RECIPIENTS FOR PENSION OR ANNUITY
PAYMENTS ONLY**

If Federal Income Taxes have been withheld from the payments you are receiving and if you do not wish to have taxes withheld, please let us know. However, if you elect not to have withholding apply to your payments, or if you do not have enough Federal Income Tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Withholding is merely a method of paying taxes which you owe and therefore does not change your total liability.

If Federal Income Taxes are not being withheld from your payment because you have elected not to have withholding apply and if you wish to revoke that election and have Federal Income Taxes withheld from your payments, please let us know.

Payments made to United States citizens and delivered to an address outside the United States may be subject to federal withholding tax. The recipient is not allowed to elect out of federal tax withholding. Unless there is an election on file, the standard withholding amount for periodic payments is based on married with three withholding allowances.

Generally, payments made to Non-Resident Aliens are subject to a 30% United States federal tax withholding. To the extent that some non-resident aliens are resident in countries that have reduced withholding rates pursuant to tax treaties with the United States, lower withholding rates would be applied. In order to withhold taxes at a lower rate, we must have a valid W8-BEN form on file for the person or entity to which the payment was made. Failure to complete a valid W8-BEN will result in a 30% tax withholding from the payment.

You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Withholding is merely a method of paying taxes which you owe and therefore does not change your total liability.

If Federal Income Taxes are not being withheld from your payment because you have elected not to have withholding apply and if you wish to revoke that election and have Federal Income Taxes withheld from your payments, please let us know.

Payments made to United States citizens and delivered to an address outside the United States may be subject to federal withholding tax. The recipient is not allowed to elect out of federal tax withholding. Unless there is an election on file, the standard withholding amount for periodic payments is based on married with three withholding allowances.

Generally, payments made to Non-Resident Aliens are subject to a 30% United States federal tax withholding. To the extent that some non-resident aliens are resident in countries that have reduced withholding rates pursuant to tax treaties with the United States, lower withholding rates would be applied. In order to withhold taxes at a lower rate, we must have a valid W8-BEN form on file for the person or entity to which the payment was made. Failure to complete a valid W8-BEN will result in a 30% tax withholding from the payment.

Occupational Accident Insurance

The Gulf Travel Accident Insurance Plan is paid for entirely by Gulf. It is intended primarily to provide accidental death benefits of up to three times annual pay for employees while flying on Company business.

The Gulf Occupational Accidental Death and Dismemberment Insurance Plan provides benefits of up to \$25,000 for all other occupational accidental death and dismemberment cases, is paid for entirely by Gulf, and automatically applies to all dollar-roll employees of Gulf.

Savings-Stock Bonus Plan Any bonds and cash you have in the Savings Funds will be delivered to the person(s) entitled to them. In addition, your share of the Stock Bonus Funds, and any stock you have in the Long Term Stock Bonus Fund, will be delivered to your beneficiary.

Gulf Pension Plan This is the lump-sum survivor benefit as of 1/1/80: \$4,827.96

If you die while you are eligible for early or regular retirement, and if you designated your husband or wife (or a trustee if certain requirements are met) as sole beneficiary under this Plan, he or she will receive a lifetime pension or may elect the lump-sum benefit. This survivor pension would generally be more valuable than the lump-sum benefit.

Disability Benefits

If you are unable to work due to sickness or accident, all or part of your pay may be continued temporarily. Workers' Compensation may be payable if a disability results from a job-related illness or accident. If severely disabled, you and your eligible dependents may qualify for monthly Social Security payments.

After six months of total disability you may qualify for monthly benefits from the Disability Income Insurance Plan. The monthly benefit is any amount needed to bring your income from any other Gulf benefits, primary Social Security, Workers' Compensation, etc., up to 50% of your final monthly compensation; however, if you have eligible dependents under Social Security, the total income is limited to 70%. Benefits under this Plan may continue as long as you are totally disabled.

If you become totally disabled, your Group Life Insurance Plan coverage may be continued during the disability at no cost to you. However, after age 65 your coverage will become subject to post-retirement reductions.

Regular and disability retirement pensions are **not** discounted.

Your Additional Benefits After Regular, Early or Disability Retirement

Gulf Spouse-Pension

The Gulf Pension Plan provides that the person married to you at the time your retirement pension starts will be entitled to a **completely Gulf paid** lifetime spouse-pension after your death. This spouse-pension—equal to 40% of your regular or early pension at retirement—will also be part of any additional spouse protection you may elect. (If you retire on a disability pension, the spouse-pension is equal to 40% of the pension you would have received as an early retiree.) Your pension is not reduced to provide the 40% spouse-pension. **This means greater lifetime benefits for you, added protection for your husband or wife.**

Pensions From Acquired Company Plans

If you have earned a pension under an acquired company retirement plan for service before you became a member of the Gulf Pension Plan, it is in addition to the benefits shown on this statement. If you have such credits, you will receive a separate statement regarding them.

Pre-Social Security Allowance

If your retirement pension starts before age 62 and you are not entitled to Social Security disability benefits, you will receive an extra Company-paid allowance to help you until Social Security can start.

Social Security 1980

You and Gulf share the costs of this program. Full benefits may be received at age 65 or earlier disability. Lower benefits may be received as early as age 62. A spouse who is at least age 62 may qualify for additional benefits. The maximum monthly primary benefit for employees applying for Social Security at age 65 in January 1980 is \$572.00 (\$402.80 at age 62). This amount is based on the Social Security Act as in effect December 31, 1979.

Normal Form of Payment

In accordance with the provisions of the Employee Retirement Income Security Act, the "normal" form of pension payment for a member who is married at the pension starting date will be a lifetime pension reduced so as to provide a pension to the surviving husband or wife equal to 50% of the member's reduced pension. The "normal" form of pension payment will automatically apply unless a member elects not to take it. The Gulf-paid spouse-pension will be included as part of this 50%. Your Gulf Pension Plan figures shown on the other side of this Statement do **not** reflect this adjustment.

Medical Care

During your retirement, Gulf will make contributions of up to \$84.00 per month toward the cost of medical care until you and all your eligible dependents qualify for Medicare (generally at age 65). Thereafter, Gulf will contribute up to \$14.00 per month for each eligible individual toward the cost of a medical program supplementing Medicare, either an individual program of your own choice or the voluntary program made available by Gulf.

Gulf Group Life Insurance Plan

If you retire before age 65 you may continue your full coverage until age 65 provided you make any required contributions. Your contribution rate is 50¢ per month for each \$1,000 of insurance in excess of \$10,000. If you have been insured under Schedule Y (and, if applicable, Schedule Z) continuously from the last date you became enrolled in the Plan, your post-retirement life insurance **after age 65** will be approximately the following percentage of your **highest annual compensation rate**:

Age	65-66	66-67	67-68	68-69	69-70	70 and on
Percentage	100	90	80	70	60	50

or, for an employee hired after 1978 who has less than 10 years of time-service at retirement, the following percentage for each year of time-service—

10	9	8	7	6	5
----	---	---	---	---	---

The **minimum** insurance after age 65 is \$3,000.

If you have any question about your entitlement to insurance after age 65, you can obtain a separate statement from the Insurance Department by requesting it through your Human Resources office.

Voluntary Group Accident Insurance

If you have been insured under the Connecticut General Voluntary Group Accident Insurance program for at least one year at the time of your retirement, you can continue your insurance after retirement (but only up to \$30,000) if you continue to pay the premiums.

Your Additional Benefits After Regular, Early or Disability Retirement

Gulf Spouse-Pension

The Gulf Pension Plan provides a **surviving spouse-pension** equal to 40% of your pension automatically if you are a member who is married when your regular or early retirement pension starts. (If you retire on a disability pension, the spouse-pension is equal to 40% of the pension you would have received as an early retiree.) Your pension is not reduced to provide this 40% spouse-pension. It is provided entirely at Company expense.

Pensions From Acquired Company Plans

If you have earned a pension under an acquired company retirement plan for service before you became a member of the Gulf Pension Plan, it is in addition to the benefits shown on this statement. If you have such credits, you will receive a separate statement regarding them.

Pre-Social Security Allowance

If your retirement pension starts before age 62 and you are not entitled to Social Security disability benefits, you will receive an extra Company-paid allowance to help you until Social Security can start.

Social Security

You and Gulf share the costs of this program. Full benefits may be received at age 65 or earlier disability. Lower benefits may be received as early as age 62. A spouse who is at least age 62 may qualify for additional benefits. The maximum monthly primary benefit for employees applying for Social Security at age 65 on January 1, 1979 is \$503.40 (\$388.90 at age 62). This amount is based on the Social Security Act as in effect December 31, 1978.

Normal Form of Payment

In accordance with the provisions of the Employee Retirement Income Security Act, the "normal" form of pension payment for a member who is married at the pension starting date will be a lifetime pension reduced so as to provide a pension to the surviving husband or wife equal to 50% of the member's reduced pension. The "normal" form of pension payment will automatically apply unless a member elects not to take it. The Gulf-paid spouse-pension will be included as part of this 50%. Your Gulf Pension Plan figures shown on the other side of this Statement do **not** reflect this adjustment.

Medical Care

During your retirement, Gulf will make contributions of up to \$84.00 per month toward the cost of medical care until you and all your eligible dependent(s) qualify for Medicare (generally at age 65). Thereafter, Gulf will contribute up to \$8.00 per month for each eligible individual toward the cost of a medical program supplementing Medicare, either an individual program of your own choice or the voluntary program made available by Gulf.

Gulf Group Life Insurance Plan

When you retire you may continue your full coverage until age 65 provided you make any required contributions. Your contribution rate is 50¢ per month for each \$1,000 of insurance in excess of \$10,000. If your life insurance is continued in force until age 65 (whether you work until age 65 or retire earlier), it will decrease beginning at age 65. If you have been insured under Schedule Y (and, if applicable, Schedule Z) continuously from (a) within 90 days of the date you first became eligible or (b) from August 1, 1969 or, if later, (c) before attainment of age 40, your life insurance after age 65 will be approximately the following percentage of your **highest annual compensation rate**:

Age	65-66	66-67	67-68	68-69	69-70	70 and on
Percentage	100	90	80	70	60	50
	or, for an employee hired after 1978 who has less than 10 years of time-service at retirement, the following percentage for each year of time-service—					
	10	9	8	7	6	5

The **minimum** insurance after age 65 is \$3,000.

If you have any question about your entitlement to insurance after age 65, you can obtain a separate statement from the Insurance Department by requesting it through your Human Resources office.

Voluntary Group Accident Insurance

If you retire after 1977 and have been insured under the Connecticut General Voluntary Group Accident Insurance program for at least one year at the time of your retirement, you can continue your insurance after retirement (but only up to \$30,000) if you continue to pay the premiums.

INSTRUCTIONS FOR IOWA INHERITANCE TAX RETURN (IA 706)

GENERAL

RETURN REQUIRED: An inheritance tax return must be filed by the fiduciary of any estate or trust when the gross share subjected to tax without reduction for liabilities, of any beneficiary, heir, transferee, or surviving joint tenant exceeds the allowable exemption for such share.

If the estate has filed a federal estate tax return a copy must be submitted with the Iowa return.

If the federal estate tax return includes the schedules of assets and liabilities, the taxpayer may omit Iowa Schedules A through I from the return. When Iowa schedules are filed with the return, only those schedules which apply to the particular assets and liabilities of the estate are required. Iowa schedules A through I may be replaced with the Iowa Bar probate schedules or any commercially prepared schedules if those schedules are substantially identical to the Department's prepared schedules and all assets subject to inheritance tax are reported. **NOTE:** Only the Department's Inheritance Tax Return and the liabilities schedules J and K will be accepted.

A return merely listing the assets and their values when the gross estate is in excess of \$10,000 is not sufficient in nontaxable estates. In this case the return must be amended to list the schedule of liabilities and the computation of the net estate before an inheritance tax clearance can be issued.

ALSO, a return must be filed to clear title to real estate.

DATE FOR FILING:

For future property interest created prior to July 1, 1981, a supplemental tax return shall be filed and tax paid one year after death of the life tenant.

For future property interest created after July 1, 1981, but not prior to July 1, 1984, a supplemental tax return shall be filed and tax paid nine months after death of the life tenant.

For future property interest created after July 1, 1984, a supplemental tax return shall be filed and tax paid by the last day of the ninth month after death of the life tenant.

The return shall provide for schedules listing the assets includible in the gross estate, a listing of the liabilities deductible in computing the net estate and a computation of the tax due, if any, on each share of the net estate.

The return must be filed and any tax due, paid on all property coming into present possession and enjoyment, within nine months after death for estates of decedents dying after June 30, 1981 and before July 1, 1984.

For deaths on or after July 1, 1984, the tax shall be paid to the Department on or before the last day of the ninth month after the death of the decedent.

POWER OF ATTORNEY — Completing the authorization on page 2 will authorize the attorney to represent the estate and receive confidential information, but will not authorize the attorney to enter into closing agreements for the estate.

ALTERNATE VALUATION — Effective for estates of decedents dying on or after July 1, 1983, alternate value may be used on the same terms and conditions which govern the alternate valuation for federal estate tax purposes. **NOTE:** The alternate value cannot be used for Iowa purposes unless used for federal estate tax purposes and a federal estate tax return is required to be filed.

In general, the alternate valuation date is the date six months after the decedents death. If the property is sold within the six-month period, the date of sale is the alternate date for valuing the property sold.

If the election is made, all of the property included in the gross estate and not just a portion of the property sold must be valued at the alternate valuation.

If the alternate valuation is elected, the value established for federal estate tax purposes shall also be the alternate value for inheritance tax purposes.

Failure to indicate on line 25 of the inheritance tax return the election of alternate valuation shall be construed as a decision not to elect an alternate valuation date.

SPECIAL USE VALUATION — Effective for estates of decedents dying on or after July 1, 1982, real estate which has been valued at its special use value under 26 U.S.C. Section 2032A for computing the federal estate tax, is eligible to be valued for inheritance tax purposes at its special use value.

Real estate cannot be specially valued for inheritance tax purposes unless it is also eligible and is valued at its special use value for federal estate tax purposes. However, even though real estate is specially valued for federal estate tax purposes, the estate has the right to elect or not to elect to value real estate at its special use value for computing the inheritance tax. **NOTE:** The special use value cannot be used for Iowa purposes if a special use election for federal estate tax purposes has no effect on the federal tax.

The election to specially value real estate under provisions of Iowa Code Chapter 450B must be made by the fiduciary for the estate or trust on the inheritance tax return. The election, once made, is irrevocable. Failure to make an election on the inheritance tax return shall be construed as an election not to specially value real estate under Iowa Code Chapter 450B.

A copy of the executed election for federal estate tax purposes, must be timely filed with the Iowa Department of Revenue.

The agreement must be executed by all parties who have interest in the property to be valued at its special use as of the date of the decedents death. In the agreement, the qualified heir must consent to be personally liable for the additional inheritance tax imposed in the event of early disposition or cessation of the qualified use.

A protective election may be made to specially value qualified real property for inheritance tax purposes. The protective election must be made on the inheritance tax return and shall contain the same information required by federal regulation section 20-2032A-8(b).

If a protective election is made and it is found the real estate qualifies for special use valuation as finally determined for federal estate tax purposes, an additional notice of election must be filed within 60 days after date of determination, along with an amended inheritance tax return. Failure to file the additional notice within 60 days shall disqualify the real estate for special use valuation.

GROSS ESTATE — Includes all those items or interests in property passing by any method of transfer specified in Iowa Code Section 450.3.

INHERITANCE TAX CLEARANCE — Effective July 1, 1983, the distinction between full payment and partial payment clearances was abolished. Only full payment clearances will be issued. A full payment clearance will be issued only after the tax, penalty and interest have been paid in full. **NOTE:** Only an original inheritance tax clearance will be issued by the Department. The personal representative is required to designate on the return who is to receive the clearance. If the return fails to designate a recipient, the clearance will be sent to the clerk of the district court.

1981 Annual Employee Benefits Statement

It's Time To Check Your Benefits

Dear fellow employee:

This statement is intended to give you a brief description of the Gulf Employee Benefits Program and information regarding your participation.

It is only a statement for your convenience and is in all respects subject to the terms and conditions contained in the official texts of the Plans and Policies which constitute the Gulf Employee Benefits Program.

Coverages and amounts of benefits shown are based on records of personal data as of January 1, 1981. These include your age and service shown in the "Personal Data" section of this statement.

All possible care has been taken to assure accuracy. If you have a question about any item on your statement, please consult your supervisor or Human Resources Representative so that it can be verified or corrected. See your employee benefits booklets for more information about each of these plans. Official plan texts are also available to employees on an individual basis. If you cannot secure an answer to your question, please feel free to write directly to me.

Gerald W. Bush
Senior Vice President—Human Resources
Gulf Oil Corporation
P.O. Box 1166
Pittsburgh, Pa. 15230

Health Care Benefits

In 1981, Gulf contributes up to \$47.00 per month toward the cost of your coverage under the new Gulf Medical Plan or other qualifying medical program, or up to \$120.50 per month for you and your dependent(s). If you are enrolled in the new Gulf Dental Assistance Plan or other qualifying dental program, Gulf contributes \$4.00 per month toward your coverage, or up to \$15.50 per month towards coverage for you and your dependent(s).

Survivor Benefits

Group Life Insurance Plan Your coverage as of 1/1/81:

SCHEDULE Y	\$ 20,000	
SCHEDULE Z	\$ 114,000	\$ 134,000

Connecticut General Voluntary Group Accident Insurance Plan As of 1/1/81 you had elected this amount of coverage:

Occupational Accident Insurance

The Gulf Travel Accident Insurance Plan is paid for entirely by Gulf. It is intended primarily to provide accidental death benefits of up to three times annual pay for employees while flying on Company business.

The Gulf Occupational Accidental Death and Dismemberment Insurance Plan provides benefits of up to \$25,000 for all other occupational accidental death and dismemberment cases, is paid for entirely by Gulf, and automatically applies to all dollar-roll employees of Gulf.

Savings-Stock Bonus Plan Any bonds and cash you have in the Savings Funds will be delivered to the person(s) entitled to them. In addition, your share of the Stock Bonus Funds, and any stock you have in the Long Term Stock Bonus Fund, will be delivered to your beneficiary.

Gulf Pension Plan This is the lump-sum survivor benefit as of 1/1/81: \$62,074.16

If you die while you are eligible for early or regular retirement, and if you designated your husband or wife (or a trustee if certain requirements are met) as sole beneficiary under this Plan, he or she will receive a lifetime pension or may elect the lump-sum benefit. This survivor pension would generally be more valuable than the lump-sum benefit.

Disability Benefits

If you are unable to work due to sickness or accident, all or part of your pay may be continued temporarily. Workers' Compensation may be payable if a disability results from a job-related illness or accident. If severely disabled, you and your eligible dependents may qualify for monthly Social Security payments.

After six months of total disability you may qualify for monthly benefits from the Disability Income Insurance Plan. The monthly benefit is any amount needed to bring your income from any other Gulf benefits, primary Social Security, Workers' Compensation, etc., up to 50% of your final monthly compensation; however, if you have eligible dependents under Social Security, the total income is limited to 70%. Benefits under this Plan may continue as long as you are totally disabled.

If you become totally disabled, your Group Life Insurance Plan coverage may be continued during the disability at no cost to you. However, after age 65 your coverage will become subject to post-retirement reductions.

Savings-Stock Bonus Plan

On February 13, 1981 the 1978 Term was distributed. You were entitled to:

-U.S. Bonds (at cost) and cash for account balance:	NONE

NOTE: A and B above, just as the non-contributory figures to the right, do not reflect any discount that might apply for early retirement. However, C, above, is the minimum contributory allowance as of 1/1/81. When your retirement pension starts, this C amount will be higher because it will reflect the additional regular interest credited after 1/1/81 and the pension multiplier for your nearest year of age.

NOTE: 1. Maximum Primary Social Security benefit for Plan purposes for a December 31, 1980 retirement at age shown.
2. This amount is subject to reduction if you retire after your regular retirement age and after 1980.

Your Retirement Pension

You will receive a regular pension upon retirement at or after your regular retirement age. You can qualify for a disability retirement pension if you are totally and permanently disabled for six months and have had at least 15 years of time-service. Regular and disability retirement pensions are **not** discounted.

You can qualify for early retirement when your years of age plus time-service equal 75 or more, or, if you were a member of the SAP, when you reach age 55. If you retire early, your early retirement pension will start immediately unless you choose to defer it. When payments start, you will receive the percentage of your pension shown under Table A or Table B—whichever gives you the higher amount. (The **minimum** contributory allowance shown under Part C in your pension calculation on the other side would not be calculated according to these tables. Instead, it would be figured using the appropriate factor for your age when the pension starts.)

Your Additional Benefits After Regular, Early or Disability Retirement

Gulf Spouse-Pension

The Gulf Pension Plan provides that the person married to you at the time your retirement pension starts will be entitled to a **completely Gulf paid** lifetime spouse-pension after your death. This spouse-pension—equal to 40% of your regular or early pension at retirement—will also be part of any additional spouse protection you may elect. (If you retire on a disability pension, the spouse-pension is equal to 40% of the pension you would have received as an early retiree.) Your pension is not reduced to provide the 40% spouse-pension. **This means greater lifetime benefits for you, added protection for your husband or wife.**

Pensions From Acquired Company Plans

If you have earned a pension under an acquired company retirement plan for service before you became a member of the Gulf Pension Plan, it is in addition to the benefits shown on this statement. If you have such credits, you will receive a separate statement regarding them.

Pre-Social Security Allowance

If your retirement pension starts before age 62 and you are not entitled to Social Security disability benefits, you will receive an extra Company-paid allowance to help you until Social Security can start.

Social Security 1981

You and Gulf share the costs of this program. Full benefits may be received at age 65 or earlier disability. Lower benefits may be received as early as age 62. A spouse who is at least 62 may qualify for additional benefits. The maximum monthly primary benefit for employees applying for Social Security at age 65 in January 1981 is \$677.00 (\$432.00 at age 62). This amount is based on the Social Security Act as in effect December 31, 1980.

Normal Form of Payment

In accordance with the provisions of the Employee Retirement Income Security Act, the "normal" form of pension payment for a member who is married at the pension starting date will be a lifetime pension reduced so as to provide a pension to the surviving husband or wife equal to 50% of the member's reduced pension. The "normal" form of pension payment will automatically apply unless a member elects not to take it. The Gulf-paid spouse-pension will be included as part of this 50%. Your Gulf Pension Plan figures shown on the other side of this Statement do not reflect this adjustment.

Medical Care

During your retirement, Gulf will make contributions of up to \$120.50 per month toward your cost of medical care for you and all your eligible dependents before Medicare applies (generally at age 65). Once an eligible individual qualifies for Medicare, Gulf will contribute up to \$17.00 per month for that individual toward the cost of a medical program supplementing Medicare—either the new Gulf Medical Plan or that person's own individual program. Any balance of the premium for that person will be your own responsibility.

Gulf Group Life Insurance Plan

If you retire before age 65 you may continue your full coverage until age 65 provided you make any required contributions. Your contribution rate is 50¢ per month for each \$1,000 of insurance in excess of \$10,000. If you have been insured under Schedule Y (and, if applicable, Schedule Z) continuously from the last date you became enrolled in the Plan, your post-retirement life insurance after age 65 will be approximately the following percentage of your highest annual compensation rate:

Age	65-66	66-67	67-68	68-69	69-70	70 and on
Percentage	100	90	80	70	60	50
	or, for an employee hired after 1978 who has less than 10 years of time-service at retirement, the following percentage for each year of time-service—					
	10	9	8	7	6	5

The **minimum** insurance after age 65 is \$3,000.

If you have any question about your entitlement to insurance after age 65, you can obtain a separate statement from the Insurance Department by requesting it through your Human Resources office.

Voluntary Group Accident Insurance

If you have been insured under the Connecticut General Voluntary Group Accident Insurance program for at least one year at the time of your retirement, you can continue your insurance after retirement (but only up to \$30,000) if you continue to pay the premiums.

Notice to Recipients:

(References are to the Internal Revenue Code.)

These instructions apply to distributions from profit-sharing or retirement plans, with the exception of boxes 6 and 7 (for individual retirement arrangements) and box 4 which apply only to profit-sharing plans.

Lump-sum Distribution. Generally the term "lump-sum distribution" means a distribution or payment from a retirement plan within one taxable year of the recipient, or the balance to the credit of an individual which becomes payable to the recipient (a) on account of death, (b) after attaining age 59½, (c) separation from the service, or (d) becoming disabled (within the meaning of section 72(m)(7)).

If the distribution does not qualify as a lump-sum distribution, no portion qualifies for capital gain treatment. The special 10-year averaging method does not apply. In such case, report the total amount of the distribution on Form 1040 under Other Income. For additional information, see Publication 575.

Box 2. This portion of the lump-sum distribution qualifies for capital gain treatment. Report on Schedule D of Form 1040 or Form 1041 and identify as "Lump-sum Distribution." See Death Benefit Exclusion below. Also see instructions for Form 4972 on Form 5544 for election to treat this amount as ordinary income for the 10-year averaging method.

Box 3. This portion of the total distribution is taxable as ordinary income and may be eligible for

a special 10-year averaging method. See Form 4972 or 5544 and instructions for death benefit exclusion below.

Note: If there are no entries in boxes 2 and 3, still the recipient must furnish them.

Box 4. Report this amount on Form 1040 under Other Income as "Premiums paid by trustee or custodian for current life or other insurance."

Box 5. Amounts contributed or considered contributed by the individual (less nontaxable amounts previously distributed) are not taxable.

Note: These boxes are for your IRA distributions.

Box 6. Amounts you received as distributions from an Individual Retirement Account, Annuity or Bond. These amounts may be includable in income depending on the type of distribution. See Publication 590 for more information.

Box 7. The number listed here identifies the type of distribution you received from the IRA as follows:

- 1—Premature Distribution (other than codes 2, 3, 4, or 5); 2—Rollover; 3—Disability; 4—Death; 5—Prohibited Transaction; 6—Other; 7—Normal Distributions; 8—Excess contributions reduced plus earnings on such excess contributions; 9—Transfers to an IRA for a spouse included in a divorce.

Box 8. If the distribution consists in part of securities of your employer's corporation, the net unrealized appreciation in these securities is tax deferred until you sell the securities.

Annuity. If you receive an annuity contract as part of a distribution, it is not taxable upon receipt. It is taxable when periodic payments are received, but only to the extent the payments exceed your basis in the annuity. If the distribution is made to more than one person, the dollar amount and the percentage of the annuity contract distributed to you is shown in box 9. You will need that information if you elect the special 10-year averaging method on Form 5544.

Death Benefit Exclusion. If you receive a plan distribution as the beneficiary of a deceased employee (or deceased disability retiree who died prior to attaining retirement age) you may be entitled to a "death benefit exclusion" of up to \$5,000.

Taxable amounts shown in boxes 2 and 3 are without regard to this exclusion. Allocate the exclusion between capital gain and ordinary income and include the reduced amounts on your tax return.

Note: If the total distribution is made to more than one person, the percentage you received is shown in the space below box 9. Enter the percentage on line 1, Form 5544, Multiple Recipient Special 10-Year Averaging Method, if elected.

We are enclosing a partial settlement of your account under the Tax Reduction Act Stock Ownership Plan (TRASOP) of Gulf Oil Corporation. This settlement contains only benefits which are currently on file as of December 31, of the year prior to the current year.

Furthermore, if you elected to participate in the voluntary contribution portion of the plan you will receive an additional settlement in approximately four to eight weeks for your contributions and matching funds.

In addition, based on eligibility, as each new plan year is added to the file, you could possibly receive additional settlements. These settlements will normally be distributed in April of each year.

Dear Former Savings-Stock
Bonus Plan/PAYSOP Member:

As you know, Standard Oil Company of California ("Socal") has made a cash tender offer for all of the shares of Gulf Corporation Common Stock at a price of \$80 net per share. The tender offer will be followed by a merger of a subsidiary of Socal with Gulf.

Since the Socal tender offer is for a limited period, it may not be possible for you to tender the enclosed Gulf shares. However, following the merger, any Gulf Common Stock not acquired by Socal in the tender offer will be converted into a right to receive \$80 in cash for each share not tendered. You will be advised as to the procedure to be followed in exercising this right.

Sincerely,

Philip E. Lintner
Secretary

TAX REDUCTION ACT STOCK OWNERSHIP PLAN OF GULF OIL CORPORATION

INCOME TAX INFORMATION

The enclosed computer printed form contains information that you will need for federal income tax purposes with respect to the benefits you received from the Gulf TRASOP. You should consult your personal tax advisor with specific reference to your own tax situation and the applicable law as to all the federal, state, and local tax matters in connection with the benefits you received and the sale of stock. The following is only a summary of our understanding of some of the principal federal income tax considerations under present law with respect to the distribution.

The Plan is intended to meet the requirements of a qualified stock bonus plan under Section 401(a) of the Internal Revenue Code. Accordingly, certain Federal income tax rules apply to "lump-sum distributions" from the Plan.

A "lump-sum distribution" is the payment of a member's entire balance in the Plan within one year. Under the Gulf TRASOP, you will normally receive two (or sometimes three) separate payments, in different taxable years, resulting from a single termination of employment. The first payment and any additional payment received in the same calendar year are considered a lump-sum distribution. Any payments received in a subsequent calendar year are considered supplemental distributions and not lump-sum.

Since the Gulf TRASOP was not in effect before 1974 there is no long-term capital gain treatment, except that which might pertain to any gain realized by selling your stock after you have held it for the appropriate period.

(Over)

The following rules apply to your benefits from this Plan:

1. If you participated in the Plan for at least five years before the year of distribution, you may be eligible to elect to use a special 10-year averaging method in computing the tax on the ordinary income portion of your payment. To do so, you must compute the tax on Form 4972, "Special 10-Year Averaging Method." This form is available from your nearest Internal Revenue Service Office.
2. In the year that you receive your benefits, you are taxed on the total value of your benefits, including cash and Gulf stock, exclusive of the amount which represents a return of your contributions. If the distribution is a lump-sum, any shares of Gulf stock issued to you are valued at their cost to the Trustee, or to the market value of the stock at the time of distribution to you, whichever is lower. (The enclosed statement shows the cost of the shares received by you.) If the distribution is not a lump-sum, the market value of the stock at the time of distribution is taxable to you, except for the amount which represents a return of your contributions.
3. If the distribution is a lump-sum, it (exclusive of the amount which represents a return of your contributions) may qualify for a tax-free rollover to an Individual Retirement Account (IRA) if certain requirements are met. The amounts subsequently received from the IRA will be taxed in full (including unrealized appreciation on stock) as ordinary income. The distribution is not eligible for special ten-year averaging, but the standard five-year income averaging rules may be applicable.
4. If you received the benefits as the beneficiary of a deceased member, part or all of \$5,000 death exclusion may be available to you. There may also be other considerations concerning estate taxes which you should investigate. Furthermore, the member need not participate in the Plan five years to elect the special 10-year averaging method if the benefit was paid due to the death of the member.

Dear Former Employee:

We are enclosing a partial settlement of your account under the Tax Reduction Act Stock Ownership Plan (TRASOP) of Gulf Oil Corporation. This settlement contains only benefits which are currently on file as of December 31, of the year prior to the current year.

Furthermore, if you elected to participate in the voluntary contribution portion of the plan you will receive an additional settlement in approximately four to eight weeks for your contributions and matching funds.

In addition, based on eligibility, as each new plan year is added to the file, you could possibly receive additional settlements. These settlements will normally be distributed in April of each year.

We are also enclosing a settlement statement which provides Federal Income Tax Information. This statement should be retained as part of your permanent record for income tax purposes. A Form 1099-R will be mailed to you and the Internal Revenue Service in the early part of next year.

Very truly yours,

Frank R. Omasits

INTRODUCTION

This booklet has been prepared by the Organization & Personnel Department of Gulf Oil Corporation for the use of employees and annuitants in recording vital personal data and financial information so necessary in case of a personal emergency.

When an emergency occurs while you are away from home, sick or disabled, or in the event of your death, a good deal of trouble and possible financial loss can be avoided if this completed booklet is in the hands of your family or someone who can act for you and in a specific location known to them.

Since everyone's financial situation, beneficiaries, property, advisors and documents change from time to time, it is important that you review the booklet periodically and bring it up to date. And since changes occur, entries should be made in pencil for variable items.

It is suggested that you keep your latest Gulf Benefits Program Annual Statement in the envelope at the back of this booklet.

Houston, TX 77079

Dear Mr. Brunsting:

We have received your Notifications of Retirement effective July 31, 1983 under the Gulf Pension Plan.

On or about the last day of this month, you will receive (or have deposited if we have been so authorized) a check of the Gulf Oil Corporation Employee Benefit Plans Account. This check will include your regular monthly pension payment and because you have contributions under the Plan and have elected to take a fixed sum amount equal to such contributions (with interest) as provided by Section 6C of the Plan, this check also includes payment of this fixed sum in the amount of \$2,875.63. In addition to these payments, this check also contains your payment under the Special Voluntary Early Retirement Program of \$30,970.00 payable for 1983. Subject to the provisions of the Plan, and until there are changes in your deductions, each month thereafter, a check in the amount shown on the attachment to this letter will be sent you (or to your bank) covering the pension due you under the Plan.

The remaining portion of your severance benefit in the amount of \$21,670.00 will be paid to you on or about January 15, 1984.

Under the Special Voluntary Early Retirement Program all payments are considered taxable and are subject to Federal Income Tax withholding.

Your monthly checks should be personally endorsed by you. If, by reason of illness or for any other cause, you are unable to sign your name, you may endorse by mark (X). Your mark (X) should be witnessed by two persons who should then sign their names on the check and furnish their addresses.

Changes in the address to which your pension checks are mailed will be made only upon receipt of authority signed by you, by mark if necessary. This is for your protection, as well as for the protection of Gulf Oil Corporation.

8/31/83

FROM: Philip E. Lintner TO: Mr. Elmer H. Brunsting

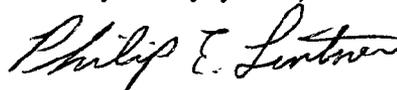

Page 2

The pension payments you receive from any of the qualified Gulf or acquired company plans are subject to Federal income tax withholding and any withholding will only apply to the taxable portion of your monthly pension payments. We will furnish you and the Internal Revenue Service with Forms W-2P annually.

Following is the tax information in connection with the Option C fixed sum payment:

OPTION A INFORMATION

With your election of Option A, you will receive a reduced pension payable during your lifetime while your joint annuitant is living to provide for a pension to be payable after your death to your joint annuitant for life, if your joint annuitant survives you. Your joint annuitant, Nelvae Brunsting, if living at the time of your death will receive a lifetime monthly pension of \$119.73 plus a spouse-pension of \$613.86 for a total monthly lifetime pension of \$733.59 under the Plan. In the event your joint annuitant should predecease you, your Option A pension shall be cancelled when the Secretary of the Benefits Committee is notified of your joint annuitant's death, but effective as of the date of your joint annuitant's death. In this event, your monthly payment under the Plan will increase from \$1,467.15 to \$1,512.61.

Gulf Oil Corporation

Gulf Building, Pittsburgh, Pennsylvania 15230

January 23, 1984

Dear Annuitant:

Gulf has just approved a \$10.00 increase in the contributions the Company makes each month to assist eligible annuitants (who do not qualify for Medicare) in obtaining medical benefits coverage.

Effective for coverage from January 1, 1984, Gulf's contributions for an annuitant (regardless of whether dependents are covered) will be up to \$161.50 per month, or up to a total of \$1,938.00 per year.

As usual, Gulf's contributions toward medical care may not exceed the actual monthly cost of coverage.

Annuitants who are members of the Gulf Medical Plan should also know that the Insured Benefits Committee has announced that new rates for the Plan will become effective on February 1, 1984.

The monthly cost to annuitants who are Plan members will be as follows (see below for explanation of January pension checks):

	<u>Monthly Plan Cost</u>	<u>Gulf Contribution</u>	<u>Annuitant's Net Cost</u>
Annuitant without dependents*	\$ 80.00	\$ 80.00	\$ 0
Annuitant with one or more dependents*	\$212.00	\$161.50	\$50.50

*assuming no Medicare coverage applies

Because the increase in Gulf's contributions for annuitants (who do not qualify for Medicare) is effective from January 1, it would normally have been applied toward the deduction made in the December, 1983 pension check for January coverage. Accordingly, a special one-time adjustment will be made in January pension checks to reflect the increased Gulf contribution.

With this latest increase, the levels of Gulf's health care contributions for annuitants (who do not qualify for Medicare) will have risen by 58% in just the last five years.

The continually rising cost of medical care affects all of us, and a special Task Force will be studying this problem during 1984 to see what can be done to keep medical benefits affordable. In the meantime, we hope that Gulf's contributions will help annuitants to pay for the cost of this important protection.

Sincerely,

James E. Lee
Chairman of the Board

Dear TRASOP Member:

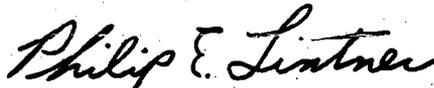

~~It has come to our attention that the dollar amount of "about \$10.03 for each \$1,000", quoted in Mr. G. M. Binigar's letter dated August 10, 1983, regarding the voluntary contribution to the 1982 TRASOP Plan Year is incorrect.~~

The fourth paragraph of that letter should read as follows:

Although the exact amounts will not be known until September 15, 1983, we estimate that your allowable contribution and Gulf's matching contribution for 1982 will each be about \$5.02 for each \$1,000 of your "covered compensation" for 1982. See page 3 of your TRASOP booklet for a description of "covered compensation".

If this reduction in the dollar amount from \$10.03 to \$5.02 for each \$1,000 of your "covered compensation" for 1982 changes your decision of whether you wish to contribute or not, please contact your supervisor or Human Resources Representative* and complete a new pledge card which should be marked "CORRECTED PLEDGE".

Sincerely,

Philip E. Lintner
Secretary, Benefits Committee

*Your local Human Resources Representatives are Mr. W. R. Shallenberger, Jr. (754-9216) or Ms. Alice A. Fritz (754-9220).

IMPORTANT

Shallenberger, Jr., Room 2418 - Gulf Tower no later than August 26, 1983. We have attached a self-addressed, stamped envelope for your convenience.

1. Be earning benefits on or after January 1 of the Plan Year under:
 - a. Gulf Pension Plan

Dear Former Employee:

A contributory feature was added to the Gulf Tax Reduction Act Stock Ownership Plan (TRASOP) starting with the 1979 Plan Year to afford you an opportunity to increase your long-term savings.

If you were a Plan Member for the 1982 Plan Year, you are eligible to make a contribution during January 1984 for the 1982 Plan Year. Gulf will match any amount you contribute dollar for dollar. You must return a signed pledge card by September 1, 1983 to be eligible to make a contribution and to receive Gulf's matching contribution for the 1982 Plan Year.

Both your contribution and Gulf's will be invested in Gulf common stock. You will have full vested rights to all of this stock and it will be distributed to you as soon as practicable after your contribution has been received in January 1984.

Although the exact amounts will not be known until September 15, 1983, we estimate that your allowable contribution and Gulf's matching contribution for 1982 will each be about \$10.03 for each \$1,000 of your "covered compensation" for 1982. See page 3 of your TRASOP booklet for a description of "covered compensation".

IF YOU ELECT TO CONTRIBUTE, YOUR CONTRIBUTION MUST BE MADE BY CHECK IN A SINGLE PAYMENT DURING JANUARY 1984.

Enclosed is a pledge card which you should sign and return in the envelope provided. If you elect to contribute, we will furnish to you, as soon as practicable after September 15, 1983, an authorization form indicating the exact amount of the contribution you can elect to remit by check during January 1984.

Regardless of whether you elect to contribute or not, Gulf will make its annual contributions ("Basic Contributions") for the 1982 Plan Year to each Member's account just as it has done for past Plan Years. See pages 3 and 4 of your TRASOP booklet for a description of Gulf's Basic Contributions.

Sincerely,

G. M. Binigar

TAX REDUCTION ACT STOCK OWNERSHIP PLAN OF GULF OIL CORPORATION

INCOME TAX INFORMATION

The enclosed computer printed form contains information that you will need for federal income tax purposes with respect to the benefits you received from the Gulf TRASOP. You should consult your personal tax advisor with specific reference to your own tax situation and the applicable law as to all the federal, state, and local tax matters in connection with the benefits you received and the sale of stock. The following is only a summary of our understanding of some of the principal federal income tax considerations under present law with respect to the distribution.

The Plan is intended to meet the requirements of a qualified stock bonus plan under Section 401(a) of the Internal Revenue Code. Accordingly, certain Federal income tax rules apply to "lump-sum distributions" from the Plan.

A "lump-sum distribution" is the payment of a member's entire balance in the Plan within one year. Under the Gulf TRASOP, you will normally receive two (or sometimes three) separate payments, in different taxable years, resulting from a single termination of employment. The first payment and any additional payment received in the same calendar year are considered a lump-sum distribution. Any payments received in a subsequent calendar year are considered supplemental distributions and not lump-sum.

Since the Gulf TRASOP was not in effect before 1974 there is no long-term capital gain treatment, except that which might pertain to any gain realized by selling your stock after you have held it for the appropriate period.

(Over)

The following rules apply to your benefits from this Plan:

1. If you participated in the Plan for at least five years before the year of distribution, you may be eligible to elect to use a special 10-year averaging method in computing the tax on the ordinary income portion of your payment. To do so, you must compute the tax on Form 4972, "Special 10-Year Averaging Method." This form is available from your nearest Internal Revenue Service Office.
2. In the year that you receive your benefits, you are taxed on the total value of your benefits, including cash and Gulf stock, exclusive of the amount which represents a return of your contributions. If the distribution is a lump-sum, any shares of Gulf stock issued to you are valued at their cost to the Trustee, or to the market value of the stock at the time of distribution to you, whichever is lower. (The enclosed statement shows the cost of the shares received by you.) If the distribution is not a lump-sum, the market value of the stock at the time of distribution is taxable to you, except for the amount which represents a return of your contributions.
3. If the distribution is a lump-sum, it (exclusive of the amount which represents a return of your contributions) may qualify for a tax-free rollover to an Individual Retirement Account (IRA) if certain requirements are met. The amounts subsequently received from the IRA will be taxed in full (including unrealized appreciation on stock) as ordinary income. The distribution is not eligible for special ten-year averaging, but the standard five-year income averaging rules may be applicable.
4. If you received the benefits as the beneficiary of a deceased member, part or all of \$5,000 death exclusion may be available to you. There may also be other considerations concerning estate taxes which you should investigate. Furthermore, the member need not participate in the Plan five years to elect the special 10-year averaging method if the benefit was paid due to the death of the member.

S.P. 2004*

**NOTICE TO RECIPIENTS OF SERIES HH AND H BOND INTEREST
IMPORTANT TAX RETURN DOCUMENT ENCLOSED**

On and after March 1, 1987, if a Series HH or H savings bond submitted for redemption is received by a Federal Reserve Office or the Bureau of the Public Debt in the month preceding an interest due date, the bond will be paid and the owner will not receive the upcoming interest payment, unless the paying office receives from the owner a specific written statement that the bond should be held until the month in which the interest is due. For example, if interest is due on a Series HH or H bond every January 1 and July 1 and the paying office receives the bond in June without a written request to hold the bond until July 1, the bond will be paid and the owner will receive no interest for the period from the preceding January 1 to the date of payment.

Paying offices will not honor instructions to hold bonds for later redemption if the bonds and written statement are received more than one month before an interest due date. For example, if interest is due on a Series HH or H bond every January 1 and July 1 and the bond is received by the paying office in September, the bond will be paid, and the owner will receive no interest for the period from the preceding July to the date of payment.

Having fun with your family is important, but nothing is more important than your children's future. Fortunately, Edward Jones can help you put together a strategy to help pay for their education. * Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Get back on track: Develop your financial recovery plan.

Today's market and economic environment may be one of the most challenging you will ever face. However, you can take control of your financial situation, and the sooner you act, the better. Talk with your financial advisor about the following steps you can take to help your financial future stay on track.

Assess your current situation and goals.

Gather all of your financial paperwork related to your savings, investments, spending, insurance, will and trusts. It's important to have a complete understanding of what you've saved and what you owe before you make any financial decisions.

Review whether changes in the market or your life have changed your financial goals. Also review your comfort level with risk. Before the market declined, people may have thought they were more comfortable with risk than they actually were. It's important to evaluate your risk tolerance and make sure your investments align with it.

Determine if you're still on track.

After reviewing your current situation, goals and risk tolerance, your financial advisor can help evaluate whether you're still in a position to reach those goals within your desired time frame. This may include reviewing your savings and spending, how you own your investments, your portfolio objective, the number of stocks you own, your fixed-income portfolio, your tax situation,* your life insurance and your estate.

Make necessary changes.

After you evaluate your financial goals and investment strategy, you should be in a position to make decisions. For example, you may decide to rebalance your portfolio, increase savings or reduce discretionary spending.

Take action today.

If you decide to make changes, commit to following through. With market values down and the potential to recognize capital losses, now may be the best opportunity in years to improve the quality and diversification of your portfolio. Your financial advisor can help you determine a course of action to help you get back on track. Call or visit today.

*Consult a tax professional before making a tax-based investment decision.

REGULATORY DISCLOSURES

Financial Statement - The firm's financial statement is available at your branch office, or a copy will be mailed upon written request.

Rights to your Free Credit Balance - We are permitted to use your free credit balances to conduct our business, subject to the limitations of 17C.F.R.240 15c3-3 under the Securities Exchange Act of 1934. You have the right to receive, during normal business operations, delivery of your free credit balances; any securities to which you are entitled and which have been fully paid; and upon full payment of any debt to us, any securities purchased on margin. You may receive interest on free credit balances, provided the funds in your account are awaiting reinvestment. If you currently maintain free credit balances in your account solely for the purpose of receiving credit interest and don't plan to invest the funds in the future, we reserve the right to stop paying interest on those balances or to take any additional necessary action with respect to those balances. Contact your financial advisor to discuss your options.

Errors or Questions About Your Electronic Transfers - For details, go to www.edwardjones.com/electronictransfer or refer to the statement cover page for our contact information.

Loan/Margin Accounts - Our Personal Line of Credit, including Write Your Own Loan checks, and Overdraft Protection are margin loans.

If you have a loan or margin account, this statement covers: your general brokerage account; a special misc. account maintained for you under section 4(F)(6) of Regulation T issued by the Board of Governors of The Federal Reserve System; a separate account for securities you have sold short.

Tax Withholding on Retirement Accounts - Federal income taxes of 10% on IRA or 20% on qualified plan distributions will be withheld unless a higher amount is elected or an IRS exception applies. State income taxes are withheld depending upon your state of residence upon distribution. Your withholding election will remain in effect until federal or state rule changes. Insufficient withholding may subject you to estimated income-tax payments to avoid penalties.

Fair Market Value for Individual Retirement Accounts - If you have an IRA, Roth, SEP or SIMPLE, your December 31st fair market value will be reported to the IRS as required by law.

Required Minimum Distributions (RMDs) - RMDs from other IRAs must be calculated separately, but the total amount may be removed from one or more of your IRAs. RMDs from qualified plans must be calculated and removed separately from each plan and cannot be part of your IRA RMD. If you turned age 70-1/2 last year, and deferred your first RMD until the current year or you have unpriced securities in this account, the RMD Summary Section is understated. Verification by a tax professional is recommended.

For equity securities, the firm monitors performance of competing market centers and dealers and routes orders to those that consistently guarantee execution at the national best bid or offer or better. Routed market orders generally are directed to market centers or dealers that offer opportunity for better prices through either automated or manual systems. For agency transactions, the name of the other broker or party to the transaction will be furnished upon written request. For agency and principal transactions, the date and time of execution will be furnished upon written request. Periodically, the firm may receive other remuneration on agency trades from other sources. Information will be furnished upon written request.

TERMINOLOGY

Total Estimated Value - The approximate value of the assets held at Edward Jones and outside companies at the statement date shown or date specified in the detail of Your Assets.

It is estimated as the prices used to value your securities are provided by an outside service and do not always represent exact market prices. Edward Jones can't guarantee the accuracy of such values; if you need the exact price, contact your financial advisor. Values for many fixed-income securities are estimates based on coupon rate and credit rating and may not represent actual transaction price. Values don't include accrued interest or dividends and for some investments don't reflect applicable charges and fees.

Your Assets Held Outside Edward Jones - Balances are provided for your information only to give an overall view of your investments with Edward Jones. SIPC coverage isn't extended to assets held outside the custody of Edward Jones. Refer to the statement received directly from these companies for details.

Tax Information for Income Distributions - Your year-end tax documents (eg. Form 1099) will provide specific classifications of your income distributions. The 2003 tax law allows Qualified (Q) dividends to be taxed at reduced rates: 15%, or 5% for individuals whose tax rates are 15% or less. Nonqualified (N) dividends are taxed at ordinary rates. Some, but not all, of Partially Qualified (P) dividends are taxed at reduced rates.

Cost Basis - The amount paid for a security, including commissions, reinvestments and original issue discount (OID) and adjustments for sales, principal returns, splits and spin offs. Some data may be unsubstantiated and should not be relied upon for tax preparation.

Amount Invested/Withdrawn - Amount invested reflects all purchases and other additions to your holdings, with the exception of dividend reinvestments. Amount withdrawn shows how much of your investment has been sold, redeemed or transferred. These figures should not be used for tax reporting or tax preparation.

Ratings and Recommendations - Edward Jones research opinions, Standard & Poors, Moody's, and Fitch's ratings may be shown for certain securities. Ratings or recommendations should not be considered an indication of future performance.

Account Activity - Entries appearing in Account Activity sections under columns headed "Where Invested" or "Sources of Funds" are additions to or subtractions from your account. For clients who maintain a money market account, entries indicating "Tax-Free Money Market" mean Edward Jones Tax-Free Money Market Fund and entries indicating "Money Market" mean Edward Jones Money Market Investment Shares or Retirement Shares depending on the share class owned. Activity dates appearing under "Sources of Funds" correspond to the sale date of the designated Edward Jones Money Market Fund. For equity securities, the firm monitors performance of competing market centers and dealers and routes orders to those that consistently guarantee execution at the national best bid or offer or better. Routed market orders generally are directed to market centers or dealers that offer opportunity for better prices through either automated or manual systems. For agency transactions, the name of the other broker or party to the transaction will be furnished upon written request. For agency and principal transactions, the date and time of execution will be furnished upon written request. Periodically, the firm may receive other remuneration on agency trades from other sources. Information will be furnished upon written request.

TERMINOLOGY

Total Estimated Value - The approximate value of the assets held at Edward Jones and outside companies at the statement date shown or date specified in the detail of Your Assets.

It is estimated as the prices used to value your securities are provided by an outside service and do not always represent exact market prices. Edward Jones can't guarantee the accuracy of such values; if you need the exact price, contact your financial advisor. Values for many fixed-income securities are estimates based on coupon rate and credit rating and may not represent actual transaction price. Values don't include accrued interest or dividends and for some investments don't reflect applicable charges and fees.

Your Assets Held Outside Edward Jones - Balances are provided for your information only to give an overall view of your investments with Edward Jones. SIPC coverage isn't extended to assets held outside the custody of Edward Jones. Refer to the statement received directly from these companies for details.

Tax Information for Income Distributions - Your year-end tax documents (eg. Form 1099) will provide specific classifications of your income distributions. The 2003 tax law allows Qualified (Q) dividends to be taxed at reduced rates: 15%, or 5% for individuals whose tax rates are 15% or less. Nonqualified (N) dividends are taxed at ordinary rates. Some, but not all, of Partially Qualified (P) dividends are taxed at reduced rates.

Cost Basis - The amount paid for a security, including commissions, reinvestments and original issue discount (OID) and adjustments for sales, principal returns, splits and spin offs. Some data may be unsubstantiated and should not be relied upon for tax preparation.

Amount Invested/Withdrawn - Amount invested reflects all purchases and other additions to your holdings, with the exception of dividend reinvestments. Amount withdrawn shows how much of your investment has been sold, redeemed or transferred. These figures should not be used for tax reporting or tax preparation.

Ratings and Recommendations - Edward Jones research opinions, Standard & Poor's, Moody's, and Fitch's ratings may be shown for certain securities. Ratings or recommendations should not be considered an indication of future performance.

Account Activity - Entries appearing in Account Activity sections under columns headed "Where Invested" or "Sources of Funds" are additions to or subtractions from your account. For clients who maintain a money market account, entries indicating "Tax-Free Money Market" mean Edward Jones Tax-Free Money Market Fund and entries indicating "Money Market" mean Edward Jones Money Market Investment Shares or Retirement Shares depending on the share class owned. Activity dates appearing under "Sources of Funds" correspond to the sale date of the designated Edward Jones Money Market Fund. Entries appearing under "Where Invested" will be transacted as a purchase of the previously designated Edward Jones Money Market Fund on the second business day after the date shown, with the following exceptions which will be transacted on the date indicated:

The third credit voucher for \$6.75 will be valid Aug. 1, 2010 - July 31, 2011. Each credit voucher may be redeemed only during its designated redemption period.

Application of Credit Vouchers - Each Authorized Current Customer is entitled to use the credit voucher to offset the following fees, charges and commissions otherwise charged to customers by Edward Jones:

Issuance and Redemption of Credit Vouchers - The following credit voucher(s) valued at \$6.74 each are available for use during redemption period two: Aug. 1, 2009 - July 31, 2010.  MAKING SENSE OF INVESTING

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

The minimum base interest rate charged on a customer loan account is now the greater of the current prime rate or 4.0%. Interest rates (which are tied to loan balances) have been increased by 0.50% on balances less than \$50,000 and 0.25% on loans \$50,000 to \$499,999. The current terms and conditions governing interest charges on your customer loan account with Edward Jones can be found at www.edwardjones.com/disclosures. Please contact your financial advisor for details.

Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	6.00%	\$183,265 *	\$183,265

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

 MAKING SENSE OF INVESTING

We may be able to lower your mortgage payment.

Interest rates are at 50-year lows, which means it may be a great time to refinance your mortgage. To determine if your monthly mortgage payments could be lower, call your financial advisor or Edward Jones Mortgage at 888-304-9242 to schedule a free mortgage review. And if you buy your first home in 2009, you may qualify for an \$8,000 tax credit. Call today, and let us help you with the details.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Could your portfolio use an upgrade?

A well-balanced portfolio is not only allocated appropriately among the major asset classes, but also properly diversified within each class. As your objectives and the markets change over time, it's important to make sure your portfolio is still properly diversified. If rebalancing is appropriate, this could be a good time to upgrade the quality of your investments. For a review of your situation, contact your financial advisor today.

MAKING SENSE OF INVESTING

A Unique Understanding of Your Financial Needs

At Edward Jones, we believe the best investment recommendations are those tailored to your specific needs. That's why we work so hard to thoroughly understand your financial situation and your goals. The following is an overview of your investment and borrowing activity with Edward Jones. Working with your financial advisor, use it to determine how we can help you meet other important financial goals. Call JOE AND DOUG WILLIAMS at 713-464-6071.

Although account information is provided on this page, it does not guarantee an actual statement was produced. Please refer to your account statement for the exact registration and more specific details regarding each account. Edward Jones statements are issued for each account holding securities in firm name with Edward Jones in March, June, September and December. Monthly statements (for months other than those previously referred to) will not be sent to you in months for which there was no activity or your only account activity is the payment of income on your Edward Jones money market account or your cash account balance.

Pay less in taxes with muni bonds.

If you'd like to reduce taxes on your investment income, consider investing a portion of your portfolio in municipal bonds. Income from muni bonds is exempt from federal income tax and, in some cases, state and local income taxes as well (but may be subject to the alternative minimum tax, or AMT). When comparing rates on muni bonds to those of comparable taxable investments, be sure to consider taxes. Ask your financial advisor if muni bonds might make sense for you.

Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	6.00%	\$186,092 *	\$186,092

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

More is not always better.

Having numerous retirement accounts in different places can make it difficult to maintain a sound retirement strategy. Consolidating your accounts to Edward Jones can help make it easier to keep track of your money and avoid multiple account fees. You can even roll your 401(k) assets to your Edward Jones IRA when you change jobs or retire. Call your financial advisor to learn how consolidating your retirement accounts to Edward Jones can make sense for you.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Change to Customer Loan Interest Rates

Effective Jan. 21, 2009, the minimum base interest rate charged on a customer loan account will be the greater of the current prime rate or 4.0%. Interest rates (which are tied to loan balances) will increase by 0.50% on balances less than \$50,000 and by 0.25% on loans \$50,000 to \$499,999. Please contact your Edward Jones financial advisor or refer to the updated Statement of Credit Terms for details.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Please refer to the important information and disclosures on the last page of this package.

Municipal bonds present opportunity.

The credit freeze and market volatility have contributed to a higher supply of and lower demand for tax-free municipal bonds - meaning the market has had to reduce prices, translating to higher interest rates. This may provide a compelling buying opportunity, enabling investors to lock in attractive rates. For more details, ask your financial advisor for a free copy of our new handout, "Opportunity in Tax-free Municipal Bonds."

A Unique Understanding of Your Financial Needs

At Edward Jones, we believe the best investment recommendations are those tailored to your specific needs. That's why we work so hard to thoroughly understand your financial situation and your goals. The following is an overview of your investment and borrowing activity with Edward Jones. Working with your financial advisor, use it to determine how we can help you meet other important financial goals. Call JOE AND DOUG WILLIAMS at 713-464-6071.

Spring ahead.

Most clocks will soon "fall back" to standard time, but now is also a good time to "spring ahead" by planning for the April 15 tax deadline. For example, if you sold securities this year, make sure we have your cost basis information. And if you're age 70-1/2 or older, be sure to take your required minimum distribution (RMD) from your retirement plan by year-end. Ask your financial advisor for more information on year-end considerations that can make next April easier.

Loans and Credit	Account holder	Account number	Balance	Interest rate	Approved credit	Available credit
Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	6.50%	\$215,594 *	\$215,594

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

A Smart Idea for Holiday (and Everyday) Spending

Did you know there's a credit card that may help you save for the future? With the Edward Jones credit card, you can earn cash back that you can invest into your Edward Jones account. That means your holiday and everyday purchases can help you meet your long-term financial goals. Call today for details or to apply.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Please refer to the important information and disclosures on the last page of this package.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Is inflation making a comeback?

Soaring prices for gas, food and other commodities have many people worrying. Is higher inflation around the corner? Here are answers to that question and others about the economy.

Q. Is inflation on the rise?

A. Yes. Driven largely by increases in food and energy prices, the inflation rate has increased from historically low levels to 4.2% as of May 30, 2008. Core inflation, without food and energy prices, has remained low, ending May at 2.3%.

Q. Why look at inflation figures without food and energy prices?

A. Core inflation is considered a better indicator of long-term trends because it removes the more volatile food and energy prices. It also tells us if food and energy prices are affecting the rest of the economy and, therefore, the overall inflation rate.

Q. Will we get any relief from higher oil prices?

A. We may have to get used to higher prices for a while, but we're skeptical that oil prices can only rise going forward. Oil prices have risen because global economic strength has led to strong demand, and supply hasn't kept pace. The weakening U.S. dollar also contributed to rising oil prices for our country.

Q. What if the dollar reverses course?

A. Given the dollar's current value, along with the fact that the Federal Reserve may no longer need to cut interest rates, the dollar could easily reverse course. A stronger dollar would lead to lower oil prices. If global economic growth continues to slow and the dollar turns around, we could see a substantial price drop for commodities such as oil.

Q. Should we be concerned about rising prices?

A. We understand this concern. But remember, over the long term, inflation has always been with us. It's averaged 3% over the past 80 years. That means everything you buy today could cost twice as much in 24 years. We believe the solution to rising prices is to own investments that offer the potential for rising income.

Q. What if we're wrong?

A. It's always a possibility. But that's why you should diversify.* A diversified portfolio of quality investments, including those with potential for rising income, is in our view the best way to help keep up with the rising cost of living.

Call or visit your financial advisor today to help determine if your investments are appropriate given today's economy, your current situation and your goals.

*Diversification does not guarantee a profit or protect against loss.

Effective July 1, 2008, Edward Jones will add the following provision to our fee schedule: If a client transfers out a non-retirement account and still owes the \$50 transfer-out fee, or the cash or money market fund balance is insufficient to cover the fee, Edward Jones may liquidate securities in the account to cover it. * Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Are you paying more than you need to for your home?

When you obtained your mortgage, the lender set the terms based on rates and your financial strength. Do you look the same today? Have rates changed? As with your investments, it's a good idea to review your mortgage every now and then. To make sure your current mortgage is still appropriate or determine if your monthly payments could be lower, call your financial advisor or Edward Jones Mortgage at 1-888-304-9242 to schedule a free mortgage review.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Dividend-paying stocks can be an all-around good investment.

Stocks with the potential for increasing dividends not only can help you keep pace with inflation, but also can save you taxes. Depending on your tax bracket, qualified dividends are taxed at 15%, at the most. Call today to explore which dividend-paying stocks might make sense for you. (Dividends can be increased, decreased or eliminated without notice. The tax advantages of dividends will expire on Dec. 31, 2010, unless extended by Congress.)

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

There's more to municipal bonds than meets the eye.

When it comes to federal tax-free municipal bonds,* or "muni" bonds, there's more to consider than just the stated interest rate. Muni bond income is exempt from federal income tax and, in some cases, state and local taxes, as well. When comparing muni bond rates to those on taxable investments, be sure to take taxes into consideration. Muni bonds can add quality, diversification** and preservation of principal to your portfolio. Ask your financial advisor if muni bonds make sense for you. *May be subject to state, local and alternative minimum tax (AMT). ** Diversification does not guarantee a profit or protect against loss.

 MAKING SENSE OF INVESTING

It's time to reflect.

At this time of year, many of us reflect on the past and make plans for the future. While you're reflecting, how long has it been since you reviewed your insurance policies? Regular reviews help make sure policies are performing as expected and your premiums are still competitive. It's also important to ensure that you have the appropriate types and amounts of coverage. Call today for a complimentary review.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Reduce paperwork and keep better track of your investments.

When it comes to your finances, keeping track of all the paperwork can be a challenge. One way to reduce the number of forms you receive is to consolidate your investment accounts to Edward Jones. Of course, that's just one benefit of account consolidation - it also gives you one-stop access to all your accounts, helping you track your progress toward your financial goals. Talk to your financial advisor about it today.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Have rate cuts thrown you off balance?

After the Federal Reserve's recent cuts on short-term interest rates, it may be time to review your fixed-income investments. * Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Set the right course to reach your goals.

Investing is about more than just making money: It's about achieving specific financial goals and providing for yourself and your loved ones. At Edward Jones, we dedicate all of our knowledge to help you develop and carry out strategies to reach those goals.

The Hierarchy of Financial Needs

You probably want to achieve a variety of financial goals. The key is to have a road map to help you reach them. Using a logical, systematic approach based on a hierarchy of financial needs, we can determine where to begin, follow your progress and then work to stay on track.

First Things First

Your first step is to take care of the basics. These include buying a home and having money or assets you can get to quickly - for an emergency or a large expense, for example. You'll also want to have the right types and amounts of insurance to help protect what you've worked so hard to build.

Taking the Next Steps

After a strategy to meet basic needs has been established, you can start working toward your other goals, such as saving for retirement or funding your children's or grandchildren's education. In addition, you may want to establish a wealth transfer strategy to benefit your heirs and any charitable organizations you wish to support.

Mapping out your life now and visualizing what you'd like it to look like in the future can help you avoid potential bumps and detours. For help prioritizing your long-term goals and setting a course to help reach them, call your financial advisor today.

Don't come up short when the Fed cuts interest rates.

The Federal Reserve recently cut short-term interest rates for the first time in four years. Although interest rates on short-term investments may have declined, long-term rates haven't changed much. For the potential to lock in better interest rates, you may want to focus more on long-term investments within the fixed-income portion of your portfolio. For a personal review of your situation, contact your financial advisor today.

Keep the holidays and "every day" in your long-term strategy.

Your everyday spending and saving habits are an important part of your long-term financial outlook. With the holidays approaching, spending becomes an even bigger issue. Let us show you how every dollar you spend on purchases can come back to you in the form of cash, travel, merchandise and more. Call today for details.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account which could change daily. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount borrowed and will begin to accrue from the date of the loan and be charged to the account. A minimum account value is required if you have loan features on your account. Call your financial advisor today.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

Some investments may be allocated to more than one investment category based upon estimates by Edward Jones or objectives outlined within the fund's prospectus. Actual allocations change over time and can differ significantly.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Please refer to the important information and disclosures on the last page of this package.

* Your Approved credit is not a commitment to loan funds. It is based on the value of your investment account. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount you borrow and will begin to accrue from the date of the loan and be charged to the account. Available only on certain types of accounts. Please call your financial advisor to see if you qualify.

Keep your long-term perspective.

The stock market's record-breaking performance this year has many investors wondering what it all means.

The Dow Jones Industrial Average reaching 13,000 is significant. Considering everything our nation has been through over the past few years - 9/11, recession, war and a tripling of oil prices - the market's performance is proof that our economy is resilient in spite of the challenges we've faced.

So what does that mean to your investment strategy? There's no way to predict a market decline; it can happen at any time for any reason. The key is to be prepared both mentally and financially. Make sure the investments you own today are the same ones you would want to own during the next market decline.

Quality investments are like tennis balls: They are more likely to bounce back after a correction. Speculative investments are like eggs: When they drop, they just make a mess. We believe those investments should be sold today. For more information, view our latest video on stock market investing at www.edwardjones.com, under "Edward Jones Perspective."

A Mother's Day Gift for the Future

On Mother's Day, we take time to recognize the women who have given us so much. However, many women don't take enough time to care for themselves, especially when it comes to finances. With longer life expectancies and generally less income than men, women can find saving for the future more difficult. A solid investment strategy is essential, and the time to start is now. Contact your financial advisor today.

Loans and Credit	Account holder	Account number	Balance	Interest rate	Approved credit	Available credit
Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	9.75%	\$277,592 *	\$277,592

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount you borrow and will begin to accrue from the date of the loan and be charged to the account. Available only on certain types of accounts. Please call your financial advisor to see if you qualify.

Edward Jones[®]
 MAKING SENSE OF INVESTING

Edward Jones is with you, all the way home.

You know Edward Jones is here to serve your investing needs, but we also understand that there are many other activities and decisions that impact your finances. For instance, what are you currently paying on your mortgage? Are you planning an upcoming home remodeling project? Are you looking to purchase a vacation home? Your financial advisor can help ensure that your home financing decisions align with the financial goals you are working to achieve.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your financial advisor can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

All income is not created equal.

A well-diversified* portfolio includes the right mix of investments to provide all three types of income: variable, reliable and rising. How your portfolio should be divided among the three types depends on your individual situation. Call your financial advisor to discuss your personal needs and ask for a copy of our recent strategy report, "Take More Interest in Your Income."

* Diversification does not guarantee a profit, nor does it protect against loss.

Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	9.75%	\$261,320 *	\$261,320

* Your Approved credit is not a commitment to loan funds. It is based on the value of your Investment account. The amount you may be eligible to borrow may differ from your approved credit. Borrowing against securities has its risks and is not appropriate for everyone. If the value of your collateral declines, you may be required to deposit cash or additional securities, or the securities in your account may be sold to meet the margin call. The interest rate will vary depending on the amount you borrow and will begin to accrue from the date of the loan and be charged to the account. Available only on certain types of accounts. Please call your financial advisor to see if you qualify.

When you register a security in firm name, Edward Jones becomes the custodian of the security and manages the day-to-day responsibilities associated with it. Although you no longer physically hold the certificate, you retain control of the security. You decide if and when to sell it and whether to take dividends or reinvest them. By investing in tax-free municipal bonds, you can receive a stable, predictable source of income free from federal (and possibly even state and local) taxes. Call your investment representative to learn if tax-free municipal bonds make sense for you. They are insured as to timely payment of principal and interest yet insurance does not eliminate market risks. They may be subject to state and local taxes and the alternative minimum tax (AMT) and are subject to availability.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your investment representative can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Money coming due? Understanding your options before reinvesting makes sense.

If you'll be receiving money from a maturing investment, you'll have some investigating to do. Instead of automatically rolling your money over, consider other investments -- and their potential rates of return -- to help make the choices that are best for you. Contact your investment representative for information and advice.

 MAKING SENSE OF INVESTING

Enjoy cost savings and become better organized with CFO.

Edward Jones' Complete Financial Organization (CFO) is a package of services that can help meet your saving and investing needs. Billed at \$100/year, CFO offers electronic bill payment, covers annual fees for two IRAs, allows reinvestment of 100% of dividend amounts and provides both debit and credit cards. Contact your investment representative to see how CFO can make sense for you.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your investment representative can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Please refer to the important information and disclosures on the last page of this package.

Are your employer-sponsored retirement plan assets appropriately diversified?

Because diversification can be a strategy that can help you smooth out investment ups and downs, it's the best strategy we know for helping you manage investment risks. Of most importance is that your employer-sponsored retirement plan assets be well-diversified in relation to your overall portfolio holdings and additional investment accounts. Of course diversification doesn't guarantee a profit nor prevent losses in a declining market. Contact your investment representative to learn more.

Interest rates are changing. Bond laddering may make sense.

As long- and short-term interest rates move up and down, bond laddering can become an important strategy within your portfolio. Buying several bonds with a variety of maturities (called bond laddering) can help you manage interest rate volatility. Contact your investment representative to see if bond laddering makes sense for you.

Do corporate bonds make sense for you?

Interest rates on many of today's corporate bonds are attractive. If you're looking for income from investments, talk with your investment representative. Incorporating quality, investment-grade corporate bonds of varying maturities (a strategy called bond laddering) into your portfolio may make sense. Remember that diversification is a key component of investing success and that your portfolio shouldn't be over-weighted in any investment type. Diversification does not guarantee a profit nor does it protect against loss.

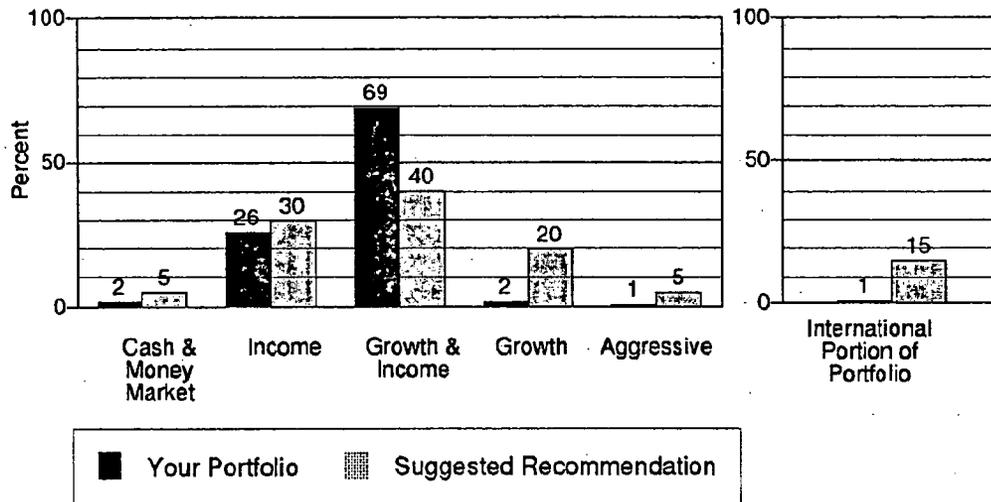

Loans and Credit	Account holder	Account number	Balance	Interest rate	Approved credit	Available credit
Amount of money you can borrow	ELMER H BRUNSTING	609-07698-1-8	\$0.00	9.75%	\$227,626 *	\$227,626

* Your Approved credit is based on the value of your investment account. The amount you may be eligible to borrow may differ from your Approved credit. Please call your investment representative to see if you qualify. The interest rate will vary depending on the amount you borrow.

LOOKING TO BORROW?

You already know the importance of investing in order to reach your long-term goals. But it's equally important to talk with your investment representative about upcoming purchases, expenses or opportunities, because in many instances, borrowing makes sense. Your investment representative can help you evaluate your alternatives and make an informed decision about today's needs, without losing sight of your plans for tomorrow.

Are you taking advantage of asset allocation?

The Value of Asset Allocation

Asset Allocation refers to the way you spread your investments among various investment categories. Proper asset allocation can help you better work toward your long-term financial goals. Edward Jones has developed suggested allocations for various Portfolio Objectives based on investors' circumstances.

This graph compares your Edward Jones investment and retirement account(s) investments to your Portfolio Objective. Through a comprehensive portfolio review, your investment representative can help you assess your financial goals, select an appropriate Portfolio Objective and identify the specific investments that should be included in your portfolio based on your specific situation. In addition, adjustments to your asset allocation will be influenced by your unique circumstances, including risk tolerance, time horizon, tax considerations and future investment or distribution needs.

(This graph includes all the assets in accounts listed under "A Unique Understanding of Your Financial Needs" on page 1 of this statement.)

We hope this overview of your relationship with Edward Jones provides useful information as you consider your financial decisions. Information reported from this point forward is specific to your individual investment and/or retirement account(s).

Please refer to the important information and disclosures on the last page of this package.
